## Anchorage Lots Bring Big Prices At Auction Sale

Extracted from the July 1915 Cook Inlet Pioneer

Anchorage broke all pervious records in the sale of lots in government townsites when in two hours time successful bidders bid on property for which they agree to pay, in the aggregate, \$48,000. No better evidence of the faith of bidders in the future of Anchorage can be desired than the eager demand for locations which has continued throughout the sale. These lots were in the general area of 4th. Avenue and C Street and embrace what is generally considered the business section and close-in residence property.
