Letter from BARTLETT Family Bible

Letter found in the Bartlett Family Bible from Henry B. Bartlett to his father, James Bartlett, Carroll County, GA.

Rough & Ready Clayton, GA Dec. 10, 1861

Mr. James Bartlett

Dear Farther,

This opportunity affords me mutch pleashure to drop you a fiew lines whitch leaves us all well as common and I hope this may find you the same. I arived home last Sunday. I left Vagina last Tuesday and I feel vary mutch fatigued by travling. I am not able to do mutch yet but I hope by taking good care of myself that I will get well agane. I have a honorable Discharge from the Confederate Army but I shall not be satisfied to stay away from camps or Battile fields under the Circumstances that now surounds us on every hand. Our coast is being invaded and now our own state cals aloud for assistence and he that has one spark of Patriotism if his ability will admit would not stand back at a mintes' warning to march. If throu a kind providence I am permitted to get well I will go. It will be some time before I will get to cume to see you for you know my circumstances. I want you to write to me and let me know how you are and cume as soon as you can for I want to see you vary bad. So nothing more at present onlt remaining your Affectionate Son till Deth.

Henry B. Bartlett

Special World War I New York State Census

by Arlene L. Parnes

On a recent visit to New York my cousin showed me what he thought to be Max Galewitz' (my grandfather) World War I Draft Registration Card. (A copy of the card is at the bottom of this article)

As my grandfather's children were already adults I thought it improbable he had registered for the draft. I mailed off my inquiry to the Military Archives and enclosed a photo print of the "card". I was lucky as after a while I received a PHONE CALL. My inquiry had reached a knowledgeable person who explained the state had taken a census of all men in New York State. This gave them the number of men they could call upon if necessary, and they issued a card to each man. The woman then stated many people do not know about the Census -- not even in New York. My grandfather was 47 years old -- too old for the draft.

While looking for his registration, she found what turned out to be my uncle's card. Would I care to have his card instead? When she read the information to me on the card that my uncle had written there was WILNO, the name of the town from which the family originally came. No one in the family had known the name of the *shtetl* at all. Naturally I asked for a copy of that WW1 Draft Card.
