106th Overseas Battalion C.E.F. Nova Scotia Rifles - 1916

by *Dave Conrad, Victoria, B.C.*

I have scanned all 47 pages of a commemorative album and put up a web site about the 106th Overseas Battalion, Canadian Expeditionary Force, Nova Scotia Rifles. It has pictures of every member when the album was done in 1916. I have left what I thought were spelling errors in place names as is although I may have made a few of my own. The images may be viewed on the internet at:

<http://www.angelfire.com/trek/rifles/rindex.htm>

I was lucky to get the album from a Cluney relative. I had two Cluney relatives in the regiment. There are families from all over the province represented. While the majority are from northern Nova Scotia and Cape Breton, nearly every little town in Nova Scotia appears, many I have never even heard of. There also seems to have been a high percentage of first nations soldiers in this regiment.

For many of these people, it was probably the last photograph every taken of them.

[Note] The names and home towns of the men have been extracted and indexed by GANS volunteers and are presented here sorted alphabetically by place name. The original pages include their service numbers.
