Introduction:

ORANGE COUNTY CALIFORNIA GENEALOGICAL SOCIETY ONLY

- a) Source: microfilmed copy of original records at County Clerk's office, Benton, IL (contact their office if you wish copy for genealogical purposes)
- b) Locations for parents' births are given in order of State, County, City/Township
- c) Child#: means birth order for mother (certain forms do not give this)
- d) #living (incl.): means Number of children born to this mother and living at the time of this birth including this birth. (certain forms do not give this)
- e) When person present at birth (e.g., medical attendant) is no longer living, then affidavits were required. These can be useful as to where some of the family went. The date of the affidavit is usually very close to the filing date.
- f) res. means residence of person making the affidavit
- g) \* is added info – use with caution - srj

I inadvertently missed one of the 1880 births presented in Fall 2003 F&F:

# SHOOTING OCCURRED AT A LATE HOUR SATURDAY NIGHT

The Benton Evening News

January 23, 1922

A shooting scrape occurred at the home of Willie CRADDOCK, in the Franklin County Mine addition, about 12 o'clock Saturday night, in which Don Mc KINNEY shot Gail and Albert PICKETT.

Mc KINNEY has not been a resident of Benton very long, having come from Texas a few months ago, and was working in the Middle Fork Mine. After the shooting he made good his escape and has not been captured.

The particulars, as near as can be learned is that there were two family gathered at the CRADDOCK home to hear some gramophone music. Mc KINNEY who boarded nearby, was there. Presently someone threw a lump of coal through the south window into the crowd. A little later Gail PICKETT came to the front door and asked to come in. He stood by the stove with his overcoat on but soon took it off.

Mc KINNEY seemed to have gone out the back way, and on returning to the house, he saw someone standing in the dark near the window through which the lump of coal was thrown. He walked over to him and with his gun leveled on him demanded he enter the house. It was found that it was Chalon PICKETT. He was accused of throwing coal through the window, but he denied it, all the time the gun being leveled on him. While this was going on Gail PICKETT left, and it is not believed that he went after his brother Albert, because he did not know what was going to happen to his brother.

But the matter between Chalon and those in the house was fixed up and they all shook hands and treated it as a joke. Chalon then left, it was thought he left to tell his brothers that everything was all right but he must have missed them, for at midnight Gail and Albert returned and not seeing their brother did not know what had happened. Gail had his hand in his pocket and when Mc KINNEY asked him to take his hand out and he refused. He also refused to throw up his hands and Albert opened fire and shot two or three times. Some say Mc KINNEY shot first.

Anyway when the smoke of the battle cleared away, Gail was shot twice in the stomach and twice in the shoulder, and he was thought to be mortally wounded, and Albert was seriously shot in the shoulder. They lived for several years following the shooting.

1840 FEDERAL CENSUS - INFORMATION RECORDED

The information recorded in the 1840 Federal Census is being presented in the tabulation which follows these paragraphs.

The information included in this abstraction consists of the names of the families and the number of males and females in each of the age brackets. Each age bracket has been given an alphabetical designation (A-B-C, etc.), and the meaning of each will be found by comparing the alphabetical designation with the corresponding age bracket in the tabulation of information following these paragraphs.

Revolutionary or other military services pensioners are included and are set aside by an asterisk. Free colored persons have been recorded as they were found in the listings, however, the data on their families will be found on the last page of the record as reproduced here.

HOW TO READ THIS CENSUS RECORD

Checking page 1, line 1, the following listing will be found for John T. Knox's household:

	ABC	DEF	GHI	JKL	M	NOP	QRS	TUV	WXY	Z
1. John T. Knox	-1-	-2-	---	---	-	2--	-1-	---	---	-

The meaning of each of the columns having an alphabetical designation is shown on page 7. Using this guide, it is found that at the time the 1840 Federal Census was taken John T. Knox's household consisted of:

B- 1 male between 5 and 10 years of age

E- 2 males between 20 and 30 years of age

N- 2 females under 5 years of age

R- 1 female between 20 and 30 years of age

The actual interpretation of this data is up to the reader. We would assume that the data for John T. Knox's household reveals that he and his wife were between 20 and 30 years of age and that they probably had three children, one boy and two girls. There was another male living in the household about the same age as John T. Knox, however, there is no way of knowing whether this male was a brother to John T. Knox or to his wife or, if, he was a hired hand helping with the farming.

FOR AN UNDERSTANDING -

of this work, the reader should keep in mind three important points:

"The first records of Franklin County, Illinois were destroyed by Fire the night of November 18, 1843."

"A committee was authorized to reconstruct to the best of their ability the lost records."

"In many instances this work includes both the issuance of the license and the performance of the marriage ceremony."

The Franklin County, Illinois First Marriage Book is mostly a reconstruction of lost records. We have attempted to provide the reader, on pages 17 and 18, an insight as to how some of the records were reconstructed. It appears that the committee made use of several sources: the private records of the Justices of the Peace, the records of the Ministers and the private records of the individuals.

It seems apparent that the marriage records for the last couple months of 1835 through 1842 and possibly the early part of 1843 were at least in part salvaged. A study of the First Book, as is evidenced by the entries beginning on page 18 of this work, reveals that an effort to save the records were begun before the State Legislator authorized, in 1845, the reconstruction. The recordings for the years 1836 through about 1842 seems to have been copied by the same scribe from the original as the hand writing and ink appears to be identical on about 60 pages of this First Book.

The reader will note, particularly on pages 18, 19 and 20 of this work, that a considerable number of marriage records have been re-instated. The earliest being the marriage of John Taylor to Synthia M. Webb in December 1819. The procedure used for the re-instatement has been illustrated by the complete copy of the entry made on Wednesday Morning, May 14th, 1845 on page 75 of the Marriage Book (on page 17 of this work). In order to conserve space, we have merely indicated on later entries that the record was re-instated.

The First Marriage Book was used to both record the issuance of the marriage license and later to record the performance of the ceremony. The county clerk used the back portion of the book to record the issuance of the license while the front was used to re-

cord the performance of the ceremony. We have followed the same procedure in making this abstraction. It should also be noted that the spelling used when the license was issued was not always the same used by the J.P. or Minister when he got around to turning in the record of the performance of the marriage ceremony. In a few instances the Minister's returns indicated he performed a marriage ceremony without naming the participants and the returns in this manner were duly recorded.

Lastly, we want to emphasize the fact that portions of this First Marriage Book is extremely difficult to read and many entries are subject to individual interpretation as to what the scribe intended. Our previous work on the early census records of Franklin County plus the genealogical studies of a number of the early families have been of assistance in recording of the information.

The possibility that an error was made in re-entering the records cannot be overruled. For example - On page 7 of this work, the fourth entry for page 29 indicates the marriage of John Pope to Leanna Webb in 1838 performed by John Manis, M.G. This is clearly an error as John Page was the husband of Leanna Webb. Even with this knowledge, the recorded entry can still not be interpreted any other than John Pope.

Several abbreviations are used to indicate the title of the individual performing the ceremony. Most of these are commonly used, however, we will give what we believe the intended meanings were:

C.C.	-County Clerk or Christian Church
clk.	-Clerk
ECC	-Elder, Christian Church
J.P.	-Justice of the Peace
M.G.	-Minister of the Gospel
M.G.M.E.	-Minister of the Gospel, Methodist Episcopal Church
P.J.P.	-Probate Justice of the Peace

Franklin Co., IL Delayed Birth Certificates for Births Occurring in the Year 1883

\*\* extracted and donated by Sheldon Jones (srjones@pcisys.net) \*\*

Introduction:

- a) Source: microfilmed copy of original records at County Clerk's office, Benton, IL (contact their office if you wish copy for genealogical purposes)
- b) Locations for parents' births are given in order of State, County, City/Township
- c) Child#: means birth order for mother (certain forms do not give this)
- d) #living (incl.): means Number of children born to this mother and living at the time of this birth including this birth. (certain forms do not give this)
- e) When person present at birth (e.g., medical attendant) is no longer living, then affidavits were required. These can be useful as to where some of the family went. The date of the affidavit is usually very close to the filing date.
- f) res. means residence of person making the affidavit. Note: this may be closest 'town', many list addresses on rural routes. Also, FCI = Franklin Co., IL.
- g) 'sic' emphasizes this is the way it was written in the record
- h) \* is added/corrected info, '|' means 'OR' - use with caution - srj

**REMEMBER WHEN?** If you do, then you've seen many changes in the looks of Benton, as well as of being an age entitling you to proudly carry the label of "senior citizen." The photograph, carrying the date 1893, shows the southwest corner of the Benton Public Square at that time. The block occupied by the large two story house and barn, just off the square, is now occupied by the Benton Community Bank, while the large frame church

with a spire in the background is now the brick building of the First United Methodist Church. The picture was among the historical effects of the late Judge Thomas J. Layman, bequeathed to the Franklin County Historical Society. Judge Layman was for many year's the county's unofficial historian, and members of the Society are cataloguing the papers and documents.

Walter Webb found dead beside road in New Hope  
Neighborhood, Funeral Saturday Afternoon

Walter R. WEBB died yesterday afternoon about 3 p.m. of heart failure, and was found by the road side by Walter FOWLER, one of his neighbors, near his home east of Ina.

Mr. Webb had started to the threshing machine to help in the work when he was stricken and died. He had been in poor health sometime.

The coroner was called and an inquest was held, the jury finding death due to heart failure.

Mr. Webb was born nears Webb's Prairie in Franklin County, about 71 years ago.

He was united in marriage to Parilee HOGAN in October 1887. Five children were born to their union as follows: Mrs. Mattie CANE of Texas, Delia, who died more than 20 years ago, Charley, who died early in September, Willie E., who died many years ago and Byford Webb of Chicago, leaving two of them surviving.

Mr. Webb was a member of New Hope Free Will Baptist Church and a trustee of the church. He took great interest in the church and its work and lived the religion he professed.

As a farmer he was energetic, industrious and progressive and a model citizen.

Funeral services will be held Saturday afternoon at 1:30 at the New Hope Church east of Ina, conducted by Rev. Riley BURTON and burial will follow in the cemetery nearby.

After the death of his son Charley, he made his home with Nellie Webb, widow of the son, who died several weeks ago.

Mr. Webb was in a Cario restaurant when he was held up by three men and he was shot dying shortly after his wound.
