Hi Everybody!

There's nothing like doing your winter family letter on the first day of summer. My middle name has become PROCRASTINATION! And I will get rid of it!

I have received so much support for this idea, that I appreciate everyone's help and has anyone made a connection yet?

I have also decided to start a "Female Page" to help you all find your women in the Parten lines. There are a lot of Parton women and we lose them when they marry -like me-hoho-so, as I have this issue filled with as much as it can take, the "Female Page" or something similar will show up next time.

Thank you for those pictures, genie charts and family group sheets! They mean a lot so keep them coming!

Until next issue,

JOURNEYS

I have received some more information from Wanda Forste of Portales, N.M. on Robert PARTON. It seems she was in contact with a Dave Parton of S.C who sent her the following information on Robert PARTON: Please remember that this is not documented and is merely a copy from a letter received years ago. If anyone can document this particular info, please let me know.

" Robert, born 1589, came to America as a single man age 20. Probably answered add from London-Va Company for indentured servants. The contract called for 7 years service of Jamestown, Va and terminated with a gift of 100 acres and the tools to farm with. The first two suppliers involved 3 ships and about 125 people each. The third supply involved 9 ships and some 500 people. The deaths were unbelievable. Some 80% died with in the first two years. The third supply came the southern route by the Canary Islands where one ship turned back by the Azores and the Bahama Islands off Florida where they ran into a hurricane and lost another ship with all aboard. Shakesere wrote his classic The Tempest about that voyage. The leadship with all the management "Sea Venture" was blown off course and shipwrecked on Bermuda where they built another ship and came on to VA in the spring of 1610. The other six ships arrived in VA between AUG and OCT. They were too late to plant a crop, and the hurricane had destroyed the stores. Weevils got into what grain the settlers had stored for winter and with the new arrivals, didn't have enough food. This winter 1609/10 was called the starving time, even tho the new settlers had brought the plague with them. Out of 400 people, only 60 survived. Robert PARTON was one of them. At the end of his indenture in 1616, he received his 100 acres at Charles City. When his bride, Margaret, came on the GEORGE in 1617 they received an extra 50 acres because she paid her own transportation. Their children were born 1619-1621, 1624 and 1626 and he (Robert) held an honored position as an "Ancient Planter" given those who came over before 1612 and survived. He is shown on census taken between Jan and Mar 1625 with 3 children and 2 indentured servants. John Seward seems to have been a partner in a Bristol shipping company who came to VA near 1635. He put together a 1600 acre plantation called Leuanecke?. He was a member of the House of Bergess in 1644 from Isle of Wight. In 1649. he filed for a lane grant listing 32 people whom he had paid transportation for from England. Robert PARTON and his entire family were among them altho they had been in VA 40 years. John Seward bought Robert PARTON farm and livestock in 1648.

Journey's cont.

Seward also had plantation called Blackwater. Robert PARTON s family seem to have been overseers at Blackwater and Swards death(?). Robert PARTON, Sr sold his (Swards?) farm to his son Robert, Jr in 1642 after leasing another in Elizabeth City County in 1638. Robert, Jr sold to Seward in 1648. Since the PARTONS owned no property or estate, there seems to be no records during 1650 to 1700. Robert JR was born 1624. There was a Robert PARTON that appears in Surry Co in 1700 and marries Elizabeth Rawlings."

How many questions did you come up with? I don't have much access to very early VA colonial records so one of you can document this info, please let me know.

*****QUERIES*****

1. Need info Jasper PARTON; Son of William And Sarah PARTON 1850 Maury Co. TN. Jasper went west with borthers John and Henry and was living with John 1860 Greene Co MO. Did he go to Mexico or WAY out West to avoid the Civil War?
2. Need info on Jasper's younger brothers, William & George who were listed with their parents William and Sarah on the 1850 Maury Co Tn Census. George was born in TN 1842 and William 1848. The boys were 8 and 2 yrs respectivley so I doubt they went with their older brothers to MO. Their father, William, was not in Maury County by 1860.
3. William PARTON AND wife Sarah listed 1840 and 1850 in Maury Co, TN but gone by 1860. Besides the boys, John, Henry, Jasper, George and William, and 89 year old woman, Judy BARNES was listed in the household. Grandmother, mother-in-law, aunt?
4. Need Inform John and Sarah E. (Johnson) PARTEN. They were married 14 Dec 1853, in Greene Co MO. The 1860 Christian Co MO Census has them listed with Lucius b. 1855, Grant Allen b. 1857 and Sarah A. b. 1860. By 1870 they had moved to Taney Co, MO and by 1900 they were in Searcy Co ARK. Where and when did John die? Where and when did Sarah die? The 1880 Searcy Co ARK Has John listed with new wife (?) Nancy and four daughters. Would like info on John and Sarah and Nancy if she was a second wife.

Hi Everyone!

I'm in the throes of a US History class at our Community College and am really enjoying it. It puts me in touch with my family back in 1792 in North Carolina. I can also feel the thought, ideas and work of that society early in this country.. Maybe you can try a local history class and it might help you with ideas for research. As many Genie Faires I've gone to, listened to professional genealogists and picked up a lot of searching ideas, those history classes also include more ideas of what documents were written for various business' and politics.' Maybe one of your ancestors had thier names on one of those papers. Maybe they were involved in one of our obscure "wars" that were always fought in the 1600's and 1700's. My class is only costing me \$15 a semester and so far it has been worth every cent. And I even got to interject some information I've found through genealogy and my Proffessor really enjoyed it.

Keep ~~toasty~~ warm -- and make a snow angel for me.
