MERCER COUNTY, KENTUCKY

TAX LIST

FOR

1824

COMPILED BY JANE M. ROGERS

Introduction

Out of the dust and darkness of oblivion, a volume long lost to the public has been recovered. Tightly bound therein are pages yellowed from age but on which there still exists the faint hand-writing of a meticulous penman who was so proud of his record that he carefully tooled on its aged leather cover "B. Prather", and then scrawled across the first pages of his record "Tax List for Mercer County for 1824 to be Collected in 1825." Other than the fact that the Prather family was prominent early in Mercer County as well as in other counties of Kentucky, we have made no attempt to determine just who B. Prather was. We do know, however, that to records such as his we owe our knowledge as to who were the early inhabitants of the Commonwealth.

But for all of B. Prather's care and meticulous handwriting, his work would have been lost to history had it not been for Jane M. Rogers. Over a century and a quarter later, she has completed his work by recovering his record and painstakingly transcribing it. In other words, she has restored a valuable document to its rightful place in history and, in doing so, she has made a significant contribution in the field of genealogical records.

Borderland Books is proud to publish this fine work by Jane M. Rogers.
