Oct. 7 - Married on Tuesday evening, Mr. Joshia Kightly to Miss Mary E. Furness. The editor received some wedding cake.

Oct. 21 - Married by the Rev. William V. Daniel, W. Holden to Miss Nancy Catherine, daughter of Benjamin and Nancy Yelton.

Nov. 9 - Married by Rev. Mr. Goodwin, Mr. Alanson W. Chute to Miss Ann Paine.

Dec. 2 - Married by Rev. Mr. Goodwin, Mr. Joseph Patten to Miss Nancy Harrington, both of this city.

\*\*\* IT'S RENEWAL TIME! \*\*\*

Yes, it's that time of the year again! Your membership in the Tri-State Genealogical Society is still a bargain at just \$12 per year. That entitles you to a full year of *The Packet*, as well as savings on seminar registration and TSGS publications. Your renewal notice will be mailed soon. If you renew after September 1, membership will cost \$14, and the first *Packet* may be late.

## HISTORY LESSON — 100 Years Ago

*If you get a hankering for the "good ol' days of 1902," consider the following:*

Average life expectancy in the U.S. was 47 years.

Only 14% of the homes in the U.S. had a bathtub.

Only 8% of the homes had a telephone. A 3-minute call from Denver to New York City cost \$11.

There were only 8,000 cars in the U.S., with 144 miles of paved roads.

The maximum speed limit in most cities was 10 mph.

Alabama, Mississippi, Iowa, and Tennessee were each more heavily populated than California. With a mere 1.4 million residents, California was only the 21st most populous state in the Union.

The tallest structure in the world was the Eiffel Tower.

The average wage in the U.S. was 22¢ an hour.

The average U.S. worker earned \$200 to \$400 per year.

The annual earnings a competent accountant could expect to draw was \$2000 per year; a dentist \$2,500; a veterinarian between \$1,500 and \$4,000; and a mechanical engineer about \$5,000.

More than 95% of all births in the U.S. took place at home.

Ninety percent of all U.S. physicians had no college education. Instead, they attended medical schools, many of which were condemned in the press and by the government as "substandard."

Sugar cost 4¢ a lb. Eggs were 14¢ a dozen. Coffee cost 15¢ a lb.

Most women only washed their hair once a month and used borax or egg yolks for shampoo.

Canada passed a law prohibiting poor people from entering the country for any reason.

The 5 leading causes of death in the U.S. were pneumonia and influenza, tuberculosis, diarrhea, heart disease, stroke.

The American flag had 45 stars. Arizona, Oklahoma, New Mexico, Hawaii and Alaska hadn't been admitted to the Union yet.

The population of Las Vegas, Nevada was 30.

Crossword puzzles, canned beer, and iced tea hadn't been invented.

There were no Mother's Day or Father's Day.

One in ten U.S. adults couldn't read or write. Only 6% of all Americans had graduated from high school.

Marijuana, heroin, and morphine were all available over the counter at corner drugstores. According to one pharmacist, "Heroin clears the complexion, gives buoyancy to the mind, regulates the stomach and the bowels, and is, in fact, a perfect guardian of health." Eighteen percent of households in the U.S. had at least one full-time servant or domestic.

There were only about 230 reported murders in the entire U.S.

## Vanderburgh County Deaths 1840-1855

As recorded in The Evansville Journal

(Continued from June 2008 Packet)

In the 1930s the Works Progress Administration was formed to provide jobs for those out of work because of the Depression. We normally think of the WPA in building or repairing streets and roads, but the WPA also provided jobs in the theatre for actors and playwrights, and clerical jobs. As far as genealogy is concerned, the WPA extracted and indexed a wealth of information still being used today, such as the WPA-indexed Births, Deaths, and Marriages from most counties in Indiana, ranging from about 1882 to 1920. In Evansville the WPA extracted information from *The Evansville Journal*, assigning the information to different topics such as Amusements, Advertisements, Theatre, etc. This information is in the vertical manuscript file at Willard Library. From time to time, as space allows, *The Packet* will publish Death notices extracted from the *Journal* beginning in 1843 and ending around 1855. Note that two dates will be used. The date from the 1930s gives the day when the information was extracted. The date from the 1800s is the date when the notice appeared in the newspaper.

### July 14, 1932

Oct. 31, 1848.

Died Mrs. Catherine F. Renschler, consort of Mathias Renschler.

### July 15, 1848 [sic—should be 1932, PKN]
