

Y2K??

Thanks to Frances Terry, franleet@hal-pc.org, for emailing me and sending along this Y2K test for your computer.

"The following was printed in the Houston Genealogical Forum Newsletter. I thought that it might be useful. Everyone has been talking about it.

"The St. Louis Genealogical Society had the following in their News 'N' Notes. Follow it step-by-step, it was written for the novice, and it works!

"There is a calendar that many do not check. Here is a simple test. Try it and see.

1. Double click on "My Computer."
2. Double click on "Control Panel."
3. Double click on "Regional Settings" icon.
4. Click on the "Date" tab at the top of the page.

Where it says, "Short Date Sample." look and see if it shows a "two digit" year. Of course it does. That's the default setting for Windows 95, Windows 98 and NT. This date RIGHT HERE is the date that feeds application software and WILL NOT roll over in the year 2000. It will roll over to 00.

To Fix it:

1. Click on the button across from "Short Date Style" and select the option that shows, mm.dd.yyyy. (Be sure your selection has four Y's showing, not two.)
2. VERY IMPORTANT: Click on "Apply."
3. Click on "OK" at the bottom.

You're ready to go."

I have not tried this. I was so excited I had to tell you about it.

Hope it works. Let me know. I am going to try it myself."

Thanks Frances.

6. Ola M. Boggs was born Aug. 3rd 1898.
7. Claud E. Boggs was born May 23, 1900.
8. Clyde B. Boggs was born May 23, 1900.
9. Julia Gladys Boggs was born Aug. 31, 1902.
