## Genealogy

I started out calmly tracing my tree,  
 to see if I could find the makings of me.  
 And all that I had was great grandfather's name,  
 not knowing his wife or whence he came.  
 I chased him across a long line of states,  
 and came up with pages and pages of dates.  
 When all put together it made me forlorn -  
 proved porr great grandpa had never been born.  
 One day I was sure the truth I had found -  
 Determined to turn this whole thing upside down.  
 I looked up the records of one Uncle John -  
 and found the old man to be younger than his son.  
 Then when my hopes were fast growing dim,  
 I came across records that must have been him.  
 The facts I collected then made me quite sad -  
 Dear old great grandfather was never a dad.  
 I think maybe someone is pulling my leg -  
 I'm not at all sure I wasn't hatched from an egg.  
 After hundreds of dollars I've spent on my tree,  
 I can't help but wonder if I'm really me
