Dear Sirs:

Can you tell me if my Mother's uncle is buried in your cemetery? His name is George "Frank" Murray, He was born October 27th, probably in the 1890's. I am told he died at what was the Sawtelle Veterans Hospital, which I suppose is now the Veterans Affairs Medical Center-West LA, in the mid 1950's.

Any information you can give me on his death and burial will be appreciated. If there is a charge, I am willing to pay it. I am also enclosing a stamped self-addressed envelope for your convenience.

Very truly yours,

(Mrs.) Eleanor Evans Borkenhagen

Locating Veterans' Gravesites

- The U.S. Department of Veterans Affairs' (VA) National Cemetery Administration (NCA) can provide limited burial location assistance to family members and close friends of decedents thought to be buried in a VA national cemetery. No form is required to request this information and no fee is charged.
- We **do not** have burial locations of persons buried in cemeteries other than VA's 115 national cemeteries. Our burial records **do not** contain any personal, military or family information on the decedents. The Privacy Act does not allow us to provide the address or phone number for the next of kin listed on our burial records. We are only able to tell you if the individual is buried in a VA national cemetery and where.
- Upon request, NCA personnel will research our records to determine if a decedent is buried in one of VA's national cemeteries. We cannot search for large groups on the basis of surname, military unit, war period or place of residence. A request can include up to ten specific names. The date of death is required for each decedent.
- To request a burial location search, please provide the following information on each individual:
 - Full name, including any alternate spellings;
 - Date and place of death;
 - Service number;
 - Social Security number; and,
 - Military service branch.
- Most requests take approximately four weeks for a reply. Be sure to include your mailing address and phone number with your request and send it to:
