THE GENEALOGY NUT

Those who do research, and their spouses,
always have the dirtiest houses.
The house, the garden, and yard work go undone,
While I search for great, great, grandpa's son.
I really must search for that date and name,
was he a horse thief or person of fame.
Cannot rest until all letters are out, for
I must know for certain and without a doubt.
Now ready to start all over again
was it Aunt Em's son who married a Bain???

Never ending --the search must continue,
never mind the vacuuming or the menu,
I could live in a tent, cabin or hut,
yet I MUST BE A GENEALOGY NUT ! ! !
