

SANDY CREEK VITAL RECORDS

The vital records presented here were read into a tape recorder from the original register books in the Town Hall of the Town of Sandy Creek, Oswego Co., New York on 26 Sep 1989, with the cooperation of Margaret Wing, Town Clerk. Due to background noise problems with the first recording, the records were rerecorded on 28 Sep 1989. Some additions and corrections were made at that time.

Marriage records start with 31 May 1881, deaths with 21 May 1885, and births with 14 Nov 1885. Most of the important ancestral events occurred before these dates and are not recorded. Seth Porter died on 19 Apr 1885, just a month before the first death record.

A printout of the above records was checked against the register books on 5 Nov 1992. Errors were marked up on the printout, and additional records were read into the tape recorder. The tables below reflect the 1992 corrections and additions.

Rechecked, corrected, made a few additions 6-7-94

Register of Births in the Town of Sandy Creek,

SANDY CREEK VITAL RECORDS

The vital records presented here were read into a tape recorder from the original register books in the Town Hall of the Town of Sandy Creek, Oswego Co., New York on 26 Sep 1989, with the cooperation of Margaret Wing, Town Clerk. Due to background noise problems with the first recording, the records were rerecorded on 28 Sep 1989. Some additions and corrections were made at that time.

Marriage records start with 31 May 1881, deaths with 21 May 1885, and births with 14 Nov 1885. Most of the important ancestral events occurred before these dates and are not recorded. Seth Porter died on 19 Apr 1885, just a month before the first death record.

10/10/10

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

2. The second part of the document outlines the specific requirements for record-keeping, including the need to maintain original documents and to ensure that all records are properly indexed and filed. It also discusses the importance of regular audits and the need to keep records for a sufficient period of time.

3. The third part of the document discusses the consequences of failing to comply with these requirements. It notes that failure to maintain accurate records can result in severe penalties, including fines and imprisonment. It also discusses the potential damage to the reputation of the organization and the loss of trust from stakeholders.

4. The fourth part of the document provides a summary of the key points and offers some practical advice for ensuring compliance. It emphasizes the importance of a strong internal control system and the need for ongoing monitoring and improvement.
