Dear Fred:

I am writing to you because I have spent the last 8 years trying to do New England genealogical research from Virginia. It was a very frustrating process and now that I am back in Massachusetts, I have decided to make life easier. I am starting the New England Surname Exchange in an effort to form a network of genealogical researchers throughout the United States who are interested in New England families.

If you are interested, you may register as many of your New England surnames as you wish at no charge. With each surname, please include the N.E. state or states in which you are interested. For a limited time only, I will send you 1 free list of other researchers interested in the surname of your choice for every 2 surnames you register. Of course, if you have only one surname to register, you will receive that surname list free.

At any future date you may register additional surnames free, and receive an updated researcher list of any surname for only \$1.00. I hope that this will assist you and others in solving some of your tough New England ancestor problems.

Please be patient and allow at least 8 to 10 weeks for your free lists. I promise results as soon as possible. Also please enclose a large self-addressed, stamped envelope. Looking forward to hearing from you soon.

Sincerely,

Karen Proctor

(future checks should be made payable to Karen Proctor)

NESE Guidelines

1. Please always include a self-addressed, stamped envelope (SASE). This is more likely to ensure that you will receive a reply.
2. Be ready to pay for any copying costs. Arrangements should probably be made in advance between you and the other exchange member so that no misunderstandings occur.
3. Please inform the Exchange of any changes in address so that we can keep our records current.
4. If you decide not to participate any longer, please inform the Exchange immediately, so that we can remove your names from the roster. This will avoid unwanted correspondence for you and frustration for other members.
5. Don't get discouraged if early responses are not the ones you hoped for. Remember, genealogical research is frequently trial and error. Don't give up. We'll do everything possible to help!!

Dear Karen Proctor,

I am answering, at long last, your
1986 letter to me about a New England
Surname Exchange. Are you still operating
this exchange. I would like to join it
but need to know the cost now and
what format you ~~have~~ need on the surnames.
Date, residence.

Enclosed is a S.A.S.E.

I will be looking forward to your reply.

Sincerely,

Fred R. Lantzy

The New England Surname Exchange was started in 1986 as a means of forming a network of genealogy enthusiasts throughout the United States who are interested in researching New England surnames. The concept is simple: You may register as many of your New England surnames as you wish - FREE. Simply send them to me in the form shown below.

Surname:
State or states of interest:
Your name:
Address:
Address:
Add'l info:

For \$1.00 per surname + a large self-addressed, stamped envelope, you can receive a printout of others registered with the Exchange who are researching the same surname. This way you may exchange information and clues with others, making everybody's search more productive. It may help fight against duplication of effort - someone may already have done the research you are interested in. You should be willing to pay photocopying costs.

I have also put together a master list of all surnames registered with the exchange. Because of the time involved in keeping this list current, I must charge \$3.75 per list. Please always include a self-addressed, stamped envelope with your correspondence.

Good luck in your genealogical endeavors, and I look forward to hearing from you soon.
