1890 GREAT REGISTER OF TRINITY COUNTY

INFORMATION ABOUT THIS BOOK

The information contained in this listing were taken from a microfilm copy of typed transcript entitled "Great Register of Trinity County". The entries are fully alphabetized so no index is included.

At the end of the listing, additional names were given in a "supplement" listing with no page numbers. These entries are identified as "Sup".

The age given was the age at the time of registration. Some names may appear more than once. In some cases, the individual moved and he then re-registered. In other cases, it appears that the individual simply registered more than once or that there were two or more people of the same name in the area.

The date and place of naturalization is usually given in the Great Register. Because of space limitations, only an indication of naturalization has been given and occupations were omitted.
