Warren/Stokes Family Reconstruction

NOTE: These reconstructions are ongoing, and are revised as new information is discovered or deduced. They are correct to the best of my knowledge as of the date above, but are subject to revision. The numbers in parenthesis following census age groups are my best guess as to their ages in those years. These numbers may be derived from census data presented here or from other sources.

Name	Born	Sex	Stark, OH	Stark, OH	Dover, OH	MI	MI	MI	MI	MI
			1820	1830	1840	1850	1860	1870	1880

Lovisa	1833	F				18 (m. rec.)	23 Hi			

Sarah Warren's marriage to William Austin 2 Oct 1841 in Cuyahoga Co., Ohio is inconsistent with the above reconstruction. She would have been 10 years old. Unless they lied, the Sarah Warren in the marriage record was over 18 in 1841 and would have to have been born in 1813 or earlier. Daniel and Matilda were not married until 18 December 1817.

Lydia Warren's marriage to Clark Fox 3 January 1839 in Dover Twp., Cuyahoga Co., Ohio is consistent with the above reconstruction. However, the 1840 census for Dover Twp. is inconsistent. L[ydia?] Warren (ae 20-30) and a male (15-20) are the only occupants of the L. Warren household. The Clark Fox household, immediately preceding the L. Warren household, has 5 males and 4 females; none of the males is in the 20-30 age group to be consistent with Clark being 35 in 1850.
