Mrs. A. W. Berger
19702 Crestknoll Dr.
Yorba Linda, Ca.
92686

Dear Mrs. Berger:

It was a great pleasure talking to you.

It's amazing how this family research work just keeps going. Everytime it seems like the end of the line something comes up and there's much more.

Congratulations on your accomplishments in this respect. Good digging.

As I mentioned on the phone I'm not a digger but an organizer. (Also not a typist) Presently I'm just trying to collate what others have dug up.

Enclosed are the source documents I've been able to secure plus a part of the documentation.

A and B are reunion documents from Roy L. Orndorff
C is a family tree from Roy L. Orndorff
D, E, F are from books in the Library of Congress

Also enclosed is the tree to date and a copy of the general information sheet which exists for each person in the tree. If any of this is not clear just write and ask.

GOALS:

If possible I'd like to add as many people to the tree as possible first; correct current errors in the tree (the tree refers to the computer list - in case I haven't been clear) and then fill in the details with the personal data forms. Therefore any information in this respect is greatly appreciated.

Just send me a bill for any costs you incur and I'll reimburse you. It's the least I can do for the work you've done.

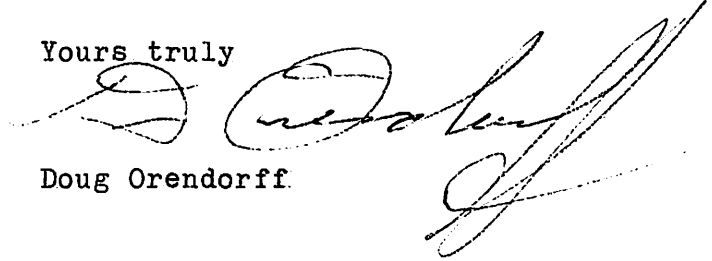

Secondly, how does one get the book 'THE CHRISTIAN OHRNDORF FAMILY IN GERMANY'? How accurate is this work?

What are the major errors in 'From Millwheel to Plowshare'?

How about the reunion booklets?

I look forward eagerly to communicating with you further.

Yours truly

A handwritten signature in cursive script, appearing to read 'Doug Orendorff', written in black ink. The signature is fluid and somewhat stylized, with a large initial 'D' and a long, sweeping tail.

Doug Orendorff

165 Nightingale St.

JAN 5/81

Dear Cammy:

Hello! I've finally put your information in the tree index. I've enclosed the new version of the tree index along with a photocopy of your "Family Group Sheets".

If you look closely at your Group Sheets you will see I've coded each person with ~~the~~ code I use in the tree index. This should provide an easy ~~ix~~ cross index to check that I've entered your information correctly.

By the way, thanks for the information. It was mostly new to me.

QUESTION: One of your "Group Sheet" families I've coded as branch 12. That is, a new branch. Is this really a new branch or is it part of an existing one? Is it related to branches 04 or 05?

In case you haven't noticed I've changed my address. The phone number is 613 824 5246 (that's 5246 - pardon the typing but I dislocated my shoulder and its slow to heal.

If possible at the risk of being unfair could you reply to the following questions as soon as possible? The reason for my rush is that I have access to the computer for only 4 more months. Eventually I will have my own but until then work on the tree will be slow. - eventually means

However any information I get by April I can process immediately and send you a copy.

within a year!

The questions are:

- do you have any other family sheets - scribbled is great for now; send me a bill for the photocopies
- which branches of the family have you information on? how much?
- what other researchers do you know?
- do you have a contact in family branches 01, 03, 05, 07 09, 11 or 12?

Thanks a lot. Either way I'll keep in touch with you as I gather more information.

Doug Orendorff

KEY TO "ORENDORFF FAMILY TREES"

Each line contains the individual's code, and name, year of birth and death and potentially an * indicating individual has descendants.

NOTE: The * codes are not complete.

Between each generation there is a line of equal (=) signs. Between each family within a generation there is a line of dashes (-).

The codes are hierarchical and segregated by tree number. Thus my code is 4ACAECDEA so I am in tree 4; I am the first child of 4ACAECDE; my father was the fifth child in his family.

This tree is compiled primarily from (B) enclosed. Tree 2 also includes information from (C) (from ROY L. ORENDORFF). Tree 3 also includes information from "FROM MILLWHEEL TO PLOWSHARE". Tree 4 includes my research (verbal).

? in a code mean exact parentage not clear. These are from (B).

Any questions just write or call (obviously this is your copy) I EXPECT CONSIDERABLE UPDATES OF THIS TREE!

PREFACE
