Pension Office.

April 10 1833

Sir.

The evidence in support of your claim, under the act of June 7, 1832, has been examined, and the papers are herewith returned. The following is a statement of your case in a tabular form. On comparing these papers with the following rules, and the subjoined notes, you will readily perceive that objections exist, which must be removed, before a pension can be allowed. The notes and the regulations will show what is necessary to be done. These points to which your attention is more particularly directed, you will find marked in the margin with a brace, (thus: 3). You will, when you return your papers to this Department, send this printed letter with them; and you will, by complying with this request, greatly facilitate the investigation of your claim.

I am, respectfully,

Your obedient servant,

J. L. EDWARDS,

Commissioner of Pensions.

FARIS, IHUMAS

The following regulations have been adopted:

This law has been construed to extend, as well to the line, as to every branch of the Stoff of the Army, and to include under the terms "Continental Line," "State troops," "militia," and "volunteers," alteriors enlisted, drafted, or who volunteered and who were bound to military service, but not those who were occasionally employed with the army upon civil contracts, such as Clerks to Commissaries and to Store Keepers, &c. Teamsters, Boatmen, &c. Persons who served on board of Private Armed Vessels are also excluded from the benefits of the law, as well as persons who turned out as patrols, or were engaged in guarding particular places at night, and were not recognized as being in actual military service.

Four general classes of cases are embraced in this law:

The Regular Troops.
The State Troops. Militia, and Volunteers.
Persons employed in the Naval service.

As rolls of the regular troops in the Revolutionary War exist in this Department, all persons, claiming the benefit of this law as officers, non-commissioned officers, musicians or privates, will in the first instance, make application by transmitting the following declaration, which will be made before a Court of Record of the County where such applicant resides. And every Court having by law a seal and Clerk is considered a Court of Record.

This is the original discharge or commission; but it neither of these can be obtained, the party will so state under oath, and will then procure, if possible, the testimony of at least one credible witness, stating in detail his personal knowledge of the services of the applicant, and such circumstances connected therewith, as may have a tendency to throw light upon the transaction.

will be indispensable to a favorable action upon his case. The facts stated will afford one of the principal means of corroborating the declaration of the applicant, if true, or of detecting the imposition, if one be attempted; and unless, therefore, these are amply and clearly set forth, no favorable decision can be expected. All applicants will appear before some Court of Record in the County, in which they reside, and there subscribe and be sworn to, one of the declarations above provided, according to the nature of his case.

The Court will propound the following (m) interrogatories to all applicants for a pension, on account of service in the Militia, State troops, or Volunteers, except the Militia of New Hampshire and the State troops of Virginia.

4. How were you called into service; were you drafted, did you volunteer, or were you a substitute? And if a substitute, for whom?

The Court will see that he answers to these questions are embodied in the declaration, and they are requested to annex their opinions of the truth of the statement of the applicant.

The applicant will further produce in Court, if the same can be done, in the opinion of the Court, without too much expense and inconvenience to him, two respectable persons—one of whom should be the nearest clergyman, if one lives in the immediate vicinity of such applicant, who can testify, from their acquaintance with him, that they believe he is of the age he represents, and that he is reputed and believed in the neighborhood to have been a Revolutionary soldier, and that they concur in that opinion. The traditionary evidence of service is deemed very important, in the absence of any direct proof, except the declaration of the party. And the Courts are requested to be very particular in the enquiry whether the belief is general, and whether any doubts have ever existed upon the subject.

Applicants unable to appear in Court by reason of bodily infirmity, may make the declaration before required, and submit to the examination, before a Judge or Justice of a Court of Record of the proper county, and the Judge or Justice will execute the duties, which the Court is herein requested to perform, and will also certify that the applicant caunot, from bodily infirmity, attend the Court.

his genuine signature.

No payments can be made on account of the services of any person, who may have died before the taking effect of the act of June 7, 1832; and in case of death subsequent thereto, and before the declaration herein required is made, the parties interested will transmit such evidence as they can procure, taken and authenticated before a Court of Record, showing the services of the deceased, the period of his death, the opinion of the neighborhood respecting such services, the title of the claimant, and the opinion of the Court upon the whole matter.
