

The BOND Family

Dear Bond Family Member,

Some of you know me as I have pestered you over the years for information. Others of you do not know me, but the one thing we have in common is we are all descendents of the Bond Family.

I am in the process of putting together a collection of Bond family history and genealogy. It will be stored in computer files for the purpose of composing and publishing a family newsletter for all who want to subscribe to it. The newsletter will be published on a quarterly basis beginning in January 1989. If the situation and the information flow permits I will try to publish on a more frequent schedule.

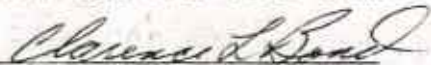

It is my intention to publish any queries and other pertinent data that you as subscribers would wish to mail in. It is hoped that in the long run enough information could be garnered so that a book could be published. Then the possibility would exist that any member of the Bond family would be able to trace their roots, perhaps even to Robert Bond of Cornwall, England in the year 1481.

Also in the long range planning stages is to start a museum for various pieces of memorabilia pertaining to the family history. It would be maintained for all of our ancestors to see.

The first step in this venture is to write to all that I can reach so that they will have an opportunity to participate in this venture. I am confident that it will work for all of us as long as we choose to participate.

If you wish to participate please fill out and return the enclosed subscription blank.

Thank You For Your Time

CLARENCE L. BOND
