VITAL RECORDS OF YORK, MAINE

Communicated by LESTER MACKENZIE BRAGDON, A.B., LL.B., of York, Maine.

The Town of York, Maine, successively known as Agamenticus, Bristol, Gorgeana and York, settled about 1630, and incorporated as a town in 1652, is situated in the southern part of York County. A portion of the town was set off to South Berwick in 1834.

The contributor of this material was Town Clerk from 1929 to 1935, and during his term of office copied all existing vital records of the town to 1 Jan. 1892, the date when compulsory recording became effective in Maine.

Book 1 or A

The original, which is the earliest existing record of births in York, is a book bound in full leather, measuring approximately 14- $\frac{3}{8}$ inches high by 9 $\frac{1}{2}$ inches wide by 2- $\frac{3}{16}$ inches thick. The spine is marked "... Records Vol 1 1646 to 1724." From the front, the paging runs from 4 to 422, both inclusive, and contains land-grants, etc., commencing with land laid out to John Dill's heirs, 15 March 1721/2, and ending with land laid out to Isaac Provinder, 29 Jan. 1721/2. From the other side of the book, on pages numbered from 423 to 515, both inclusive, but excepting pages 452 to 485, inclusive, are found records of town meetings, ending with the meeting of 9 Oct. 1721. Pages 452 to 485, both inclusive, but excepting page 469, contain early records of births, which were not made contemporaneously, as they occurred, but during enumerations by the Town Clerks. These are reproduced as nearly verbatim as possible in the following copy. The sign "#", when used in the original, apparently indicated that the individual whose name was thus marked was dead before the enumeration was made. The use of the square brackets "[-]" indicates a mutilation of the original, and the matter within

the brackets has been supplied by the copyist as his best judgment as to the missing words or letters. The late George F. Plaisted, when making a copy of the vital records prior to 1892 for the town, called this "Book A". Page 469 contains a record of marriages performed by Capt. [Abraham] Preble, and is thus the only existing record of marriages in York prior to 1724.

Census-1906

The population of the Towns of York and Kittery has been arranged in families where that arrangement has been possible. In these families, in addition to the resident living members, the names of the non-resident members are included. It should be borne in mind that this plan does not include the names of all former residents of this town, as the names of the non-residents appear only when one or both of the parents are still living in the town. After the name of each non-resident will be found the present address, when such address has been given to us. Non-residents are indicated by the (*).

When a daughter in a family has married, her name taken in marriage appears after her given name in parenthesis, the name preceded by a small m, thus: (m).

Following the names of the population is the occupations. To designate these we have used the more common abbreviations and contractions, as follows: Farmer—far; carpenter—car; railroad service—R R ser; student, a member of an advanced institution of learning—stu; pupil, a member of a lower grade of schools (including all who have reached the age of five years)—pl; housework—ho; laborer—lab; physician and surgeon—phy & sur; clergyman—clerg; merchant—mer; teacher—tr; blacksmith—blk; clerk—cl; bookkeeper—bk kpr; lawyer—law; mechanic—mech; machinist—mach; engineer—eng; maker—mkr; worker—wkr; work—wk; shoe shop work—shoe op; cotton or woolen mill operatives—mill op; weaver—weav; spinner—spin; electrician—elec; painter—ptr; carriage work—car wk; dress maker—dr mkr; insurance—ins; traveling salesman, or commercial traveler—sales, or coml trav; music teacher—mus tr; teamster—team; general work—genl wk; mariner—mar; employ—emp; retired—retd; apprentices in the Navy yard are distinguished by app, and helpers, by h after the occupation.

Census taken during December, 1905 and January, 1906, by F. E. Daggett, Topsham; F. C. Holt, Norridgewock, P. I. Lawton, Auburn; and Geo. A. Sawyer, Auburn, Me.

Dear Sir:

Yesterday I was talking to my brother Richard on the phone and he informed me that he had heard from you and thinking that you are a relative of ours. There are very few Bersig's that I know of and they are all probably back east there with the exception of myself.

My grandfather was Daniel Paul Bersig and he married Mary Martin. They had one daughter Mable whom I think was the oldest, a son Paul and George and my father Lawrence John Bersig. I don't know what happened to Paul nor how many children he has but I know that he had one daughter.

Aunt Mable migrated to New York with her husband Frank Ayers and they had one daughter Mildred who is married and still living in New York.

Uncle George also went to New York and as far as I know had three daughters.

I only hear from Mildred once a year which is a Christmas card. She married a wonderful man Arthur ~~Svenson~~ Swenson and has two boys.

My father married Bridget Hogan and had myself, James Daniel, Theresa Lorraine, Robert Joseph

and Richard Albert.

I can't think of anything more but if you have any questions that I may be able to answer please ask.

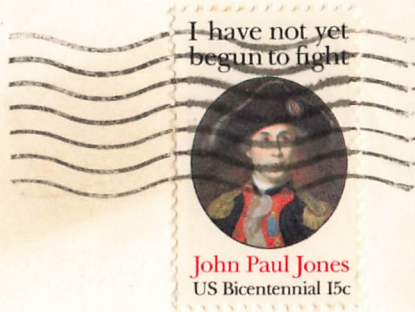

I would appreciate hearing from you to see if we really are related. I hear nothing from the Berings and little from the Hogans.

Sorry that your letter is so long in coming but my brother is not a writer, I never get a letter just a phone call now & then.

Sincerely

John Lawrence Bering

In 1850 Census Records - Geo. Earnst - The brother Joseph mentioned
in above deed ~~was~~ had household as follows:

Benj. F. 1833 Hannah J. 1835 Anson L. 1861 Carria M. 1864

George (?)A. 1867

Note difference in years of births. Mr. Earnst apparently figured
these dates from ages on censuses which ^{may} differ because of time
of year census taken.

Regarding date of death of Mary A. dau of Sumner & Patience - I copied
these dates from cem. markers and could easily have mistaken ~~the~~ 1856
for 1850. According to her age at time of death the year 1856 would be
correct.
