

This compilation of Looker family data is the result of bringing together information and research from a number of different people, knowing that each person would want to know about the findings of all the others.

I am sending copies of this material to each person who contributed material if the address is obtainable. After receiving corrections and additions, hopefully within a month, from those contributors, my goal is to make a final revised compilation. Then I plan to place copies in the libraries of the Fairfield County Genealogical Society, housed in the Historical Room of the Fairfield County District Library, 219 North Broad St., Lancaster, Ohio 43130; and of the Licking County Genealogical Society, P.O.Box 4037, Newark, Ohio 43055-8037, library in Room 107 S.E. corner lower level at 743 East Main St., Newark, phone 614-345-3571, open Tues-Wed-Thurs-Sat 1-4 pm; the Pataskala and Pickerington town libraries; and, of course, to members of our family. If the contributors do not object, I would like to also provide copies to the Genealogy Room of the Ohio State Library, 65 South Front St. (downtown) Columbus, Ohio, and to the Mormon Family History collection. I have appreciated so much material placed in libraries and otherwise made available that I have used, and would like in turn to make my contribution.

Contributors of information to this compilation can be found on the following pages by finding the following identifying numbers: 3D1j12e5a.Robert Moore, 3D1i4b2b.Hazel Morey and her daughter 3D1i4b2b1. Joanne Mustoe, 3D1i4b7.Nellie Burns, 3D1d2e1a.Vera Ross Boyant, 3D1j5b3a.Lois Adams, 2A1alc4c3. and 2C3c5a2c.David Bowers, 2C8a4f1.Cleo Richter, 2C8clal.Ruth Blispinghoff, wife of 2B7b2c3b.Lucretia Arthur, 2B2clalal.Leallah Chamberlain Franklin, 2C1b2b2d.Virginia Pickering, 2C1c2d3c.Betty Cook, 2C1elbla.Hazel Cook, 2C1e7b1.Ernestine Lemon and 2C1e7b4.Betty Armentrout, 2C9f.Helen Stone Woodruff, wife of 2C9glala.Joan Harrison Culp, and this compiler whose husband is 3D1j12clb.Astrid Pickering.

While typing these pages I was fortunate to receive more information. This will be incorporated into my next revision along with corrections and additions from the above contributors:

1. Hazel Morey's daughter Joanne Mustoe, 3101 26th Ave.N.E., Norman, Oklahoma 73071, accompanied and assisted Hazel in her genealogical research and has the information found. Hazel had shared all her data with David Bowers. Joanne kindly made copies of several pages Hazel made summarizing her research. I made additional copies of these pages which appear as an appendix at the end of this compilation.

2. New material came also from Marie K. Arrington, Rt.3 Box 118, Broadway, VA 22815, the author of Mountain Valley People which is out of print at this time. She provided copies of 29 pages of a booklet, "The Family of Thomas Looker" by Vera Ross Boyatt, 1305 Big Springs Rd Maryville, TN 37801, compiled October 1989. This booklet is full of information which I will try to summarize in the Addenda section starting on page 41, but any Looker researcher would want their own copy of the original. Anyone researching colonial records would probably want to compare experiences with Joanne Mustoe and Vera Boyatt.

Marie Arrington also sent a copy of "The Henry Cowan Family of Virginia", information collected by Frank B. Lamb of Birmingham, Michigan, and compiled by Maude Pinney Kuhns, Perry Highway R D 2, Waterford, Pa. This booklet mentions a number of people named Looker.

3. Betty Cook has sent a lot more information on the family of 2C1c.Mary Pickering Swayze.
4. Lucretia Arthur has sent a lot more information on her family which does seem to be correctly placed under 2B7b. Her research on colonial and other early Looker family members introduces some new elements and ideas. See Addenda section, Number 4.

This is your copy to keep. Presumably the genealogical society will photocopy the final revised copy for you when I get it to their library. This Looker data may be part of a Pickering genealogy.

To describe the central Ohio area: Violet Township, Fairfield County (county seat Lancaster to the southeast), in which Pickerington is located; is bordered on the north by Truro Township, Franklin County, in which is Reynoldsburg; and on its east Etna Township, Licking County, which contains the villages of Wagram and Etna. Etna Township is bordered on the north by Lima Township, Licking County, which contains the villages of Summit/Summit Station and Columbia Center. The town of Pataskala is east of Columbia Center with county seat Newark further east. Columbus stretching from north to south borders the entire aforementioned area on the west and covers most of the rest of Franklin County.

Dovel Memorial Cemetery is the old part of Violet Cemetery in Pickerington.

Silent Home Cemetery is the old town cemetery in Reynoldsburg. Glen Rest Cemetery established c1940's is outside of Reynoldsburg to the east.

Also from extensive recollections about family traditions of Mrs. Willard Burns of Summit Station, Ohio, and Mrs. Cleo Richter who lived in Pickerington, Ohio. This revised compilation in January, 1991 includes extensive research of David Layton Bowers, 4723 W. Marconi Ave., Glendale, Arizona 85306. The revision also includes 1. Information publicized concerning the 175th Anniversary Celebration of Pickerington, Ohio in 1990 including its Official Commemorative Booklet of 50 pages; 2. Everton Publishers of THE GENEALOGICAL HELPER (P.O. Box 368, Logan, Utah 84321) computerized family files and "Roots Celler"; and 3. from a number of family descendants.

Other possible sources of information: A book about the history of Augusta County, Virginia, and one about the Shenandoah Valley of Virginia, both of which are available in various genealogical society libraries. The Harrisonburg-Rockingham Historical Society, P.O. Box 716, Dayton, Virginia 22821 has an extensive library and many books for sale about families of the area including a book by Geneva Brubaker: "Spitzer-Jones, Frank and Lydia, Ancestors-Descendants 1322-1989." Allied families include King, Wean, Lokey, Orebaugh, Gordan, Wine, Archart. 1989, 79 pages, hard cover, \$20.

History: In 1557 Thomas Trumbull, who owned a great deal of property in downtown London died and left half of it to his daughter Johanne who had married Emmanuel Lucar. Thomas Trumbull (the only other heir) died unmarried and willed his half of the Trumbull estate to his sister and her family. It is said that the Lookers once gave some land to the city of London to be used as a park. If it is ever not used as a park, it is to revert to the Loker heirs. The Lookers seem to have come first to Sudbury, Massachusetts in 1639. Some Looker family members then lived in Providence and Newport, Rhode Island. The emigrant Lookers were associated with Roger Williams, and at least while they lived in Newport, R.I. were Seventh Day Baptists. Some were then in Gravesend, Long Island, then New Jersey, then Shenandoah Valley, Virginia. Mark Lucar helped found a Seventh Day Baptist Church in Providence, R.I. The early Lookers in Virginia were definitely Quakers. Many early court records, before and after 1800, referred to "Thomas Looker, the Quaker" and "James Looker, the Quaker." They were father and son. It is possible that old Thomas first came to the Shenandoah Valley with a large migration of Quakers in 1738. Mrs. Burns-Mrs. Morey family owned items said to have been used by the Dunkards in Virginia in their religious services. The only church in Tenth Legion, Virginia, where the Lookers and Laytons lived, is a Church of the Brethren (Dunkard) and historians say that it was built in 1844 on the site of a former Quaker meeting house. (Most of this history came from Hazel Morey's research.) There were four Looker (brothers?) serving in the Revolutionary War from New Jersey: Othniel, Nathaniel, Eleazer, and John or Johnson. There were others with approximately the same name. Mrs. Morey said their family had a sword which their ancestor used in the Revolution.

Pedigree and/or chronology: Thomas Trumbull died 1557 had a daughter Johanne who m Emmanuel Lucar lived London, England. Had 5 children: Emmanuel, Mark, Luke, John, Martha. Lookers emigrated first to Sudbury, Mass. in 1639. Information from a different source tells about following: family Henry Loker (Glover) born Feb. 7, 1576/7, married Elizabeth _____, a child:

Above information from computerized family file of the publishers of THE GENEALOGICAL HELPER, submitted in 1983 by Shirley Burton, 4704 Forman Ave., Toluca Lake, California 91602.

A brother or cousin of Henry Loker, or some other "Looker" remaining in England was perhaps the ancestor of Robert Luckey who came to America in 1753 and resided in the counties of Cumberland Westmoreland and Washington in Pennsylvania. He is the subject of "Arnold-Luckey Family Ties" by Rev. Leonard Wilson Arnold and Ethel Zwick Luckey, a book in the genealogy section of the Fairfield County District Library in Lancaster, Ohio.

David Bowers' genealogy begins with:

Othnel Looker from an encyclopaedia:"Othniel Looker was born Oct. 4, 1757 on Long Island,

New York. After his father John's death, his mother moved to Hanover, Morris County, New

Jersey. He enlisted May, 1776 and served as a Private throughout the Revolutionary War.

(Perhaps there is genealogical data on him in D.A.R. files.) "He received a land grant

for his military service and moved in 1804 to Hamilton County, Ohio. He served as actin

governor of Ohio from April 14 to Dec. 8, 1814, after Governor Meigs' resignation to accep

the position of Postmaster General. Governor Looker then resigned to accept the office

of United States Senator. The next governor was Thomas Worthington. Othniel Looker

later went to Palestine, Illinois where his daughter had married into the prominent

Kitchell family. He is buried there.

The unidentified Lookers (see page) in Pickerington, Ohio cemetery with first

names Oriso, Oreris O. and America sound like they could be part of the same

pattern of family naming as that of Othniel's.

To continue with David Bowers' pedigree, repeating from above:

William Looker Jr. b c. 1675 Jamaica, LI, NY?, d Elizabethtown, N.J.?, m c. 1700 Elzbtwn, NJ?.

Perhaps more than one of his children migrated to the Shenandoah Valley of Virginia. Th

only descendant specifically attributed to him is 2. Thomas Looker "The Quaker" thro

David Bowers' research. 3. John Looker, see page 24, may be a son who perhaps came t

Valley later than Thomas. Descendants of these two men refer to each other as cousins.

1. Randolph Looker, possible descendant of William Jr. Randolph is mentioned in the D

Davidson estate settlement Aug. 23, 1766 (see "Settlers by the Long Gray Trail", page 16

"To paid Randolph Looker the Quit (Quaker?) rents of the land." He could have been in

Revolutionary War or had sons or grandsons in it. Could check D.A.R. records.

William Looker Jr. b c1675 and unknown wife descendants (continued)

2. Thomas Looker "The Quaker" b c1705 Elizabethtown, NJ?, d 1795 Tenth Legion, Rockingham Co., Va., r c1730 NJ/Va to/unknown who d before 1795 Tenth Legion, Va. As Hazel Morey said, "It is possible that Thomas first came to the Shenandoah Valley with a large migration of Quakers in 1738." In 1756 Thomas Lokey, along with Jacob Wooly (Woodley) and Valentine Sevier, are recorded as landowners in the Shenandoah Valley (from Settlers by the Long Gray Trail 1 Harrison, page 182). Ruth Bisplinghoff found that Thomas Looker "the Quaker" in 1767 sold son James 421 acres, adjacent to Valentine Sevier, patented 1749 in "Rockingham" County, Va. In 1769 he bought land from Zebulon and Margaret Harrison, patented 1730; delivered to son James 1769 (from Chalkley: Annals of Augusta County, Virginia). The whole area of the Shenandoah Valley began as Augusta County. In March 1778 a part of Augusta Co. became Rockingham Co. Thomas Looker could have had sons or grandsons in the Revolutionary War, could check 1 files. On the Rockingham Co. personal property tax list for 1787 the only Lokeys listed are Thomas and John, who could have been either brothers or father and son. They are listed Militia Company Area 11 along with William "Pickeren" and Jacob Woodley. The tax assessor called on Jacob Woodley April 7. He called on John and Thomas Lokey and William Pickeren all on April 16. Thomas Looker wrote his will on May 29, 1794 and died testate 1795. His land, given to son James in 1768, "now" given to James' son-in-law Abraham Bowers in 1813. The Index to 1810 Census of Virginia for Rockingham Co. shows no Lookers at all, but the families of Lokey there are: on Roll 22-John; on Roll 25-Sarah, John, William; and on Roll 27-Margaret, James. Thomas Looker The Quaker's will lists 3 children:

2A. Grace c1730 to c1800, m c1748 Jacob Woodley d 1804 (father James Woodley's estate is mentioned in records of Orange Co.-later Rockingham Co.-Virginia Feb.26,1741). The early Woodley and Pickering lands were at Mauzy, Va. Jacob Woodley was said to have run an inn. A constable was appointed "in the room of Jacob Woodley" on May24,1779. Most information from Settlers by the Long Gray Trail, p. 374. 6 children:

B. John b between 1735-40 d Fall/1813. m c1765 to ? b by c1745 d after 1794 but "long before"
813. Perhaps John's wife was Eliza Looker who Aug. 26, 1788 was paid for attending a court trial.
he name Elizabeth is used frequently in following generations. John's father 2. Thomas "Quaker"
bequeathed John the land on which they both lived. (In one place in 2. Thomas "Quaker" Looker's will
he specifically directs that money that may not be used otherwise "be equally divided between
by three GrandChildren at their coming of age that is to say one third to my grandson Thomas
oker son of James Loker and the other two thirds to William Loker and John Loker sons of John
oker..." He had many grandchildren but apparently only 3 (boys) not "of age" (meaning under 21?),
t that time. So in 1794 when the will was written 2B. John's son Thomas was over 21, but William
nd John were not. Also 2C. James has to have had a son Thomas older than James' nine other children
already known about but then not yet born. John & Eliza? possible 8 children:

2B1. Thomas b by 1766 d before 1812, m c1790 Betsy Ann Bowers. (But there is marriage date Nov.
1827 for Thomas Looker & Betty Ann Bowers daughter of Noah - different couple?) Grandfather Thomas
"Quaker" Looker bequeathed to this Thomas the land "where he now (1794) lives." children:

2B1a & 2B1b. Thomas & Betsy Ann Bowers "had twins."

? 2B1c. Rachel b by c1810 (named for her father's then new sister-in-law?). There was a marriage
bond signed Nov. 19, 1825 for Rachel Looker and Jesse Looker with David Pitt as "consent only."
Thomas' brother 2B8. John had a son Jesse b c1808 who had a wife Rachel. What would be their
aunt Elizabeth had married into the Pitt family, so a member of her family could have been the
guardian of the then fatherless Rachel.

Thus some researchers attribute the above wife and twins to 2B1. Thomas (as shown)

OR One researcher places the Thomas, whom I have numbered 3D1, who married Sarah Reeves and
their family here. That would move all the people whose names appear on pages 25 to 41 to
start here instead. The convincing evidence for this is that Thomas & Sarah's heirs appear to
have inherited the same land from their father that 2. Thomas Quaker bequeathed to his grandson
Thomas. However both descendants of 3D1. John Looker who m 2B7d. Mary Looker, and descendants
of 3D1. Mary Looker who m 2A8l. James Pickering have always been under the impression that their
ancestors' marriages were between 3rd cousins not 1st cousins.

2B2. Elizabeth b c1760's m1 Nov. 13, 1789 John Mathews - children Ann and William. m2 July 22, 1796

 2C. James "The Quaker" Looker b 1743 AugustaCo.,Va, d 1813 RockinghamCo.Va. will probated in 1813 court RockinghamCo.Va. m Frances Russell b AugustaCoVa, d before James. In Rockingham Co. James owned the plantation where Counce(Koontz?) lived. James bought at public auction the land and tract/part of Pickerington,Ohio now stands. It was transferred to him by Pres.James Madison May1,1811. He gave each of his children a tract of this land, probably an equal amount. Lydia Looker's was 83 acres. The children's land was along Sycamore Creek which runs through the eastern edge of the village, then curves around the southern edge, then turns and goes south. The will of James Looker (a copy?) is in Fairfield Co. Ohio Courthouse at Lancaster, Book 1838-1849, page 357. 9 children mentioned in the will.

10 children:

2C1. Anne b Sept.9/17,1776 d Nov.30,1840 aged 64y2m13d, mcl1799 her 1st cousin's son 2A3a.Abraham Pickering b July 8/10,1776 d June23/Aug.3,1833. A family history says Abraham and Ann, along with their two small children Elizabeth and James, came to the site of Pickerington,Ohio in 1806(?); the land wasn't transferred to the first purchaser 2C.James Looker until 1811. Abraham bought land north and west of the curving Sycamore Creek from James Looker and platted Jacksonville, named in honor of Gen.Andrew Jackson's victory over the British at Battle of NewOrleans, war of 1812. The first plat of Jacksonville was filed at Lancaster Sept.15,1815. The 1820 Census taker counted 49 people in Jacksonville. Abraham Pickering donated land for a church, school and cemetery. The townspeople had the name changed to Pickerington in 1827. (Information mostly from Cleo Richter.) In the 1970' and '80's Pickerington experienced tremendous growth with a number of new housing developments and businesses, particularly in the direction of Columbus, which are steadily propelling the population of Pickerington toward city status. "The Pickering homestead is now owned by the Village of Pickerington, and the municipal office for the village is located on this property at 500 Hereford Drive."-from the "Official Commemorative Booklet" for Pickerington's 175th Anniversary Celebration 1815-1990, page 7. Abraham and Ann's descendants have through the years received much recognition in Pickerington, and continue to be in demand to ride in parades etc. In honor of the 175th Anniversary of the founding of Pickerington a new gravestone in Violet Cemetery for Abraham and Ann Pickering was unveiled on Sept.15,1990 by descendants of two of their children, Jonathan Pickering and Mary Pickering Swayze. The new headstone was provided by the Pickerington-Violet Township Historical Society. The 1820 Census lists in the Abraham Pickering household 1 male under 10, 2 aged 10-15, 1 around 20, and 1 female -about 20 in addition to the parents.

2C2. Thomas. Apparently not mentioned in James' will, but specifically mentioned in 2. Thomas "Quaker" Looker's will is Thomas the son of James. Thomas was "underage" in 1794 when his grandfather wrote his will. There appears to be a large difference in the birth dates of Ann Looker, 1776, and the next previously identified child of James, Grace b 1783, thus leaving room for Thomas b c1778. Perhaps there were different mothers? (A descendant of Elizabeth Looker Bowers c1795 identified Frances Russell as the wife of James). According to Marie K. Arrington, Rt. 3 Box 118, Broadway, VA 22815, author of Mountain Valley People, with information in conjunction with Vera Ross Boyatt, 1305 Big Springs Road, Maryville TN 37801, James Looker "Quaker" had a son Thomas (born by c1793) m Oct. 12, 1813 Rockingham Co Va Mary Cowan (4th child of Henry Cowan). child

2C2a. Henry b c1815 m Nov. 26, 1841 Rockingham Co Va Mary Koontz b Rockingham Co. She was daug. of John Koontz 1780/8-1852, his will probated May, 1852 Rockingham Co., his father Peter Koontz. Mary's mother was Catherine Koontz b 1785 daughter of Philip Koontz. Henry & Mary moved to Ohio. But David Bowers' data refers to this Thomas who m Mary Cowan as Thomas Jr. and places him under family of 3. John Looker who also had at least one descendant named Thomas Looker b c 1800 who may have moved to Ohio. Licking County, Ohio real estate records and Pataskala Standard files a newspaper covering the area where members of this family lived have the following items which of course could be about some other Henry Looker. Henry Looker purchased 1 acre in Lima Twp, Licking Co. between 1864-1875. Mink Street News Aug. 29, 1889-"Henry Looker and family of Kansas visiting his sister Mrs. Mary Hughes and other friends." Sept. 19, 1889-Mr. & Mrs. Henry Looker and Mrs. Wm. McIntosh were visiting the former's daughter Mrs. Bell St. Clair of Morrow County, Ohio. Sept. 19, 1889-Henry Looker has bought Jno Malay's new store building and lot.

 in Lancaster (Ohio) Eagle-Gazette Sesquicentennial Edition, June 3, 1950, Section H, p 29, said that
 the Dovels had built all the old brick houses around Pickerington. "...East of the village atop
 the hill on Route 256 is the 'home place' built just a century ago. The bricks were formed from
 clay south of the house, burned in a kiln, then carried up the hill and the house built. (Now
 owned by grandson Charles Dovel, Manistee, Mich.) West of Pickerington, Jacob Dovel built about
 1866 a large brick house with circular stairs winding up to the cupola. This was for daughter
 Lucinda (now owned by M.R. Hansen). Two daughters were married in a double ceremony to the Bower
 brothers.. around 1875. Jacob fitted them with brick houses and farms on the Refugee Road west
 of Route 256. Florence received the corner place (Graceland, now owned by granddaughter, Mrs.
 O.C. Belt). The west farm was given Virginia (Perry Smith present owner). Frank Dovel received a
 farm and brick house south of Pickerington on Waterloo Road about 1880. (His daughters Mrs. Rose
 Kallies and Miss May Dovel live there). Finally, Jacob Dovel was so instrumental in building the
 U.B. Church on east edge of Pickerington in 1883 that it is named Dovel Memorial. Other Dovels
 built four other brick houses on farms about Pickerington; so you're safe to bet about Pickerington;
 'If it's an old brick, Dovel built it.' And the brick came from 'the home place on the
 hill by the Indian mound.'" 9 children:

The "Official Commemorative Booklet" of Pickerington's 175th Ann.. 1990, p. 30 has an article, "May Dovel Home": "Long a landmark in the community but now standing empty, the Dovel home is on Hill Road South, just north of the Pickerington High School The house was built by Jacob Dovel and first occupied by his son Frank and his family 1881. Two years were required to complete its construction. p Jacob Dovel was a native of Rockingham County, Virginia, and the estate was developed after the fashion of the plantations of the South. p The house consists of 10 rooms with ceilings 10 feet high upstairs and 11 feet high downstairs. There were 180,000 handmade bricks used in its construction. The house has four chimneys and four fireplaces. The handsome mantles were brought from Chicago, the one in the drawing room being of inlaid Spanish marble. The woodwork throughout the house is of white pine with walnut trim. p The front hallway merits special attention with its double doors and windows of exquisite ruby glass. From this hallway rises a beautifully curved staircase with alternating posts of walnut and white pine. This staircase is unique in that it is self supporting and was designed by the same architect who designed those in the State House in Columbus In 1991 the house and yard are undergoing extensive refurbishment. children:

Kane in 1829." Should this read Joseph instead of Jacob since there is not yet any record of a Jacob Looker of that age, the one name handwritten could easily be mistaken for the other, and the transaction involved a probable member of Joseph's wife's family. Since father 2C James gave each of his children part of the VioletTwp. land, perhaps Joseph sold his and established or bought the inn. Joseph & Charlotte filed for divorce July16,1833. Joseph in his petition states they have 7 children, he says he owns land in Pickaway Co. Oh and the petition was signed in FranklinCo. Charlotte states they have 6 children. SUPPLEMENT: Bowers (Bower, Bowyer, Bowyers, Bowen) family. See Settlers by Long Gray Trail; also there is a history of the Bowers family in the Fall and Winter 1989 issues of the newsletter of the Harrisonburg-Hockingham Historical Society, P.O.Box 716, Dayton, Virginia 22821, telephone 703-879-2616. The family is included here: 1. because of their connection with the main section of the Roger Pickering family farm; 2. because several of them are spouses of known Lookers; 3. because they were one of the early colonial families in the Shenandoah Valley. In that presumably closed society of a few families, each with a large number of children, there possibly/probably were marriages making as yet unrecorded Bowers or Looker women direct maternal ancestors of the others' families.

Michael Bowyer received land in Rockingham County, Va. in 1769. Later same page they called him Bower. He conveyed land to Sebastian Martz (p.146, Settlers by Long Gray Trail).

Mary Harrison born 1733 married Henry Bowyers who died 1760 at sea. She m2 William Kavanaugh, Maryland. Henry's children (p.209) were 1. Henry b.1750's, m Agatha Madison. 2. Emiline b 1750's, m Judge Eliu Johnson, they were grandparents of Mary Johnson the novelist. Mary and John Johnson deeded land in 1770 to William Bowyer.

Locker family c.1710 two sons 2. Thomas "Quaker" and 3. John with known descendants (continued):

3. John Looker b by c.1720's d _____ m. by 1750's _____

Hazel Morey's data tells about a Looker family tradition backed by her research that "there were two Looker brothers who came early to the Shenandoah Valley. One was a prosperous farmer who was constantly acquiring more land. The other one was a teamster who owned very good horses and wagons, and carried loads of lumber and other merchandise through the Valley to Roanoke, Atlanta, and/or Pennsylvania. Our family has a cow bell said to have been used on these trips to warn other vehicles that someone was coming up or down the mountain on the other side. (Thomas Looker the Quaker apparently was prosperous, and there is much evidence that he bought land often. There was a John Looker there at the same time with no record of his owning land. He could have been the teamster.)"

John could have had sons or grandsons? the right age to have served in the Revolutionary War. On the tax list of 1789 is Thomas, and listed separately John Lokey with sons Thomas and James. This must be 3. John rather than Thomas "Quaker"'s son 2B. John because the latter so far is not known to have had a son named James.

The 1790 Census (reconstructed for Virginia) lists John Lookey in Rockingham Co, Thomas Lookey in Rockingham Co., and James Lokey in Shenandoah Co. Thomas was in the same household with his son John (according to the will Thomas wrote in 1794). 3. John was probably also living with sons, if alive. Was the James in Shenandoah Co. 2C. James the "Quaker", or another James perhaps the progenitor of some of the numerous unidentified Lookers listed at the end of this compilation? In the Index to 1810 Census of Virginia the families of Lokey in Rockingham County are: on Roll 22-John; on Roll 25-Sarah, John, William; on Roll 27-Margaret, James. (???)

Nellie Burns' father said his father's family was the first generation in which the oldest son of the family had not been named John since the family came to America. Perhaps in generations where it is known a younger son was named John, there had been a first baby who died who was named John and then the parents used the name again. On the strength of that Looker family tradition space will be left for a John in 3D. Thomas Looker, Sr.'s and for one in 3D1. Thomas Jr's generations. This tradition could also indicate that 3. John is older than 2. Thomas the Quaker.

came owner of their land and home north of Wagram. Sarah & Abraham Layton had no children.

Full description: Settlers by the Long Grey Trail (Some Pioneers to Old Augusta County, Virginia and Their Descendants, of the Family of HARRISON and Allied Lines) by J. Houston Harrison, originally published Dayton, Virginia 1935, reprinted from a volume in the George Peabody Branch Enoch Pratt Free Library, Baltimore, Maryland 1975, reprinted Genealogical Publishing Co., Inc. Baltimore, 1975, 1984, Library of Congress Catalogue Card Number 75-636, International Standard Book Number 0-8063-0664-5, 666 pages.

There is a book Lookers of Virginia on the rare book exchange. It is quite expensive. Info. from Hazel Morey.

Denise K. Moore, P.O. Box 752, Gautier, MS 39553 has compiled "work copies" of many families of Champaign County, Ohio. Among those available are Cowan family 49 pages \$9.80, Locker 18 pages \$3.60, Martz 43 pages \$8.60, Pickering 9 pages \$1.80. Cost for postage \$3.00.

Gene Houser of Pickerington has Cleo Richter's memorabilia. She or someone had told me she had a Looker family Bible. She told me she had old letters and that her father had kept notes with dates of events.

The committee for the 50 page "Official Commemorative Booklet" for Pickerington's 175th Anniversary Celebration 1815-1990 was Joan Heft, Barbara Taylor, Debbie Williamson. Headquarters of the Pickerington-Violet Twp. Historical Society are at the Mason-Richter Building, 21 West Columbus Street, Pickerington, Ohio 43147

2. Another family tradition: In 1550 a person named Looker owned a fishmarket at the foot of London Bridge.

3. The Vera Ross Boyatt history begins in Burres, St. Marrie, Essex, England with the family of Robert Loker d between 1563 and 1592 and wife, Lucye (Riddlesdale) who d Feb. 3, 1592/3, and the children Danyell, Henry and "the other children" who may include John Loker baptized Aug. 16, 1566 and "Edward, whose daughter Rebecca was baptized in 1630." The just-mentioned Henry baptized Feb. 7, 1566/67 became a glover, married Elizabeth and he died around 1630 in Burres, England. Their children were Henry the eldest, John, Bridget and Ann the youngest. "Between 1631 and 1639 Elizabeth Loker came to Mass. with her children and many of the relatives." Henry b before 1618, d Oct. 14, 1688 Sudbury, Mass, m Hannah Barber. Here the names seem to start reshing with those on page 1 of this Astrid Pickering compilation.

The Boyatt data includes a great deal of work reporting and interpreting records in Burres, St. Marrie, Essex, England; Sudbury, Mass.; New Jersey; Maryland; and Smith Creek, Rockingham Co, Virginia

4. Lucretia Arthur's research introduces a new possibility of family immigrants: brothers Gove (1633), Jacob and Pieter (1642) Lokermans/Loockerman's from Turnhout, Antwerp, Holland to New Netherlands (New York).

From The History of Rockingham County by J.W. Wayland: "Muster roll of Rockingham soldiers: Commonwealth, 10th Virginia Cavalry: privates: Thomas Loker, David Loker, Rash Looker.

From Virginia Revolutionary Warrants by Samuel M. Wilson: "Revolutionary soldiers & sailors of the Commonwealth of Virginia to whom Land Bounty Warrants were granted by Virginia for Military services in the War for Independence. Official records in the Kentucky State Land Office at Frankfort, Kentucky." Warrant 320 for William Locke, warrant 395 for Joseph Locke, warrant 3557 John Locke. Lucretia Arthur's research adds the names Locke, Lock, Locker, Locher, Losher to the list of possible spellings of the name.

5. David Bowers genealogy on page 2 prior to Thomas Looker "The Quaker" is based on a great deal of research. However proof of specific parent to child links between the generations has not yet been established.

Addenda (continued):

6. Back to Boyatt data, this time on Thomas Looker "The Quaker". She says Thomas Looker came to Smith Creek, Rockingham Co., Va "around 1732. He was to have obtained title to his first Valley land from old Mr. Burden who was the son of Benjamin Burden, an assemblyman with William Looker of Elizabethtown, N.J., and had made improvements on the land before 1735." She explains how with the changing of county lines, the land 2.Thomas gave his son James was in Shenandoah Co. She describes the location of Thomas Looker's White House "still standing in the 1940's at Tenth Legion...near...intersection of the Broadway Road with old U.S. 11. The area was also known as Long Meadows. I have tried to find the house (1989)...estimate...would have been on the cross road west from Bethlehem Church and destroyed by I-81."

She says Thomas Looker was b c1700, m before 1733, wife's name unknown. She probably died before 1769 because she did not sign the deed for land given to son James. Children: John c1736-1813 married Margaret __, James c1741-1813 m Frances, Grace b before 1733 d c1800 m Jacob Woodley. Thomas Looker died at Smith Creek, Rockingham Co., Virginia.

7. More on Mathews family, see 2B2., page 5. Boyatt data says under the subject of Smith Creek, Rockingham Co. places, her page 9:"Lotus Grove built in 1820 on US 11 north of Harrisburg. It was built by Dan Matthews son of Solomon who was a Pennsylvania Quaker living in Rockingham Co. before the RW. He had an iron works on Linville Creek 'Mount Ery'; and a forge on Smith Creek near Lacy Springs as Spring Forge. Hanna Matthews married Hiram Martz. p A county survey Book 8:102 1814-16 The road from Kreigs Mill on Linville Creek to go in a straight line its whole course thru the land of B. Salvages, John Houman, Solomon Matthews, Widow Reeves, Michael Summers and Colo Jn Koontz's mill on Smith Creek." On Boyatt page 16:"May 1813 Daniel Pickering became guardian of William Mathews, son of John. John Loker became guardian of Ann Matthews, dau of John in April."

3C.Elizabeth's second husband John Pitt d 1828 from flu according to a letter written by John Cowan reproduced in Frank B. Lamb's research.

8. In trying to locate farmland of 2C5.Jonathan Looker (page 14). The land map of Violet Twp. Fairfield Co. 1866 shows an S. Looker (grandson Sirus?) has 150 acres northwest of Pickerington west of Route 256, west of and bordering A. French farm, and northwest of J.B. Dovel 239 acres. S. Looker also? has 76 acres south of Pickerington bounded entirely on his west by J. Dovel land and entirely on his east by J. Ricketts land.

2. It is still uncertain exactly who the ancestry of 3D1.Thomas Looker who married Sarah Reeves is. Is page 5 or page 25 correct? In support of 3D1.Thomas in fact having different ancestry from the children of 2.Thomas Looker, "The Quaker":

First:Nellie Burns' father said the family was in Elizabethtown, N.J. immediately after the Revolutionary War. Thomas "Quaker" was well established in the Shenandoah Valley long before the Rev.War. So maybe 3D1.Thomas was descended from a Looker who came to Rockingham Co. much later. Second:Another possibility-Boyatt data tells about a Thomas Looker d c1724 who m Francis Asquit lived St.Mary County, Maryland and had sons Thomas and William. Son Thomas received inheritance from about three different sources, was same age as Thomas the Quaker and she says "The Maryland land would have been close to one of the main routes to the Valley." This Thomas could be the ancestor.

Third:In the 1700's and 1800's it seemed to be almost an ironclad custom for parents to give their children family names, with the first children receiving the names of their grandparents usually. Also as the paternal family name was preserved through the generations as the last name, the names of the maternal lines were very much preserved in the children's first names. For example see the names of children of all the daughters of 2C.James "Quaker"Looker.

From Boyatt data:"1808 Apr 20. Original minutes:Archibald Loker, orphan of Thomas Loker dec, came into court and made choice of Henry March as his guardian who is also appointed guardian for Darcus, David, Thomas, Polly, John, and William Loker, children of the said Thomas Loker decd, who with security entered into bond as the law directs." (March is sometimes Martz.) This along with records of administration of 3D1.Thomas' estate, verifies the names of the younger children of Thomas and Sarah. Records indicate they also had a daughter Margaret who perhaps died before her father. Three -or four- of these given names, Archibald, Dorcas, David and Margaret, are names that records so far indicate were never used by the known descendants of 2.Thomas Looker "Quaker." This could all be Sarah Reeves' influence, or could establish that her husband

3D1.Thomas had somewhat different ancestry from the descendants of 2.Thomas. Sarah's parents were John and Margaret. Did the names Archibald, Dorcas and David come from her ancestors or Thomas'? Finding earlier occurrences of these names in families in the Shenandoah Valley could help fill in missing ancestors. The remaining data combines information from Boyatt research and from Settlers by the Long Gray Trail.

Boyatt data gives the name Margaret to wife of 2B. John b 1735-40. Maybe some other John Look in mid-1700's Shenandoah Valley had a wife Margaret since the name does not appear again in any of 2. Thomas' or 2B. John's descendants. It does appear in 3D1. Thomas' family but of course was also the maternal grandmother's name.

Boyatt page 10 data says about 2. Thomas the Quaker: "he is said to have married Dorcas Alexander of Long Meadow. This is doubtful. Dorcas...to young" to be mother of Thomas' children. "Alexander of Long Meadows appears to be in Staunton, not Harrisonburg area." Perhaps it was 3D Thomas she married especially since he has a granddaughter named Dorcas.

Settlers... page 201 mentions Archibald Alexander in August, 1754 who "was an agent of Borden and had given Bowyer power to sign deeds to Borden's lands." His brother Robert Alexander is mentioned on p. 149. Page 236 says: "July 16, 1776, the first Court of Augusta County under the Commonwealth of Virginia was organized. The justices were Samuel McDowell, Sampson Mathews, and Archibald Alexander... In August, Alexander was recommended to Governor Henry for High Sheriff and on November 19th, qualified as such..."

Also living in mid-1700's in the Shenandoah Valley were Archibald Hopkins and Archibald Huston mentioned respectively on pages 148 and 187 of Settlers...

Boyatt data: "In 1734 Benjamin Allen, Riley Moore and William White came from Monocacy in Maryland to 12 miles south of Woodstock on the North branch of the Shenandoah River.

17. Nellie Burns passes on the following information from her ancestors: 3D1i. John Looker and family, accompanied by 3D1j1. Sally Pickering Layton's husband Abraham, traveled together in a large wagon train when they moved to Ohio. The group stayed at an inn, still standing, at Cumberland Gap, one night. Some of the people on the wagon train from present West Virginia, including a man named Fishhawk Bill, didn't have a last name. John Looker, having some legal experience, explained to them that they had to have a last name; so they took the name of Looker. All the people on the wagon train settled in this area -- so there may be Lookers living around here who are really no relation.

18. Darilas "Rile" Looker who m 3D1j5g. Sarah Ann Zirkle. Nellie Burns thinks he was related to her somehow. Between 1865-70 Ellen Looker bought from John W. Innis 3 acres south of Wagram. The land Sarah Zirkle Looker bought bordered it. The 1870 Census showed Ellen Looker age 63, she and both parents had been born in Pa., living on this property with her granddaughter Jane Moore age 12, as they were also in 1880. Could she have also been Darilas' grandmother? 1880 Census said his father was born in Maryland, his mother in Virginia. Also the same minister T.N. Madden who married Darilas and Sarah, a month earlier on Feb. 11, 1877, married Michael Looker and Mary Young (info. from Licking Co. LOCKER FAMILY TRADITIONS

47

1. The family name is Looker, but Loker and Lokay were used interchangeably in Virginia.

(This is certainly true. Sometimes all three forms of the name were used on one page of a legal document! It was also written Lucar, Lucre, and Luker, in New Jersey and in England. The earliest spelling I could find is Lucar.)

2. The Lookers are from London, England, and came to the Shenandoah Valley by way of New Jersey.

(This seems to be true. There were Lookers in Sudbury, Massachusetts, in 1639. Our line seems to begin with one William Looker, brewer, who sold land in Jamaica, Long Island, in 1676, and was an original proprietor of Elizabeth, New Jersey. This William Looker's daughter, Ann, married Benjamin Wade on Long Island about 1670, so he was probably there much earlier than 1676.)

3. The Lookers were originally Quakers, then Dunkards, and then Universalists.

(This is all true. The immigrant Lookers in Massachusetts were associated with Roger Williams, then fell out with him, and for a while were Seventh Day Baptists in Newport, Rhode Island. The early Lookers in Elizabeth, New Jersey, were Presbyterians. The pioneer of the family in the Shenandoah Valley was referred to in many court records before and after 1800 as "Thomas Looker, the Quaker". It is possible that Thomas came to Virginia with a large migration of Quakers in 1738, though the first record of his living there so far is 1742...Our family once owned communion glasses (resembling crystal wine glasses) said to have been used by the Dunkards in Virginia. There is also a pitcher, said to have been used in feet washing, and a "Lamb's broth bowl", into which they dipped bread. The Bethlehem Church in Tenth Legion was a "free" church until 1851, used by Dunkards (Church of the Brethren) and others, including Universalists. Historians say that it was built (1844) on the site of a former Quaker meeting house; someone said that Thomas the Quaker had given the land...My great-grandfather, William Looker, was said to have attended the Universalist church in his later years. His obituary says: "He never connected himself with any church, but he was strong in the belief in the holiness and happiness of all mankind which he supported by liberal contributions.")

4. The Lookers once gave some land to the city of London to be used as a park. If it is ever not used as a park, it is to revert to the Looker heirs.

(Sounds like a tall story, but I have found that Lookers did once own a great deal of property in "old London". In 1557 one Thomas Trumbull, a prosperous fish merchant, left it to his daughter Johane, who had married Emanuel Lucar.)

5. There were three or four Looker brothers who served in the Revolutionary War "with General Washington". (Didn't everybody?) Our branch of the family had a sword which our ancestor used in the Revolution.

(There were several Lookers - by whatever spelling - who served in the Revolution from New Jersey and from Virginia. Haven't been able to prove a connection yet.)

6. Our family is related to Othniel Looker, the only Revolutionary soldier to serve as Governor of Ohio. He was speaker of the senate when Governor Meigs resigned in 1814, and completed the unexpired term. He ran in the next election, but was defeated by Thomas Worthington.

(At the moment, it appears that Othniel's father and Thomas the Quaker's father were brothers. We are getting close!)

7. That there were two Looker brothers who came early to the Shenandoah Valley. One was a prosperous farmer who was constantly acquiring more land. The other one was a teamster who owned very good horses and wagons, and carried loads of lumber and other merchandise through the Valley to Roanoke, Atlanta, and/or Pennsylvania. Our family has a cow bell said to have been used on these trips to warn other vehicles that someone was coming up or down the mountain on the other side.

(Thomas Looker the Quaker apparently was prosperous, and there is much evidence that he bought land often. There was a John Looker there at the same time with no record of his owning land. He could have been the teamster.)

8. That the Lookers once owned some land in "Elizabethtown, New Jersey" (it was called that until about 1760) and because of some dispute over their claim, they had given up and moved to Virginia. Our folks said that when they left Virginia (1854) that they went first to New Jersey to see if they could claim their land, or receive money for it.

(The Lookers were indeed early settlers of Elizabeth, and bought more property until just prior to the death of one William Looker (called a vintner) in 1717. In 1718 "the town books were craftily stole" after it was discovered that two agents of the British crown were selling the same land twice. In 1729 the original owners and/or their descendants hired lawyers and surveyors to prove their rightful ownership. This agreement was signed by one Thomas Lucor, who we hope is our Thomas the Quaker!

Also, I found a record of some kind of controversy over the land in Elizabeth which reads as follows:

Index to Liber C (1740-1752)

Essex County Court Minutes

John Looker 40/45 conEL

William Looker 44/51, v

Lucar 42/43 conEL

(Genealogical Magazine of New Jersey, Vol. 29, p. 95)

I would guess that "conEL" refers to the controversy over the lands in Elizabeth; this dispute was in the courts for many years. I have written to the Essex and Union County courthouses, and they say that they do not have these records. I asked at the New Jersey State Historical Library in Trenton when I was there, and they knew nothing about them. If we could find these records, they would go far towards proving descent from the original owners. And there might be further record of this if our folks did indeed go there in the 1850's.)

This chronology is my attempt to put down all the information I could get my hands on, in chronological order, so I could do further research. I take no responsibility for inferences or implications: I only call them as I see them. When more than one source mentioned the same information, the original source, or the most reliable one, is given here. Apparently there were three, four, or five successive William Lookers in Jamaica and Woodbridge and Elizabethtown. If you, dear reader, can figure out any of this, please let me know! I'm still studying.
