that a railroad was to be built just five miles south of Cherokee Town. So, he moved his house and store by ox team to this area which became known as Walner. He set up his store in a tent and later built the first grocery store. The Walner post office was established in January, 1886 of which John was postmaster. In 1887 the railroad came through and Walner was renamed Wynnewood by the railroad men. Wynnewood was a great place for early pioneers to settle. It was also home to Plains Indians for many centuries because of the great farming, land and water. Frances and John watched railroad car after railroad car pass by loaded with corn. It was only 10 cents a bushel. Corn would be piled up on either side of the road for miles. Some people would use it for wood.

Through treaty talks between the U.S. and the Five Civilized Indian Tribes, Indian Territory was formed and divided into five Indian Nations. Wynnewood was part of the Chickasaw Nation until Oklahoma became a state in 1907. John Walner, the Folsoms and the Colberts were part of these treaty talks.

John later became an U.S. Deputy Marshall of this area and was also a Chickasaw Indian policeman. He was killed in 1905 in a gunfight with his nephew in a dispute over land and property that his nephew stole.

I am proud of my Indian Heritage. My ancestors, namely John Walner, played an important role in history. He formed and protected the Indian Territory. He also founded the prosperous town of Wynnewood. John Walner was a hard working and honorable man.

### Monmouth County Will Abstracts

Series 2 – FHL film number 0548087  
This series continues the statewide will abstract series originally published by the New Jersey State Archives. We are following the arrangement of the wills and other documents by the docket number which appears on the official listings of the State Archives; there is one docket number for each packet, though each packet may contain several different documents. The packets appear on the microfilm in numerical order by the docket numbers. The letter M at the end of each docket number shows that this is a Monmouth County packet. Full copies are obtainable from the Archives, or you may examine the originals on the microfilms obtainable through

the Mormon Family History Centers. We will note the relevant FHL microfilm reel numbers. This begins FHL film #0548087.
