President's Message

...continues

One other year end success I would like to share with our membership is the Society's annual donations. Earlier this year R.G.S. purchased a series of British microfiche for the L.D.S. Family History Center in Brighton. Additionally, we have just made a large contribution to the Rundel Library. Thanks to the hard work and effort of our Historian-Genealogist, Marian Henry, R.G.S. has purchased, and is donating eight works to the Local History & Genealogy Section of Rundel.

By the time you receive this edition of the *Hear Ye* we will have two new member on the Board of Directors, Jim Hutton and Peter Bush. Jim is our new Vice-President for Programming and Peter has taken on the responsibility of Treasurer. We wish them both success during their tour of office. We also want to thank our out-going officers Roy Thurston and Marlene Davidson and thank them for their dedicated service. Thank you both for a job well done.

Have a very happy summer and we hope all your ancestor hunting is successful.

OCCGS REFERENCE ONLY

The RGS has been sent a photograph of a man about 20 years old, taken maybe 1900 at the Miller Studio on 156 State Street Rochester. On the back are the words "**Charles Lange brother of John Lange**" See me at the RGS meeting to look at the photograph. We are looking to find a home for the photograph.

Bob Coomber, Corresponding Secretary.

Artemas **Chapin** was born in 1782 in Sturbridge, Mass., and lived with his father Samuel Chapin in Wardsboro, Vermont, according to "The Chapin Book," Artemas was in Easton, Washington Co. in 1810 and married Cynthia **Hannon** or **Hammond** in 1806, probably in Washington Co. In 1820 the family lived in the town of Galen, Seneca Co. New York, and then in Canada, possibly near Stanstead, Quebec. By 1840 the family were in Hartland, Huron Co. Ohio, where Artemas and Cynthia died.

I need any information on Cynthia. She may have had sisters Hannah and Meribah, and a brother Lemuel Hammond. All may have been born in Washington County and later lived in Seneca and Wayne Counties, New York.

I am looking for descendants of the six Chapin children: Alexander, who married Eliza Lamb, lived in Hartland, Huron Co., Ohio; Morris Governor, married Clarissa Granger, also lived in Hartland; Alpheus B., Betsey M., Phebe E.; and Lewis Chapin, who lived in Lee, Berkshire Co. Mass.

Looking for descendants of **Katharina Eckstein**: she was first married to **Wendelin Gerstner**, 12 February 1832 in Weisenbach, Baden, Germany. Their children were Wilhelm, born 1830; Franz Carl, born 1832; Hiazind, born 1835. Following Wendelin's death, Katharina married Franz Georg Krieg, 24 November 1836 in Weisenbach. Their children were Elisabeth, born 1837; Anton, born 1839; and August, born 1843. Following the death of Franz Georg, Katharina emigrated to America in 1851 with the six children, and many other emigrants from Weisenbach.

Wilhelm may have married Pauline Eckstein, Anton may have married Jane Wicox, and August may have married Anna Maria Hettinger, but I have no proof.

I have a wonderful letter from Katharina to the people of Weisenbach describing her journey to America which I suspect her descendants would enjoy greatly.

Marriages from St. Patrick's R.C. Church

Extracted by Dick Halsey

A large percentage of RGS members say that they have Irish ancestry. The earliest Irish Church in Monroe County was St. Patrick's Roman Catholic Church. It was organized Apr. 29, 1822. It was located on the northeast corner of Platt and Frank Streets. By 1831 they had built a second, larger, building (pictured). An even larger edifice had the cornerstone laid on October 9, 1864 and dedicated in 1870. That structure was bought in 1937 by Eastman Kodak to expand Kodak Office and was demolished.

The earliest existing book of records for St. Patrick's Church is from 1833. These are the early marriage records. Note that as with any old records, it is difficult to interpret some of the correct spelling of names and places.

**Church Records
Committee**

The RGS Church Records Committee is looking for churches in the Rochester area whose records have never been filmed and to facilitate the preservation of those records for future generations. The committee is looking for churches that would be receptive to having their records digitized by RGS committee members at no cost to the church. It is hoped that the church would also be interested in making the records easily available to genealogists and other researchers by allowing them to be placed in a library or on the internet. Anyone who is aware of a church which might be interested in this project is asked to contact Larry Lavery (LLavery@Frontiernet.net) at (585) 223 3765.

The Friends of Mt. Hope have asked for the help of the Rochester Genealogical Society in getting information on the following.

WILLIAM KEEYS...Born perhaps 1803 (Gravestone) as a slave, perhaps on a Lemmon Estate. Escape in falls of 1825 and crossed over to Canada. Served in the British Army in 1835 or 1837. He left Canada about 1850 to Springfield, Mass when he married Lucina Lindsay (?) He moved immediately to Rochester and bought property on Troup St where the house still stands today. He died in 1895. Lucina died in 1918.

The Friends of Mt. Hope are looking for information when he lived in Canada and served in the British Army during the Canada Rebellion. If any one can help please contact me.

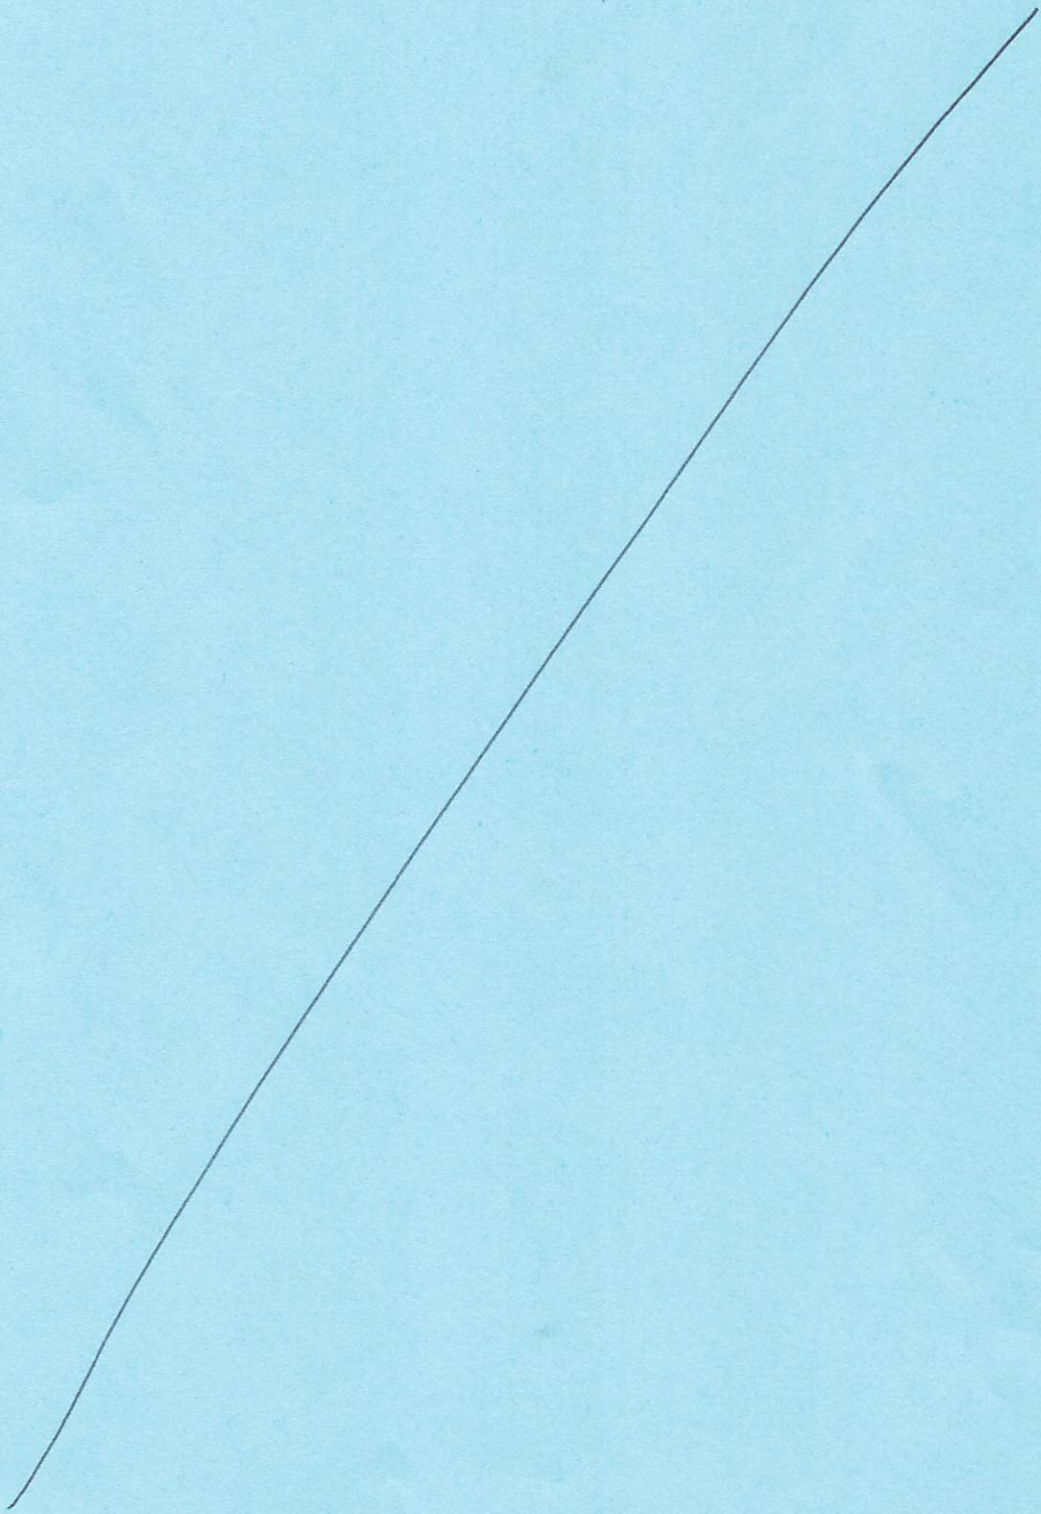

Bob Coomber e-mail: Coomber@usadatanet.net

They are also looking for information on JOHN KEEYS, born in Wheeling, W.V. 22 April 1812. He married and had children when he escaped with his family in 1828. He traveled first to Kingston, Canada and then to Chili, NY in 1831 and moved to Rochester several years later.

The Name of his wife and children are unknown. He wife must have died while living in Chili or Rochester.

Any additional information on JOHN KEEYS is welcome.

Godfrey Memorial Library

by Edward Groszewski

The Godfrey Memorial Library, located in Middletown, Connecticut, houses a very large and wide-ranging collection in a very small space. One might think that a genealogical library in central Connecticut would be devoted to the records of that area, state, or possibly, New England. In fact, although its archives do contain town records and other materials peculiar to its locality, a panoply of useful information from every state and twenty-two foreign countries may be accessed there. The library is particularly rich in sources for African-American genealogy, and a quick search of the online catalog returned over 160 hits for this topic.

During my first visit I was searching for some of my wife's ancestors who lived in Connecticut in the 1600s and early 1700s. I was very pleased to find a treasure trove: compiled genealogies, journal articles, and town records. I had intended to stay for only one or two hours and continue on to another library further south in the state. Instead I asked a staff member to direct me to a good restaurant for lunch and

spent the entire afternoon absorbed in the materials available to me. I will be returning there this summer, but this time I have no expectation of exhausting their resources!

The staff is small but very knowledgeable and all seem to be avid genealogists in their own right. I was delighted to find that my laptop was able to connect to the internet through the community wi-fi service. Workspace is very adequate and well lit.

I must also point out that the Godfrey Library has an excellent website that permits not only the usual catalog search, but has a very large and well-organized on-line collection of sources available to members. Not only does this collection provide access to a large number of city directories and photo archive collections, but also to specific resources such as the *Rochester Volunteer* (1841-1843) and the digital archives of the *London Times* for 1785 to 1985. The membership fee of \$35.00 is well worth the investment for any researcher who wants access to more than the genealogy megasites have to offer. Discover the rich resources of the library for yourself at www.godfrey.org.

Message from Roy

It is with much anticipation, that I look forward again to serving as President of the Rochester Genealogical Society for the 2007-2009 calendar years (my previous term of office was 1997-1999), beginning in July.

Great strides have been made in the previous two Presidential terms of Jim Swarts and the dedicated members of RGS with the Mount Hope Cemetery Project (Barb Koehler) the Rochester Public Library Docents Committee (Jim Swarts) the Rochester area Church Records Preservation Committee (Larry Lavery) the Retreat (Marlene Bettin, Carmen Bush and Kathryn Heintz) and the LDS Family Search Indexing (Bob Coomber).

All of these committees can use volunteers. E-mail or telephone the committee chairs and offer your help. You have both their e-dresses and telephone numbers in your copy of the membership list. Get involved!

With the help of Jim and all of the RGS officers, committees and members who have shown such dedication, I will do my best to see that we continue the tasks at hand and move forward to future accomplishments for the Rochester Genealogical Society and the people we serve.

Roy Thurston

DNA News

SMGF is happy to announce the addition of new haplotypes and genealogical records to the Sorenson mtDNA and Y-chromosome databases. We invite you to search these updated databases to find new family connections at <http://www.smgf.org>.

Query

Am in need of sharing DNA data (Y-STP, SNP) with descendants of circa 1900 Rochester folks, especially Ward 3 & 11... My dad seems to have created his FARRELL identity when he joined the army in 1924... Most FARRELLs I've found are in haplogroup, R1B. I test in haplogroup I ..

Any individual or collections of DNA data might reveal possible surnames for his family..

Research Trip Tip

Marilyn Eldridge

Now is the time to be thinking of that summer vacation and making plans for those special genealogical research trips that you didn't have time for the rest of the year. As you visit research centers checking for ancestors, why not make a short note about these centers, such as where they are located, what information is available, and your impressions of the site. One never knows if that small, out-of-the-way library or cemetery, may contain the one item that will break through a brickwall for someone or at least eliminate one possible site to research.

Living 2,000 miles away from NY, makes it very hard to find sources for researching. Thanks to the Society, I did obtain some ideas before vacationing in Rochester, but if you visit a site that does not have a genealogical society or a historical society that can offer research site suggestions, first hand visits from other people can be of great benefit.

You might even consider, adding your address or email so others can contact you for ideas at that "out of the way" location.

As genealogist, we all realize that every tidbit of information can add up to a valuable resource.

Short Program Speakers Needed

This past 2004-2005 program season, a series of Short Programs dealing with basic genealogical topics was coordinated by the Educators' Committee. For the coming 2005-2006 program series, it has been suggested that members-at-large be the speakers for the Short Programs. Have you had a "brickwall" genealogical problem that you solved? What we would like to hear is what was the problem and how did you solve it? Perhaps you might not term it a fully "brickwall" problem but something exciting that you solved. These would be candidates for presentation also. The Educators' Committee would work with you in preparing any visual aids that you might need help with. Two topics have already been suggested so we need five more. **DON'T BE SHY ABOUT THIS!**

Please contact either Jim Hutton the Program Vice-Chair at: (*82)-381-8473; Email: jhutton1@rochester.rr.com

or "Ozzie" Salyards, Chair of Educators' Committee at: 544-4783; Email: wizardozzi@aol.com
