Notes On Illinois Civil War Soldiers Who Were Members of the GAR in Colorado

Part 1: Posts 2 - 13

David C. Bailey, Sr.

Recently retired as a Commercial Manager with an international oil company, David is devoting his time to pursuing his interests in genealogy and U. S. military history. David has served as President of the Illinois Society, Sons of the American Revolution and as Illinois Department Commander of the Sons of Union Veterans of the Civil War. He recently published a series of articles on Union Civil War Veterans buried in Scott County for ISGS and is currently researching DuPage County's Civil War veterans in the GAR in the western United States. He can be reached at foxvalleycivilwar@live.com.

[Editor's Note: Parts 2 and 3 of Illinois Civil War Soldiers appearing in Colorado GAR records will appear in future issues.]

This is the second in a series of articles which use records of the Grand Army of the Republic (aka the GAR) to track the post-war movements of Illinois' Civil War veterans. The first dealt with those Illinois Civil War soldiers who were members of the GAR in Wyoming.¹ The GAR was the largest veterans' organization to appear after the conflict. During its active years, the GAR had a significant influence on politics, law, and social programs in the United States. Memorial Day was established as a national holiday, five GAR members were elected Presidents of the United States, many of the Governors in the northern states were members, soldiers' homes were founded, veterans' relief programs were established and ever more valuable pensions were given to the Union veterans. In many cases it was impossible for someone to be elected to public office if he were not a veteran of the Civil War and did not have the support of the GAR. National Encampments were yearly meetings that attracted over 25,000 veterans in the 1890's. By 1890 when the GAR was reaching its peak, membership reached almost 500,000. The final Encampment of the Grand Army of the Republic was held in Indianapolis, IN in 1949.²

The GAR in Colorado was originally organized as the Department of the Mountains on 11 Dec 1879 and included both Colorado and Wyoming. It later was redesignated as the Department of Colorado and Wyoming on 31 Jul 1882.³ At one time or another there were 109 individual Posts within the

Department, all but 12 in Colorado.³⁻⁵ Virtually any town of appreciable size had a functioning Post. Larger cities, such as Denver (with at least eight), had multiple Posts.³⁻⁴

This article is based on two primary sources. The first is a listing of Colorado GAR members developed from the Colorado GAR rosters for the years 1895, 1910, and 1931.⁶ The second is a separate Roster of the Department of Colorado and Wyoming published in 1910 which provides then current rosters for most of the active Posts in the Department.⁷ The following information of interest to genealogists is provided for each soldier (if available):

- Birth – Date (from burial records or estimated from age at enlistment) and location^{8,12}
- Service – Unit and rank at separation from service; service in multiple units is noted^{8,9}
- Widow – Name of surviving spouse from pension application^{10,11}
- Death – Date and location^{11,14}
- Burial – Cemetery and either city or county^{12,13,14}

It is also important to note what this list is not. It is not a complete list of Illinois Civil War veterans who resided at one time or another in Colorado. While the GAR was the largest Civil War veterans' organization, not all veterans belonged to it. Whether due to political reasons, absence of a conveniently located local Post or other reasons, some veterans

chose to eschew membership. This is also not a complete list of Illinois veterans who were members of the GAR in Colorado and Wyoming over the period of the organization's existence. This list is based on rosters that are essentially snapshots of the membership at distinct points in time. Other veterans may have been members, but moved or relocated prior to the dates of the underlying rosters. Others may have migrated to these two states and joined the local GAR at other times.
