DESCENDANTS OF ROBERT PORTER

* A1 ROBERT PORTER, b. about 1612 in England, reported in family lore to be the son of a Puritan minister who, on account of his nonconformity, was ejected from the Established Church. We find no record of our Robert's passage but he was an original proprietor at both Hartford and Farmington in 1640, so presumably he was in the colonies a year or two before that. He was later an original proprietor at Waterbury (1672) where he died and is buried. An inventory of his goods was taken 18 September, 1689. He must have died in the two or three weeks previous.

Robert was primarily a farmer, but was active in civic and church affairs. He was one of the original seven men who organized the Church of Christ in Farmington, on 13 October, 1652. He was a man of good judgement, often chosen to inventory estates and witness wills. On 5 March, 1656 he was confirmed Constable of Farmington. The family farm was held in the family for many generations.

m.1 Mary Scott, 7 November, 1644, daughter of Thomas and Ann Scott. She was b. in England; d. before 1689. (SCOTT: see Miller, 1985, Some Desc. of Robert Porter)
