The Churches, Aberdeen, Maysville First and Central, are all located in Ohio. They fall into this same group as listed from history of the location, just across the Ohio River.

There was also an early church just back of Maysville First, called Limestone Church A Baptist Congregation. Later this church was moved to Washington Co. and called the Washington Baptist Church. From this the Stone Lick Church was organized in March 1796. Limestone was constituted in 1785.

Aberdeen was organized in 1852. It is believed to be the first Southern Baptist Church in Ohio. The location is in Dundee Valley.
