## INTRODUCTION

The following group sheets represent ORNDORFF families who have originated or settled in the ADAMS CO., PA and CARROLL CO., MD area.

This research is still continuing and these sheets do not represent a finished product but work-in-progress. They are presented here in order to be of help to anyone else doing research on these families and hopefully to solicit additions and/or corrections to this information.

Much of the reference to sources can be found on the sheets themselves. There are numbered references opposite records referring to the section in the upper left hand corner. If anything is unclear, please contact the compiler for clarification.

There are many references to two items which I would like to explain further at this point.

DWO LEDGERS or (DWO): These are ledgers kept by a man named Darius White Orendorff who lived in Illinois in the 19th century. He was very interested in the family history and organized a number of reunions of Orndorffs from all parts of the country. Many records were collected at this time and he published a number of books. This information is very valuable and contains some names and dates not available from any other source. Information given by families about their contemporaries was particularly good. However, there are some errors and some confusion about earlier generations. This information should be verified from other sources.

DESCENDANT CHART  
GUILLETTA B. (ORNDORFF)  
COFFIN:

As a young girl, Guiletta attended one of the Orendorff Reunions in 1886. She then compiled a list of descendants of her (and my) immigrant ancestor in so far as she could determine. I have this in my possession. This also includes Peter Orendorff's alleged brother Conrad although our family didn't know if he left any descendants. The chart is entitled "Descendants of Conrad and Peter ORNDORFF" It contains many lines down to the 4th, 5th and a few of the 6th generation.

On the following pages is an explanation of the different sections of the notebook. The compiler would greatly appreciate any information that anyone cares to contribute to this collection. There are probably some errors on these sheets and would appreciate help. Please contact:
