Marriages at Saint Michael's Roman Catholic Church, Stillwater, Minnesota, Part I: 1852-1872

The Church of Saint Michael in Stillwater, Minnesota—which is its incorporated name—is one of the oldest parishes in the diocese. Father Ravoux made several visits in 1849 and 1850 and Mass was said in private homes. In 1851-52 Father Peyragrosse came regularly. The first church building was constructed in 1853 and Rev. Daniel J. Fisher was appointed the first resident pastor.

By 1870, the young energetic Father Maurice E. Murphy, sensing the future growth of Stillwater, inspired the members of the parish to build a new church. The cornerstone was laid in 1873 and in 1875 the building was completed. The press of the time acclaimed it as the finest church in the state.

Pastors during the period covered by the records:

1852	Rev. Peyragrosse
1853-1856	Rev. Daniel J. Fisher
1856-1870	Rev. Thomas Murray
1870-1891	Rev. Maurice E. Murphy
1891-1899	Rev. Charles Corcoran

Assistant pastors:

1884-1888	Rev. James H. Gaughan
1888-1890	Rev. Patrick August McCarren
1890-1892	Rev. Timothy F. O'Brien
1892-1895	Rev. Matthew F. O'Brien
1895-1898	Rev. Patrick J. Kissane
1898-1899	Rev. Joseph A. Powers

Mary K. "Kathy" Lund transcribed the following Saint Michael's marriage records using the microfilm copies of these records that are available at the MGS Library, call number: MN m'film MN W-4 002.3.

Only a portion of the records are included in this issue. The rest will appear in the Winter 2009 issue.

The Minnesota Genealogical Society invites you to submit your family history story or research article to the *Minnesota Genealogist*. Especially welcome are articles that have a Minnesota connection or demonstrate the solution of a research problem. If you take up the invitation, your writing will be edited. Don't take it personally—even the best writers get edited.

An editor works for both you and the reader. The editor is thinking about the reader while editing your work. The editor's goal is to improve clarity and ensure that your ideas are presented accurately. An editor makes the reader's job easier, making you look better.

Editing involves three levels of review.

- Proofreading—attention to spelling, punctuation, and basic grammar.
- Copy editing—attention to unnecessary words, word choice (usage), and sentence structure.
- Substantive editing—concern with overall structure of the article, including organization and tone.

The author should do at least one round of proofreading, but a second reader will find errors the author misses. At the *Minnesota Genealogist* a copy editor will edit for usage and sentence structure, and possibly suggest some re-arrangement of sentences within paragraphs. In some cases, the editors will suggest the author re-organize material or modify the tenor of the article, but will always try to keep the author's personal style and expression intact.

One last tip: If you don't start, you can't finish. You've got the raw material. Turn it into something of value by writing. If you write it, you can share it.

Consider sharing it with us.

Marriages at Saint Michael's Roman Catholic Church, Stillwater, Minnesota, Part II: 1873-1899
