Information which may (or may not) help one with this search:

Isabella Diantha Akey married John Sullivan in 1867 and had four children live to adulthood: Kate Sullivan, Vesta Sullivan, William F. Sullivan, and John Gardner Sullivan. Pearl Sullivan must have died as an infant or young child, because she was not mentioned on any more enumerations after 1880. Kate must have married early—had a daughter named Sadie, perhaps had another daughter named Willie Belle Thomas—and then Kate divorced Wm. Thomas and filed a Habeas Corpus to gain custody of that daughter. Kate b. 8 Jan 1884, in Kansas, lived for many years with family as a single lady, eventually d. 22 Aug 1945, at the Eastern Star Home, in Fort Worth, where she is buried in Parkdale Cemetery.

I have census documentation which states the family lived in Center, Atchison, *Kansas*; Waxahachie, Ellis, *Texas*; Waco, McLennan, *Texas*; Palestine, Anderson, *Texas*; Tyler, Smith, *Texas*, and finally—Texarkana, Bowie, *Texas* and possibly Miller County, *Arkansas*.

I suspect at one time or another, John worked for the Railroad. I have courthouse records which state he sold a right-of-way to a Railroad company. James T. Webb worked for the railroad; J.G. Sullivan worked for the railroad before getting injured on the job; and my grandfather, Charles Lewis Sr. Sullivan, even worked for the railroad in the early 1920s. Wm F. Sullivan's death certificate states he was born in *Missouri*, although I have not been able to verify that information.

I have more information, but will withhold it at this time. There you have it (and more!) If anyone is interested in working on this search, s/he may contact me via snail mail, the telephone, or our Email address. Thank you!
