(only Shakley in Will & Estates book)

So, she wasn't only a child when Thomas H. was born, she was 20. I found no marriage for Harley Russell and Lula Pearl Shakley; I checked up until after Thomas was born. It is possible that they got married in Medina county, though. I also checked for the marriage of Harley Russell and Golda Totten and I didn't find it. Were they married in Wayne County, or did THEY go to Medina County?

I checked the files for a Bastardy case under Russell and under Shakley and there wasn't anything in the file to indicate that there had been any trial. Neither name was mentioned in the index in the time period of 1893/94.

I found this listing in the 1880 census and it seems obvious that Rose P. is indeed Lula Pearl. With a name like that, I'd change it to Rose too! I checked on the 1873 Caldwell atlas but couldn't find where the Shakleys were living. Perhaps they didn't own land but only rented.

Update on that last statement.....I read about 20 deeds and finally found where they lived in West Salem and it's marked on the map I've enclosed. They were wheeler-dealers in land, I think, but this was the only lot in W. Salem they owned. In fact, SHE owned it - isn't that interesting? They also owned the north half of lot 26 in W. Salem, land around W. Salem and lots in Lattasburgh. If you want a run-down I'll send it but I don't think it's pertinent to what you want to know.

wife and four children. Corwin-Dowell-Swan was born in Holmes county, April 3, 1851, son of Edward and Mary Swan. When he was three years old, his father died. At high school age he and his widowed mother moved to Wooster that the son might enjoy the opportunity of securing his high school education.

After leaving school he became apprentice in the Harvey Howard drug store in Wooster. About 1870 he came to Orrville and became partner with Jacob Hartman in the drug business. He later bought out the Hartman interest and operated the business successfully and courteously for about 29 years.

Finding the work too arduous, he sold the business and spent a year of retired life. But his active mind was not satisfied to be idle and fourteen years ago he took up the managership of The Federal Savings and Loan Co., in which he has served the citizens of this community with high integrity and splendid fidelity.

Under his able management, this institution has become one of the prominent banking institutions of the country. Large credit must be given to a man who began life with the handicap of straightened circumstances and the care of a widowed mother, and who by hard work and perseverance attained to so eminent a success as the deceased.

On October 30, 1878, Mr. Swan was united in marriage to Emma Fischer. This union was blessed with five children, four of whom survive the father: Mrs. J. F. Dietz Menta, Oro and Filmore Swan. Among those who survive the deceased are also two grand children, Catherine and Dorothy Dietz; two step sisters, Mrs. Rachel Moyer, Wilmot, O.; and Sarah McIntyre of Plymouth, Ohio.

During early life the deceased was a member of the Methodist church of Wooster, and for many years has been a member of the Royal Arcanum.

Funeral services will be held at the home on Saturday at 2:30 p. m., Rev. R. W. Wingert officiating, assisted by Rev. A. L. Scherry, pastor of the Reformed church. The remains may be viewed from 7:30 to 9:30 Friday evening.

. June 20,1900 CANAAN TOWNSHIP CASE He Plead Guilty and was Bound over to Court ----- Last Wednesday, on affidavit made by James Totten, father of the girl of Canaan Center, Mayor Robert J. Smith, of Wooster, issued a warrant for the arrest of Harley Russell, aged 29 years, of Canaan Center , for carnally knowing Goldia Totten, a girl aged 14 years, with her consent. Marshal James Latimer at once went to Canaan, arrested Russell and committed him to city prison that afternoon. He was arraigned before Mayor Smith thursday morning , plead guilty to the charge, and was bound over to the Court of Common Pleas to await action of next grand jury, and in default of furnishing the required 800 Dollars bail he was committed to the county jail from which he was later released by giving bail. The law makes it a penitentiary offense, of from 3 to 20 years imprisonment, for carnally knowing any female person under 16 years of age, even with her consent, as the principle of law is that under the age of 16 years she is not competent to give her consent. James Totten, of Canaan township, on Wednesday, before Mayor Smith, caused a warrant to be issued for the arrest of Harley Russell, of the same township, for criminal conduct with Miss Goldie Totten, aged 14 years . Marshal Latimer and Deputy Andrew Reid arrested Russell and brought him to the city. When arraigned Thursday morning he pleaded guilty. Bond was fixed at 800 Dollars , in default of which he was committed to jail. Russell is 29 years of age and the son of very highly respected parents. It is stated that the intimacy between Russell and the girl has been carried on for some months. He must certainly be a depraved wretch, for a few years ago he figured in a similar scrape, but escaped and was away many months.

She is a minor, did not have consent of her parents, and hence Probate Judge Adair refused to issue marriage licenses. They went away, and assert they are legally married. For all they went through in the beginning, Harley and Golda had a long life together, they where married 57 years until Harley's death in 1957,produced four children, three girls and one boy. Golda was active in the Canaan M.E. Church. They lived in and owned the house that once belonged to Alfred and Sarah Hotchkiss on Road 604. TOWN OFF THE MAP.

6-20-1900

Slankerville. That Historic Hamlet, Is No More.

Slankerville, that historic hamlet of Chippewa township, is to be wiped off the map of the county—as a matter of fact, has been. Much trouble and annoyance has been caused in the Auditor's office because of the way the 87 town lots in Easton and Slankerville were platted. A dozen lots at one point were located in Slankerville, while a half dozen across the way were in Easton, and then again a number alongside of these were in Slankerville, and so it was all over the burgs. County Auditor Peckinpaugh instructed Surveyor H. U. Mowery to make a new map, this one to be a plat of the village of Easton. Thus, by this official edict, Slankerville is obliterated as a geographical point, and the man who was born in Slankerville or resided in that burg is somewhat in the situation of Edward Everett Hale's "Man Without a Country."

SENSATION IN CRESTON.

A Growsome Find in a Freight Car at That Place.

Special to THE REPUBLICAN.

CRESTON, June 30.—A man named Rock employed at the depot at this place found in a freight car this morning a six months old foetus.

The car was empty and had been sent here Friday from Toledo. A local doctor however thinks from the condition of the foetus that it was put in the car by some one at this place and did not come with the car. The affair is raising quite a sensation here. Word has been sent to the prosecuting attorney.

The Husband Found a Bare, Deserted Home When He Came Back.

Special by Telephone to THE REPUBLICAN.

CRESTON, July 31.—Last Saturday morning James Bechter of this town went to Medina with a wagon load of boys to attend a carnival at that place. While he was gone his wife packed up their household goods and shipped them to Waynesboro, Pa., and left for this place herself.

Bechter was her second husband, and it seems that they have been quarreling with greater or less intensity for some time, and have separated a couple of times before, but this time for good.

Mrs. Bechter had been planning this move for a week and had ordered the boxes in which the goods were packed several days before.

Bechter was greatly surprised when he returned and found his house locked up, but he was more surprised when he got in and found the rooms completely stripped of furniture.

Mrs. Bechter coolly planned the entire escape, and even enthusiastically urged her husband to go to Medina, telling him that it would be nice and that it was the proper thing to do.

THE FOURTH AT BURBANK.

A Big Celebration and a Good Old-Fashioned Time.

Our fourth of July exercises passed off very nicely. On the evening before were visited by a hard rain, and the weather did not look very favorable for a very nice day for old Burbank to spend herself which she can do if she takes a notion. About 10 or 11 o'clock on the evening before, the storm clouds began to break away. We could hear some one in different parts of the town speaking to their neighbors Oh! its going to clear off and we will have a nice day after all, and sure enough the next morning the old Haymarker came up as bright as could be wished for.

Early in the morning the people began to decorate their business places and their homes which did justice to themselves and the occasion. This had hardly been finished until multitudes of people began to gather in from all corners of the earth from Wooster, Akron, Barberton, Creston, Lodi, West Salem, Congress, Seville and the happy land of Canaan.

After the multitudes of people had all assembled the programme began with a parade, industrial and fantastic, which took place at 10:30 standard, headed by the city mayor and marshal, followed by the Canaan Band. Then came the Maccabees, followed by the beautifully decorated wagons of the business men of the town. Then came the procession representing the Onion farm of Garden Isle, headed by the Lodi Band, that was followed by the fantastic part of it—of all the things a fellow will see when he hasn't got a gun. After the parade the multitude was dismissed for dinner. The programme consisted of band music, speeches, fat men's races, lean men's races, boys' races, horse running race, slow horse race, throwing 10 and 20-pound balls, wheelbarrow races, potato race, rope pulling, baseball, slack wire walking, balloon ascension, bicycle races, closing the bill of fare with beautiful display of fireworks in the evening and dancing in the town hall afternoon and evening.

The multitude of people that had gather to spend the Fourth went to their homes well satisfied with the day spent in the old town.

many years are residents of Canaan today.

One is Miss Effie Sell, who lives in the north end of town. Her father, Frank Sell, was funeral director.

Another is Harley Russell, 80, whose home, probably the oldest house in town, is at the extreme west end of the village. He operates part of the original farm of Alfred and Sarah Hotchkiss, who came into Canaan some 130 years ago. They cleared a place in the woods at the south end of the farm for their first crude cabin home, and a few years later built the present house. Their daughter, Emily, married Thomas Russell, who was a native of Canada, and Harley was one of three sons born to this marriage. The others were U. A. Russell, who spent most of his life in Wooster, and Henry, who died at Canaan.

HARLEY RUSSELL, more than 50 years ago, went to California, and worked for four years in the Mojave desert, at the huge borax deposit where Twenty Mule Team borax was made. He returned to Canaan, and has lived there ever since. Mrs. Russell was Golda Totten. They have one son and three daughters, Robert, in Creston; Mary, wife of Frank Gerstenslager, Creston; Robert, in Creston; Mary, wife of Frank Gerstenslager, Creston; Lillian Miner in Barberton, and Ercell, who disappeared without a trace two years ago. There are five grandchildren.

THE THIRD representative of pioneer families is Clinton J. Orr, 77, whose home is at the extreme east end of town. Mrs. Orr was the former Daisy Hawk. Mr. Orr is a grandson of Hugh Orr, one of five brothers who fled from Ireland during a rebellion in 1801. Two of those five brothers were never heard from again, but the other three made their way to America. Descendants of one of them were the founders of Orrville. Hugh Orr, on coming to Wayne county, first settled in East Union township, but in 1830 moved to Canaan, to a farm some three miles west of Canaan Center. There their son, James Orr, was born and lived a busy and useful life. Clinton Orr is a son of James Orr, and was born and reared on the same farm. He lived there until retiring from active management of the farm 28 years ago.

Mr. Russell and Mr. Orr, between them recall numerous storekeepers in Canaan, including Fetzer, Baker, Lane & Leighty, Yoder, Marshall, Bowers, and the present owner, A. S. Reber, who came from Apple Creek some 15 years ago and has built a tremendous business in foodstuffs, featuring a wide variety of meats.

Well remembered Canaan blacksmiths are Ramsey Hart, Fred Unger, and Theodore Darrah.

DR. A. C. KNESTRICK, physician in Wooster for many years, started his medical career in Canaan. The last doctor the town had was C. M. Hanna, who left in 1913 and died three years later in Creston.

The only church in Canaan at present is the Methodist. Rev. H. E. Stout, of Burbank, being the pastor.

Eighty years ago there was a Reformed church in the north end

of town. Later this building was purchased by the Presbyterians, and used by them for a church. When a new Presbyterian church replaced another destroyed by fire at Jackson, the Canaan church was discontinued. The property was unused for years, and later was designated as a community center. Canaan Grange uses it for a meeting place, and other community events are held there. A new furnace is now being installed and other improvements are in progress.

OLDEST RESIDENTS recall two bands in Canaan, one which was organized in the eighties, and the other in 1897. In 1902 this band made a trip to Washington D. C., where it played at a National Guard convention. One of its engagements was at the last street fair held in Orrville, where, with the Maysville band, it escorted the redoubtable Carrie Nation from the depot to a platform where she delivered a fiery anti-saloon address.

Serving the community for many years as a notary public was "Tip" Slutz, who was also a school teacher. He performed various services just below the grade of lawyer, for people of the community. His sister, Isadora, who married and moved to Mansfield, became quite well known as a writer of fiction.

THE CALDWELL Atlas of Wayne county, published in 1873, includes a plot of Canaan Center, listing property owners at that time as Asa Stephenson, F. N. Haskins, James Pernoyier, Fred Gline, T. A. Barnes, Levi Bowers, Henry Snell, John Wooner, Leander Stevens, Abigail Morgan, Eli Snell, Elizabeth Shaver, Isaac Bechtel, Benjamin Shaw, Daniel Emerson, James McGarvey, G. R. Miller, A. Dushene, Dr. Neil Hardy, Aurilla Wing, J. S. McIntire, and Rebecca Slutz. Locations of the carriage shop of Eli and John Snell, the Reformed and Methodist churches, and the school are noted on this plot.

Farm owners on the road west were Henry Hotchkiss, Thomas Russell, Daniel and David Wiles; Daniel Stratton, Alfred Parmenter, James Barnes, David Notestine and James Orr.

On the road east, Gleason Reader, Mrs. T. Smith, George Ackerman, Simon Alleman, David Wiles, Frederick Gline, John Huff and Emmanuel Houstedler.

On the road south, Wirum Hoisington, Thos A. Keeney, John Brenizer, David Bowman, Henry Zellers, George Groop.

On the road north, Daniel Whonsetler, R. Sherman, Cyrus Ewing, Philip Whonsetler, Henry Smith, F. N. Haskins, George Weimer and Jacob Zuver. The Notestine farm was east of the Haskins land.

These were largely sons and their grandchildren, in a number of cases, still till the soil their pioneer ancestors cleared.

The Wayne county deed records, Vol. 6, Page 441, contains a plot of the original Windsor, (by which Canaan Center was first known) recorded July 3, 1828 upon presentation by Joseph Stratton, one of the trustees, and naming John Wiles and John Hoisington as "proprietors of the town."

Notestine, Old Hickory (Jackson); and Lee Elliott, New Prospect.

Fannie Hoisington and Sallie Kenney were cousins of Mrs. Irwin. Her sister, Mary, attended the academy, staying at the Dushene home. They fashioned a rest bench for her at a mill fence

ing, frugal fathers of students cut firewood and hauled it to Canaan for their sons to use. This student noted that his woodpile was diminishing too rapidly to be accounted for by his own consumption of wood, so he went to the Snell carriage

EVERYBODY'S DOING IT

All Creston People Buying Guns. Thieves Continue Their Work.

Tuttle & Sellers' hardware store and The Creston Hardware Co. have had to send in rush orders for more arms and ammunition as they have sold nearly their whole stock and still the demand keeps up.

The reason for this sudden boom in the "shootin' iron" business is that burglars are still among us. Those who have guns are buying more and those who had none are laying in a supply and it is estimated that in the last week the hardware stores have sold in the neighborhood of a carload of ammunition for every kind of a weapon from an automatic revolver to an air rifle. To an outsider any day in Creston might sound like the Fourth of July, but please remember it is only the citizens making themselves proficient at sharp-shooting.

Since our last issue the burglars have entered one home and made a try at three others...

Saturday attended the Annual Picnic of the Progressive Farmer's Association at the Ohio Agricultural Experiment Station, in the wooded park of the grounds, half a mile south-east of the Administration Building.

Over 200 were present, men and women from all around. Of these was a delegation of 40 persons from Lucas, Richland county, 20 from Perrysville, Ashland county, several from other parts of Ashland county, and about 100 from Holmes and Wayne counties, and a few from Medina, making a large assemblage of neighbors who came together for instruction and pleasure.

In weather the day was fine, of bright sky and sun, with a cooling breeze wafting just the genial kind to make an enjoyable outing, and it was very much enjoyed by all.

THE LANDSCAPE VIEW.

The visitors from abroad especially admired the magnificent landscape view from the State grounds, spread out to wide extent in a charming panoramic scene of verdant nature, prolifically clad, and the improvements of industrious husbandry for many miles below, across the Applecreek valley, and up the inclining terrace of the opposite rolling lands and sloping hillsides, for a mile and a half, lay the city of Wooster, all clearly outlined to view, with its central Court House on the Public Square, radiating therefrom in all directions, with the University building towering on the summit, present up all the city and its suburbs and environs far into the country, and giving a view into other townships, as far as vision can penetrate, the vista of earth and skies making a grand bounding dome, looking as if right here was the central point of the universe, from the way the horizon so serenely encircles all the scene by its horizontal dropping down of the sky curtain that brightly envelopes all Wayne north to Medina county and west and south down Killbuck valley to the hills and valleys of Holmes and Ashland counties, and from thence on to Richland.

From the State Experiment Station at Wooster is certainly one of the finest, broad expanses of view of agricultural lands of all variety to be seen anywhere in Ohio, and the visitor is recommended to look at it, study it, and the more that is done the more it will grow upon the pleased sense of what is beautiful in varied lands, woods, of uplands and lowlands, scenery and fields.

The grounds of the Station are about one mile square, over a section of land containing many varieties of soil, low and high, especially selected for experiment, as samples of the state of Ohio lands upon which to make tests for best methods of agriculture, fertilizers, etc., and also in all other branches, such as horticulture, etymology, all grains, fruits, vegetables and flowers; also live stock, horses, cattle, and everything pertaining to progress and improvement, for information of citizens of the state. The value of the state farm with its building improvements is about \$150,000.

Several states have Agricultural Stations. The only one in Ohio is here at Wooster, and it ranks high with other states by reason of the constantly advancing capacity and skill of its staff of experienced and learned men at its head, of whom Prof. H. C. Thorne from the beginning has been Director. Several of the heads of the several departments have attained to high reputation for ability, and have received honors in other states, and Canada, for their proficiency and practical knowledge. Recently the State Board of Control re-elected all of these, because of superior merit.

THE PICNIC OF THE FARMERS.

The basis of representation will be one Delegate for every one hundred votes and one Delegate for every fraction of fifty or more votes cast for John R. McLean for Governor of Ohio in 1894.

Upon the foregoing basis, the representation of the several counties will be as follows:

Table with 2 columns: County Name and Number of Delegates. Includes Holmes County (25), Knox County (25), Morrow County (21), Wayne County (44).

Total 134. Necessary to nominate 64. Delegates from each county are to be selected in the usual manner customary in these counties.

CANAAN TOWNSHIP CASE.

He Plead Guilty and was Bound over to Court.

Last Wednesday, on affidavit made by James Totten, father of the girl of Canaan Center, Mayor Robert J. Smith, of Wooster, issued a warrant for the arrest of Harley Russell, aged 29 years, of Canaan Center, for carnally knowing Goldie Totten, a girl aged 14 years, with her consent. Marshal James Estimer at once went to Canaan, arrested Russell and committed him to city prison that afternoon.

He was arraigned before Mayor Smith Thursday morning, plead guilty to the charge, and was bound over to Court of Common Pleas to await action of next grand jury, and in default of furnishing the required \$200 bail he was committed to the county jail, from which he was later released by giving bail.

The law makes it a penitentiary offense, of from 3 to 20 years imprisonment, for carnally knowing any female person under 16 years of age, even with her consent, as the principle of law is that under the age of 16 years she is not competent to give her consent.

A very pleasant assemblage gathered at the home of J. W. Beitz, near Golden Corners, Wayne county, O., on Wednesday of last week, June 13th, 1911. It was the fifteenth reunion held in the Beitz family. The day was a favorable one and the house and yard were most beautifully decorated, while the friends were welcomed from far and near, numbering nearly sixty. The forenoon was spent in greetings and renewing relationship. At twelve o'clock dinner was announced by G. M. Street Commissioner Riley Power, had much labor to do, with a force of workmen and teams, to clean up the mud, sand and gravel resulting from the rain flood last Thursday. Some of it came away down from Wayne township, beyond the University and corporation line, and the Commissioner says that several of the citizens of Bloomington have demanded that he, the City Commissioner, should haul back, up to there, many wagon loads of the yellow clay, gravel, stones and sand, which the rain washed down from their premises into the city for over a mile and a half, they claiming that it was their own earth, and that, therefore, they are either entitled to have pay for it, or that it should be replaced to where it was washed from, or that they will sue the city for big damages for the city wrongfully appropriating real estate. The Street Commissioner will leave the matter to City Council to decide on the legal question, which is one of public interest.

Kidney and Bladder Trouble.

I don't care how long you have suffered, or how many different doctors have disappointed you, I can and do cure the worst cases of kidney and bladder trouble. I do not do it by cutting or dilating. My treatment is original with me and causes no pain or detention from business. It stops all unnatural discharges, always all inflammation, reduces the prostate gland, cleanses and heals the bladder and kidneys when irritated or congested, invigorates the organs and restores health and soundness to every part of the body affected by disease. I have cured thousands of cases as bad or worse than yours. You are foolish if you don't see to it and see me. Dr. Kutchin's next visit to Wooster will be on Wednesday, August 1st, at the Yoder House. Consultation, examination and advice free.

Saturday attended the Annual Picnic of the Progressive Farmer's Association at the Ohio Agricultural Experiment Station, in the wooded park of the grounds, half a mile south-east of the Administration Building. Over 200 were present, men and women from all around. Of these was a delegation of 48 persons from Lucas, Richland county, 30 from Perryville, Ashland county, several from other parts of Ashland county, and about 100 from Holmes and Wayne counties, and a few from Medina, making a large assemblage of neighbors who came together for instruction and pleasure. In weather the day was fine, of bright sky and sun, with a cooling breeze wafting just the genial kind to make an enjoyable outing, and it was very much enjoyed by all.

THE LANDSCAPE VIEW.

The visitors from abroad especially admired the magnificent landscape view from the State grounds, spread out to wide extent in a charming panoramic scene of verdant nature, prolifically clad, and the improvements of industrious husbandry for many miles below, across the Appricreek valley, and up the inclining terrace of the opposite rolling lands and sloping hillside, for a mile and a half, lay the city of Wooster, all clearly outlined to view, with its central Court House on the Public Square, radiating therefrom in all directions, with the University building towering on the summit, present up all the city and its suburbs, and a view far into the country, and giving a view into other townships, as far as vision can penetrate, the vista of earth and skies making a grand sounding dome, looking as if right here was the central point of the universe, from the way the horizon so serenely envelopes all the scene by its horizontal drooping down of the sky curtain that brightly envelopes all Wayne north to Medina county and west and south down Killbuck valley to the hills and valleys of Holmes and Ashland counties, and from thence on to Richland.

From the State Experiment Station at Wooster is certainly one of the most, broad expanse of view of agricultural lands of all variety to be seen anywhere in Ohio, and the visitor is recommended to look at it, study it, and the more that is done the more it will grow upon the pleased sense of what is beautiful in varied landscape scenery, of uplands and lowlands, woods and fields.

The grounds of the Station are about one mile square, over a section of land containing many varieties of soil, low and high, especially selected for experiment, as samples of the state of Ohio lands upon which to make tests for best methods of agriculture, fertilizers, etc., and also in all other branches, such as horticulture, etymology, all grains, fruits, vegetables and flowers; also live stock, horses, cattle, and everything pertaining to progress and improvement, for information of citizens of the state. The value of the state farm with its building improvements is about \$150,000.

Several states have Agricultural Stations. The only one in Ohio is here at Wooster, and it ranks high with other states by reason of the constantly advancing capacity and skill of its staff of experienced and learned men at its head, of whom Prof. E. C. Thorne has been Director. Several of the heads of the several departments have attained to high reputation for ability, and have received honors in other states, and Canada, for their proficiency and practical knowledge. Recently the State Board of Control re-elected all of these, because of superior merit.

THE PICNIC OF THE FARMERS.

The farmer picnickers first commended gathering on the grounds about 9 o'clock, coming in caddies and wagons from the country, later came others on the cars, until by 11 o'clock there was quite a crowd assembled, all of whom were cordially welcomed by Prof. Thorne and all of the professors and assistants at the station, who express and feel that they want the public, at all times, to be perfectly at home at the station. The picnic grounds were in the wooded grove, beyond the old stone Rice homestead, where a speaker's stand and seats for the audience had been erected, and also tables for picnic dinner. It was a very pleasant resort, ground apart for such occasions for those who want to come. Here is a good social time was had among the people.

CANAAN TOWNSHIP CASE.

He Plead Guilty and was Bound over to Court.

Last Wednesday, on affidavit made by James Totten, father of the girl of Canaan Center, Mayor Robert J. Smith, of Wooster, issued a warrant for the arrest of Harley Russell, aged 29 years, of Canaan Center, for carnally knowing Goldie Totten, a girl aged 14 years, with her consent. Marshal James Latimer at once went to Canaan, arrested Russell and committed him to city prison that afternoon.

He was arraigned before Mayor Smith Thursday morning, plead guilty to the charge, and was bound over to Court of Common Pleas to await action of next grand jury, and in default of furnishing the required \$500 bail he was committed to the county jail, from which he was later released by giving bail. The law makes it a penitentiary offense, of from 3 to 20 years imprisonment, for carnally knowing any female person under 16 years of age, even with her consent, as the principle of law is that under the age of 16 years she is not competent to give her consent.

BOXWELL LAW GRADUATES. Annual Commencement Exercises

Held in Wooster Last Saturday—How the School Law Operates As to Paying Tuition.

Last Saturday, in the High School building in Wooster, was held what is called the Annual Commencement under the Boxwell school law, which is the exercises by young men and women of the various schools in the country, outside of High School Districts, who have attained, by study and scholarship, a certain good grade in those schools, that, under the Boxwell law, by passing examination, entitles them to enter any High School in the State of Ohio on payment, by the Township Board of Education, from which they come, of the tuition fees required by the Boards of Education of the High School District, which for Wooster city is \$15 tuition per year for all who do not reside in the City School District.

A tuition fee is mandatory, and can be collected, by law, from every township outside of any High School District, having pupils at the Wooster High School, or any other high school, or else the pupils will not be admitted. There are several High Schools, of different grades, in Wayne county, and all come under the same general law. No payment of tuition is required, if the pupil resides in the High School District, but if residing outside, the tuition must be paid, or the pupil can not be enrolled, because each High School District in the State is tax-district for school expenses, and can not afford to educate outsiders for nothing. So that every Boxwell law graduate may be an expense to township for higher education.

THE BOXWELL COMMENCEMENT EXERCISES.

The attendance at the Commencement exercises was large by pupils, teachers and School Directors from the various Townships, and the whole was very impressive. Rev. S. E. Nixler made the opening

They had boat rides on the lake, from on the steamer to the little canoes, and relished the picnic meals on shore, all returning safely home in the evening from a day of pleasant outing.

Kidney and Bladder Trouble.

I don't care how long you have suffered, or how many different doctors have disappointed you, I can and do cure the worst cases of kidney and bladder trouble. I do not do it by cutting or dishing. My treatment is original, without pain and causes no pain or detention from business. It stops all unnatural discharges, allays all inflammation, reduces the prostrate gland, cleanses and heals the bladder and kidneys when irritated or congested, invigorates the organs and restores health and soundness to every part of the body affected by disease. I have cured thousands of cases as bad or worse than yours. You are foolish if you don't come and see me. Dr. Kutchin's next visit to Wooster will be on Wednesday, August 1st, at the Yoder House. Consultation, examination and advice free.
