Honorable Discharge Records, Contra Costa County

In November 1994, Robert Westby, then County Records Manager in the Contra Costa County Records Office, spoke to CCCGS and told of six volumes of Honorable Discharge Records held by the County. The date of recording, not the date of discharge, ranges from 1919-1932 in the first four volumes. The main purpose of recording an honorable discharge was so that a veteran could receive benefits. Naturalization could be achieved through military service; the recorded discharge was part of the process. The 1919 records include some for service in the Spanish American War. There are female nurses from WWI. The records themselves give details of service, wounds, treatments, medals, citations, etc. There may be as many as six pages of typescript per individual. The veteran (or in some cases a probate official) presented documents and the clerks transcribed what was presented. All the information is in the public record. Westby created an index to the names in the first four volumes and gave a copy to CCCGS. It was always our intention to publish the index; the short-lived Quarterly (1996) announced that we would do so. Finally this valuable information will appear in print. Our long overdue thanks to Bob Westby!

MOORE-BELL – In Martinez, Dec 4th, by Rev HB Monges, Francis Moore and Matilda Bell, both of San Francisco.

Sooner or later we all discover that the important moments in life are not the advertised ones, not the birthdays, the graduations, the weddings, not the great goals achieved. The real milestones are less prepossessing. They come to the door of memory unannounced, stray dogs that amble in, sniff around a bit and simply never leave. Our lives are measured by these

—Susan B. Anthony (1820-1906) American
