Bohemian National Cemetery: Burials  
January through April 1903  
by Gail Santroch and Edna Robel

This is a continuation of the six volumes of burials that the Society has already published.

Bohemian National Cemetery is located in Jefferson Township in the City of Chicago. The burial registers are recorded chronologically by burial date but this list is arranged alphabetically. The registers are written mostly in the Czech language, but we have translated almost all words and phrases into English. Interpreting the handwriting in the burial registers was difficult at times; therefore, it is possible that errors may have occurred.

The following symbols can be found in this list:

- [ ] square brackets have been placed around possible interpretations of items that might otherwise be unclear, *i.e.* 593 Obrayn [O'Brien], as well as around helpful notations, *i.e.* [dates may be reversed] or [sic] or [error?].
- + a plus sign in the "C" column indicates that "coroner" was written in the physician column in the registers

Many reburials are indicated in the burial registers. New grave locations were entered in red ink above the old grave location, and the date(s) of reburial were entered in its "Remarks" column. This list shows only the latest burial location in the "Grave Location" columns. The last column gives the date(s) of reburial, with the previous grave location(s) given in square brackets.

A more extensive introduction as well as maps, word lists, and a bibliography can be found in each of the first five volumes.

A metal sign between the parking lot and the Kennicott house reads:

Kennicott House

Kennicott House was built in 1856 by John A. Kennicott, a prominent Illinois physician, horticulturist, and educational and agricultural leader. Kennicott moved to the grove from New Orleans with his family in 1836 shortly after the birth of his son, Robert, in 1835. He devoted much of his time to the study and promotion of horticulture and agriculture, developing The Grove into the first major nursery in northern Illinois. Robert Kennicott developed an interest in nature at an early age, studying with his father. He helped found The Chicago Academy of Sciences, and his exploration of Alaska gave the United States its first scientific knowledge of that region and influence the decision for its purchase.

Erected by The Grove Heritage Association and The Illinois State Historical Society, 1978.

Nearby, there is a plaque mounted on a boulder that reads:

“The Grove has been designated a National Historic Landmark.  
This site possesses national significance in commemorating the history of the  
United States of America.  
1976; National Park Service; United States Department of the Interior.”

A plaque on another nearby boulder has this inscription: “Acknowledgement, with deep appreciation, is given of the major gifts contributing to restoration: Zenith Corporation, Chicago Community Trust, Field Foundation of Illinois Inc., John W. Leslie Fund, Robert R. McCormick Foundation, Mr. & Mrs. John W. Leslie, Kraft, Inc., Moore Business Forms, Inc., Glenview Jaycees, Avon Products, Grove Heritage Association, Federal Historic Grants-In-Aid, Illinois Department of Conservation, Glenview Park District, Many Individual Citizens. Dedication: September 25, 1983.”

# The Bohemian Polish Catholic Cemetery Society of Chicago

by Diane McClure

Reprinted with permission from the Fall 1989 issue of Chicago Genealogist, Vol. XXII, No. 1, pp. 21-24.

Many early death certificates listed the place of interment as "Bohemian Polish," "Old Bohemian," "Bohemian Catholic," or "Bohemian," with no reference to location. This cemetery is Sections 2, 3, 4 and 7 of St. Adalbert Cemetery located at 6800 N. Milwaukee Avenue in Niles, Illinois.

St. Adalbert's was organized as the Bohemian Polish Catholic Cemetery Society of Chicago on April 18, 1872. In the incorporation document, dated May 5, 1875 and recorded November 5, 1885, the directors for the first year were Right Rev. Thomas Foley (Bishop of Chicago), Rev. Joseph Molitor (pastor, St. Wenceslaus Church), Rev. William Coka (pastor, St. John Nepomucene Church), Rev. Vincent Barzynski (pastor, St. Stanislaus Kostka Church), Rev. Dominic Mayer [Majer] (pastor, St. Adalbert Church), Joseph Roubek, John Tryams[?], Paul Szeda [?], and Stanislaus Lasczynski. The document was signed by Rev. Joseph Molitor, John Barcznek, and Peter Kiolbassa.

Burial records in the Bohemian Polish Cemetery have been commingled with those of St. Adalbert. However, since office records at St. Adalbert Cemetery do not begin until 1912, it can be difficult or impossible to locate the gravesite of earlier burials. Not all deeds were recorded, and usually only when it was necessary to prove ownership and then, perhaps, for a burial. Most of the plots were purchased at the parish church, and many of the deeds were signed by Rev. William Coka, Rev. Joseph Molitor, and Rev. Francis Bobal "by authority of the Catholic Bishop." Fr. Bobal was the pastor of St. John Nepomucene from 1877 to 1908, then went on to St. Ludmilla.

In the following abstracts, "CB" indicates the Grantor was the Catholic Bishop of Chicago. The pages shown are those on which the entries are listed in the Deed Book. Section entries were listed with both Arabic numbers and Roman numerals. Only a few entries listed the date of instrument (deed) and random deeds were selected to obtain the date of the document and additional information not shown

in the Deed Book. This information is enclosed in brackets. These deeds have all been microfilmed and the pro-

cedure in locating them is the same as that used in abstracting Cook County property records.

The P.G.S. is exchanging newsletters with a relatively new group who are descendants of Germans from Volhynia and Poland. The newsletter we recently received is entitled *Wandering Volhynians*, Volume 3, Number 2, dated June, 1990. This issue is typeset, containing twenty-two pages, and is very nicely done.

There is mention of Ks. Jan Sklorz, from the Lutheran Parish in Radom, whose records date back to the founding year of 1830 and who is willing to do research. He can be contacted in Polish or German, and it was suggested that any request for research should be accompanied with a minimum of \$20.00 — and if he uncovers valuable information a further donation is in order. "Research takes considerable time, please don't expect him to do your work for less than minimum income," the editor, Mr. Wuschke, states. The address is: Parafia Kosciola Ewangelicka, Ks. Jan Sklorz, ul. Reja 6, PL 26-600, Radom, Poland.

Another important article in this issue is "A Bibliography of Articles on Volhynia and Poland as Found in the American Historical Society of Germans from Russia Newsletter and Journals," which cites twenty-five articles on the subject.

There are many gaps in Polish research where Lutheran records are concerned; it looks like *Wandering Volhynians* will be able to help fill some of those gaps. The subscription rate is U.S. \$10.00 at this time. Write to: Wandering Volhynian Group, 3492 West 39th Avenue, Vancouver, B.C., Canada V6N 3A2. ☞
