

Trinity Lutheran Church of Peoria, Illinois *Baptismal Records 1868 to 1870 Introduction*

submitted by Donna Schlatter

These early church records provides a substitute records for the pre-birth records and are indispensable as a source. Donna has worked hard at transcribing the German writing from the Trinity records and it was not easy! At first, Donna was only doing her family lines.

By the early 1990's, Donna learned that the Peoria County Genealogical Society had microfilmed the church records and began to transcribe all the records.

Should you wish a photocopy of the German microfilm record, please send at least a \$1.00 donation and a SASE (self-addressed stamped envelope) for every four names requested. Some of the microfilm images are poor and thus copies will be poor. Please be patient and wait till the year(s) of interest are printed before requesting copies of the microfilm.

Legend: *nee* = maiden name *Frau* = Mrs.

GLEANINGS FROM THE PAST

By Fred Katko

Peoria Daily Transcript, Thursday,
December 17, 1868 Page 2 Col. 2.

Stark County Items.

C.S. Payne, of Wyoming, Stark county, during the past season, has erected a first class merchants' and custom mill, said to be equal to any in the State, for, solidity of building and neatness of finish. It is 48 x 92 feet in size and three stories high. It has an engine room 12 x 32 feet, and a boiler room large enough to contain a boiler sufficient to drive an eighty-five horse power engine. The entire mill and its furniture cost \$25,000.

The boiler are of the tubular pattern, and were manufactured by our enterprising citizens, Cody & Brother, Water street. They are of the best make, and reflect credit upon the manufacturers.

The engine is a perfect model of workmanship, and was also manufactured in this city, by the firm of H.G. Anderson & Co., corner of Adams and Eaton streets. It sets on a firm foundation of limestone, from the Chase quarry at Princeville, and so solid is it that it works almost, as noiselessly as a sewing machine.

The first floor of the mill is beautifully grained, and is nearly as perfect in neatness as a parlor. This part of the mill is the handiwork of Mr. George Greenwood, of this city, who has built many excellent mills in this vicinity and elsewhere. There is no loose flour sifting out through gaping joints, but everything is as it should be.

The capacity of the mill is six run of buhrs, four of which are now running. They were manufactured by Messrs. I.G. Reynolds & Son, of this place. Three of the set are of the old French buhrs. The miller is a gentleman of great experience and he pronounces the stones the finest he ever saw. The smut mills and the introduction of the new

improvements in mill machinery is a marked improvement in this. In place of the feeder in common use attached to the buhrs is the Elgin crusher, duster and cleaning fan, which cleans the wheat from all impurities that may by accident pass through the smut machine. This improves the grade and color of the flour.

During the time it has been running, the machinery has never choked nor any part of the machinery given out.

Throughout, the mill reflects great credit upon all who contributed to building and furnishing it.

Mr. Payne is compelled now to draw all of his flour to Chillicothe, but looks forward to the day when the Peoria & Rock Island railroad will pass near him and he can ship to Peoria.

We also understand that Mr. Samuel Conover has improved his mill and has introduced a number of new improvements.

The Wyoming House has taken unto itself wheels, and now occupies a better place on the corner of a prominent street. The accommodations are good.

The business men of Wyoming speak encouragingly of the reviving trade. With the local advantages of Wyoming, it will prosper under the benefitting influences that will be conferred upon it by the railroad that will soon pass through there.

Ezekial Boggs, of Penn township had a hand torn off by a threshing machine, last week.

Peoria Daily Transcript, Thursday,
December 17, 1868 Page 3 Col.'s 2 & 3.

CITY AND VICINITY.

Wm. Rugh opens his pistol gallery today, on Hamilton street, a few doors below the Peoria House. Free to all.

#####

Looking for any descendant of the **COLLINSON** family either from the Knox & Henry County area or England. Thomas [b. abt 1767, d. 5 Jan 1848] & Mary [b. abt. 1766, d. 25 Dec 1818] (**KIRBY**) **COLLINSON** had ten children in England: Mary; Ann; John; Thomas; James; Martha; Abraham; Simeon; Isabella; & Rachel.

Would like to contact as many relative as possible before the 80th Collinson Reunion in August of 2001.

Trinity Lutheran Church of Peoria, Illinois Records Introduction

submitted by Donna Schlatter

These early church records provides a substitute records for the pre-birth & pre-death records and are indispensable as a source. Donna has worked hard at transcribing the German writing from the Trinity records and it was not easy! At first, Donna was only doing her family lines.

By the early 1990's, Donna learned that the Peoria County Genealogical Society had microfilmed the church records and began to transcribe all the records.

The plan is to continue with the baptismal up to about 1868 in the next several issues and then start with death records from 1857 to 1868. Baptismal Records from 1857 to 1861 are in the *Prairie Roots*, Vol. 27, #4, Summer 2000.

Should you wish a photocopy of the German microfilm record, **please send at least a \$1.00 donation and a SASE (self-addressed stamped envelope) for every four names requested.** Please be patient and wait till the year(s) of interest are printed before requesting copies of the microfilm.

Trinity Lutheran Church of Peoria, Illinois *Baptismal Records 1871 to 1872 Introduction*

submitted by Donna Schlatter

These early church records provides a substitute records for the pre-birth records and are indispensable as a source. Donna has worked hard at transcribing the German writing from the Trinity records and it was not easy! At first, Donna was only doing her family lines.

By the early 1990's, Donna learned that the Peoria County Genealogical Society had microfilmed the church records and began to transcribe all the records.

Should you wish a photocopy of the German microfilm record, please send at least a \$1.00 donation and a SASE (self-addressed stamped envelope) for every four names requested. Some of the microfilm images are poor and thus copies will be poor. Please be patient and wait till the year(s) of interest are printed before requesting copies of the microfilm.

Legend: *nee* = maiden name *Frau* = Mrs.

Trinity Lutheran Church of Peoria, Illinois Death & Confirmation Records 1857 to 1868 Introduction

submitted by Donna Schlatter

These early church records provides a substitute records for the pre-birth & pre-death records and are indispensable as a source. Donna has worked hard at transcribing the German writing from the Trinity records and it was not easy! At first, Donna was only doing her family lines.

By the early 1990's, Donna learned that the Peoria County Genealogical Society had microfilmed the church records and began to transcribe all the records.

We hope to continued with the Baptisms, Death, & Confirmation records beyond the 1868 year in future issues of the Prairie Roots.

Should you wish a photocopy of the German microfilm record, **please send at least a \$1.00 donation and a SASE (self-addressed stamped envelope) for every four names requested.** Please be patient and wait till the year(s) of interest are printed before requesting copies of the microfilm.

Legend: *Herr* = Mr. *Frau* = Mrs.

Trinity Death Records 1857 to 1868

Death	Burial	Name	Info
29 Oct 1857	31 Oct . .	WILLS, Georg Wilhelm . . .	b. 15 Sep 1857 s/o Tonjus & Gelina

Maps Showing Cemeteries

The following information on maps showing cemeteries is from Ancestry Daily News, 16 May 2001, which brings you "Your Daily Dose of Genealogy." This is a free newsletter from Ancestry.com, and anyone can sign up and receive it at no charge. I find much that is useful in their newsletter.

When I go into a courthouse I go into the Tax Assessor's office and purchase a DOT map of the county. I then take a red ink pen and circle the cemetery signs on the entire map, so when I am able to visit an area where I know my ancestors lived, I can follow the rural roads directly to the cemeteries that I want to search. I know from experience that in GA those maps I purchased in 1970s had the cemeteries identified, but a more recent one for Bibb Co., GA does not show the cemetery symbol. I wish that they would continue these markings on the maps for those of us trying to locate our loved ones so long ago passed on before us.

Naomi Buckner

Editor's Note: The U.S. Geological Survey (USGS) Geographic Names Information System can be searched for cemeteries by county. Just pick a state, enter the county, and under "Feature Type" choose " c e m e t e r y " a t :
http://geonames.usgs.gov/pls/gnis/web_query.gnis_web_query_form

The list of cemeteries in the database shows

the town or city that each cemetery is located in, and by clicking on a particular cemetery, you can get the exact location. Maps, and sometimes aerial photographs, can also be brought up and zoomed in on.

Welcome to My Learning Center

Linda Haas Davenport has put together a personal page of information that is an excellent source of information not only for the beginning genealogist, but helpful, too, for those with many years of experience. She touches on many topics, some in rich detail. Her essay on History and Use of Land Records is excellent. She examines and explains the use of many kinds of records. Are you prepared for that trip to the courthouse? Better check Linda's essay on how to prepare -- it may save you time, money and loads of frustration. . . . and when you tire of the serious stuff she has a section labeled Fun History and another with Olden Times Information. Think you are well educated? Try the eighth-grade final exam from 1895 from Salina, KS. USA. It was taken from the original document and it is DIFFICULT. Lastly, if you are doing Oklahoma research you are in luck as there are eight special items for you to browse.

BoatFolks Digest Number 516

Below is a list of a number of sources relating to the Spanish American War which should be a good source for researchers of that conflict and time period.

Here is the URL:

Trinity Lutheran Church of Peoria, Illinois Death Records 1868 to 1875 Introduction

submitted by Donna Schlatter

These early church records provides a substitute records for the pre-death records and are indispensable as a source. Donna has worked hard at transcribing the German writing from the Trinity records and it was not easy! At first, Donna was only doing her family lines.

By the early 1990's, Donna learned that the Peoria County Genealogical Society had microfilmed the church records and began to transcribe all the records.

We will continued with the Baptisms, Death, & Confirmation records beyond the 1868 year in future issues of the Prairie Roots.

Should you wish a photocopy of the German microfilm record, **please send at least a \$1.00 donation and a SASE (self-addressed stamped envelope) for every four names requested.** Some of the microfilm images are poor and thus copies will be poor. Please be patient and wait till the year(s) of interest are printed before requesting copies of the microfilm.

Legend: *Herr* = Mr. *Frau* = Mrs.

Trinity Death Records 1868 to 1875

Death	Burial	Name	Age	Info
