Dear Mrs. Berger,

I am sending you a draft copy of my compilation of information on the descendants of Johannes (John) Diffendall. So far I have included only the first four generations. I have not yet entered the reference citations or verified all the data. Also, there are some early Diffendalls, like Simon and David, whom I can't place at all.

I hope you will comment on the listing and let me know of any errors or additions, including later generations. I hope to be able to do further research on this line soon. When I have additional information I will let you know, if you would like me to do so.

I look forward to hearing from you soon. With best wishes,

Sincerely,

Joyce P. Davis
