WILKES MARRIAGES

Several years ago, the Genealogical Society of the Church of Jesus Christ of Latter-Day Saints abstracted the pertinent data from the original marriage bonds which were recorded in Wilkes County, N. C. (1778-1868). A typed copy of these abstracts is the only record of marriages in the local courthouse. The original bonds are in the North Carolina Department of Archives, East Jones Street, Raleigh, N. C.

A great many marriages were never recorded because the various ministers and justices who performed the ceremonies did not return the bonds to the courthouse.

Names were spelled the way they sounded and there are many errors - look for the many variations.

WILKES MARRIAGES

Several years ago the Genealogical Society of Orange County, California, purchased the original records of the Wilkes County, North Carolina, Marriage Records. The records are now housed at the Orange County Archives, Santa Ana, California. A great many marriages were recorded in the county during the period of the American Revolution and the early years of the nineteenth century. The records are now being microfilmed and there are many errors - look for the many variations.
