MEET MARILYN MILLER SAENZ

By Trina Miller

Marilyn was born in Oakes, North Dakota to Melvin and Fern OXTOBY MILLER. She was the seventh child of a family of nine. (She was the youngest of the five girls). Oakes is about 60 miles north of Aberdeen and only about 10 miles from the SD border. In 1970 Marilyn and her sister moved to Rapid City to attend beauty school. After her graduation she started working at the Walk-In Beauty Shoppe. She was there for 20 years! She only left because her hands became sensitive to all the chemicals to which she was constantly exposed. Providence Washington Insurance Company became her next employer and she would still be there except the company moved to the home office. Not wanting to relocate to Rhode Island she got a job in the business office of the Rapid City Medical Center and has been there 2 ½ years now. (And they shouldn't be moving their office!)

In 1989 Marilyn's mother got a letter from one of her nieces asking for information about her family. The niece also sent copies of some of the information she had already collected on their family. Marilyn's enterprising cousin had also traveled to Germany to see if she could find the ancestral family farm. She did! And, of course, she wanted to take a picture of it! While doing so the current occupant came out of the house and wanted to know what she was doing. When she told him her GGGGgrandfather had lived on the farm he announced that they were cousins! He invited her in to visit and have a meal! His ancestors had been the eldest sons and stayed on the farm!

About a year after hearing this story, Marilyn asked her mother if she had sent the information her cousin had requested. Her mother had. Then Marilyn asked if she could have a copy. Then she bought the Family Tree Maker program and offered to put all the family info on the computer for her mother. About this time the RCSGR had their biannual seminar and Marilyn attended. The genealogy bug bit her! She is also addicted to Internet genealogy, often forgetting the time and not getting to bed until 1:00 am!

Her very first research project was to find out more about her mother's side of the family. Her mother's parents were divorced when she was only 6 and she never even knew her mother was alive until she was in her late teens. Their family name was WURTMAN and they were from Germany. Marilyn now has that line back 6 generations!

Other lines Marilyn is working on includes MÜLLER (remember her maiden name of MILLER, well it was changed along the way), DENKER, SPIELMANN, and SPLINTER all from Germany; and HARNESS and OXTOBY from England.

Marilyn and her husband, Joe, have two children – a son who lives in Hill City and a daughter who lives in Fort Collins. They have two grandsons, who are of course talented and adorable!

Joe isn't exactly thrilled with Marilyn's genealogy hobby. (Even though she has his mother's family, the BRIONES', back 6 generations! She hasn't worked on the SAENZ line since it goes right back to Mexico.) He would probably prefer she crochet, embroider, cross-stitch or read, all of which she loves to do! She also collects stamps, postcards, thimbles, and cats! Aren't genealogists busy people?

None of Marilyn's family has the patience required to look at census records, land records, etc. But they do appreciate the family stories that Marilyn has compiled. Marilyn said she is blessed to be the keeper of the family tree. She loves filling in the blanks on that tree.

Marilyn's family is very lucky to have such a dedicated researcher. And we are lucky to have this bundle of energy as our corresponding secretary!
