ALFRED, YORK COUNTY

1800 CENSUS INDEX & MARRIAGES TO 1800

Compiled by Rowene T. Obert

In order to make the 1800 census index for Alfred, York County, Maine more meaningful, the early marriages and intentions for this town were extracted and included for this article. In making the marriage record three sources were consulted; (1) marriages and (2) marriage intentions, both from a micro-filmed copy of a record which was copied and classified by Mrs. Herman J. Sayward, and (3) marriages published in the Maine History & Genealogical Recorder vol 4 p 1 (1885), extracted by Mr. George M. Phoenix. The original records from which Mr. Phoenix worked were "very worn and faded and at times difficult to decipher".

In my list I have been able to include the name of the groom and his residence, and the name of the bride and her residence. Where no residence is given it is to be understood that ALFRED is meant. The date in the first column is that of the Intention and the date of the Marriage is given in the second. If the name appears in Mr. Phoenix' work, I have marked the groom's name with an asterisk(*).

Note that there is only one case where both an Intention and the corresponding marriage are both available.

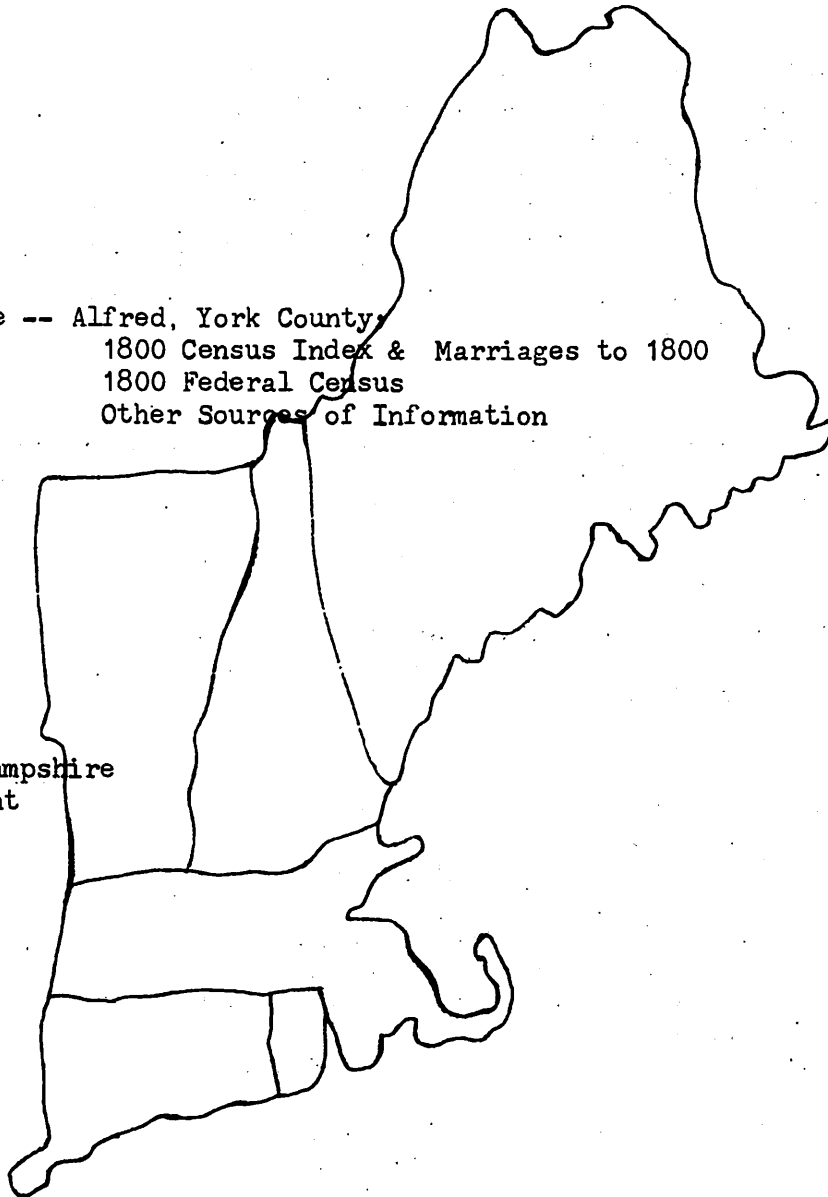

The names of the brides are arranged alphabetically following the list. The number preceding the bride's name refers to the number given to the marriage in the main list.
