In this section of the township, in the early eighteen hundreds, some of the people attended the Irville Church called the "Congregation of Licking". George Welsh and David Pierson donated land for a school, church and burial grounds in 1814. No doubt they were using the burial grounds, as there is a marker eligible in the cemetery dated 1810. The first death occurring in the Welsh family was a son, Robert, of Samuel and Rachel Welsh Cole.

The first church and school were primitive log structure erected about 1818. It was called the Muskingum Meeting House. In 1819 Irville's congregation attended, organized and called it "the Congregation of Muskingum Township." Besides the WELSH's and the PIERSON's families other early members included, ADAMS, BAIRD, BROWN, COLE, MCDONALD, MCCAN, and TRIMBLEY families.

Members from 1819-1850

Also included in the History of Muskingum Presbyterian Church are a more marriages some baptisms with parents names and a list of the ministers until 1886. This book can be found in the Genealogy Room with the other Church Books.

A Message from the Ohio Genealogical Society President

My wife and I are looking forward to visiting with members of the Muskingum County Genealogical Society/OGS on Saturday evening September 15, 2001 as you celebrate your 25th anniversary. OGS currently has over one hundred chapters. Muskingum County was the 27th chapter chartered by OGS and has a record to be proud of. I count about seventy plus chapter publications, more than most chapters have been able to achieve. Please accept the congratulations of OGS on twenty-five years of successful genealogical activity. Please keep up the good work. We at OGS wish you another twenty-five years just as good as the first twenty-five years.

**Ted M. Minier, President
The Ohio Genealogical Society**

Hope everyone is able to attend this very special celebration on September 15th.

ZACHARIAH KENNISON

The death of Zachariah Kennison, a well known and respected citizen, occurred at his late home on Elm St., Monday morning at 9 o'clock. His death was sudden. He had been a long and patient sufferer from rheumatism but arose yesterday feeling much better, ate a hearty breakfast and sat down in a rocking chair to read. He had been sitting there but for a short time when he called to his wife to fetch him a drink of water. Mrs. Kennison soon brought the water but was terribly startled to find her husband lying limply and inertly over one side of the chair deathly pale. She hastily summoned a physician, and Doctor Templeton arriving in a few minutes, confirmed her worst fears that life was extinct.

The deceased was a basket maker by trade. He was forty five years of age and leaves a wife and five children, two sons and three daughters to mourn their loss. The children, all of whom reside at home, are Charles and Otto and Misses Ollie, Amy and Annie

The funeral will take place from the family residence Wednesday afternoon at 2 o'clock. Interment in Greenwood.

on board the "Tecumseh"

1862

Ed. Courier:

The 78th Regiment reached this city today at 10 o'clock A.M. all well and in good spirits. Immediately after forming in line at the depot, we marched to the wharf, and again 3 o'clock, p.m. the right wing of the Regiment had boarded the steamer "Neptune," and the left wing the "Tecumseh." The "Neptune" with her precious load, has just steamed out of sight, we will follow after in an hour. The Cincinnati Press of this evening states that our destination is Fort Henry, Tenn, instead of Paducah, Ky. If the report be correct, we will doubtless be in "Secesshdom" against Saturday. The Cincinnatians have already given us the credit of being the most orderly and well behaved regiment of soldiers that has yet visited the Queen city. Good for us.

A Helpful Tip. Before starting out on your Genealogical research trip this summer, please write to the various libraries that you plan to visit and check their hours. Some Genealogical Societies, Historical Societies and Libraries have limited hours. You do not want to go there and be disappointed by the library being closed. Also some libraries only have helpers there on certain days. Many libraries will also send you at least a partial list of research materials in their library upon request. Also you might want to ask about the cost of copies before you arrive so that you can have change with you if needed.

Died, In this Town, on Saturday last of a short but
 distressing illness, John M' Intire, Esq., aged 56 years.
 Having left an amiable consort and daughter to laminate their
 sudden irreplaceable loss. The Community has been deprived
 of a valuable and enterprising member by this instance of
 mortality. The decease of Mr. M'Intire will be sadly felt by
 the inhabitants of Zanesville, which town he was considered
 the father and by his numerous friends and acquaintances. At
 5 o'clock the same day his funeral was attended by a large
 concourse of people. The shops were shut, and ordinary
 business suspended.

Mr. M*Intire was born at Alexander in Virginia; settled
 in Wheeling in the year 1779; opened the great road through
 this state in 1794; and laid out Zanesville, and settled here
 in the year 1800- although it was then a howling wilderness,
 he lived to see it the third town, in the state, in point of
 population, and second to none for the number of its
 advantages. He was a member of the convention which formed
 the constitution of Ohio; in politics he was the disciple of
 Washington and the undivided friend of his country. He was
 punctual to his engagements and honorable in his transactions
 with his fellow men. April 13, 1814

OBITUARIES

JAMES H. PLATT—Zanesville Daily Courier, Tuesday Sept. 6, 1887

One of the most familiar figures on the streets of Zanesville was suddenly removed last night, and today the wife and children of James H. Platt are sore bereavement. For several years past a thoroughly broken down man, an ex-soldier and one of the survivors of the Andersonville Prison has gone about our streets an object of universal commiseration, for it was evident to everyone that he was a great sufferer.

James H. Platt was a member of Company G, 34th Kentucky Infantry and was captured in Sept. 1864 and taken to Andersonville. There he contracted a disease of the lungs which had its final culmination in fatal hemorrhage last night at 10 p.m. James left his home on Market Street between Seventh and Underwood last evening after he ate his supper and spent three hours talking with his friends, a few minutes before 10 o'clock he returned to his residence, and as he entered the door was attacked with bleeding at the lungs. Before help could be summoned by his faithful wife, Mr. Platt was dead.

Mr. James H. Platt was 42 years old, and resided in Zanesville 20 years and was formerly employed at the B & O Railway. He was a man of kindly disposition and great hearted in his friendships. He leaves a wife and two children to mourn his sudden decease. The funeral will take place Wednesday at 3 o'clock from the South Street AME Church. Interment in Greenwood Cemetery.

Mrs. W.A. GRAHAM—Zanesville Daily Courier November 19, 1888

The Angel of Death came to the home of Dr. W.A. Graham at 4:30 p.m. Nov. 19, 1888 and called away the wife and mother. Latterly she suffered from inflammatory rheumatism but death was the result of nervous prostration.

She was the daughter of the late Dr. John Van Hamm, one of the most prominent citizens in Zanesville and represented this government as a Minister to Chile, we believe under President Andrew Jackson. Mrs. Sarah Van Hamm Graham was born in Zanesville and resided in this city all her life. She married W.A. Graham in 1847 and two children blessed their union, Willis H. Graham of Kansas City, MO and Clarence V. Graham of Zanesville. A sister and brother also survive, Mrs. Peter Black of this city and Alexander Van Hamm of Denver, Colorado. The funeral will take place at 3 p.m.

CLAYTON TOWNSHIP

by Teresa L.M. Klaiber, C.G.R.S., R.G.

Thomas and Mary Clayton left the flow of the Cacapon of Hampshire County, Virginia behind and traveled to Muskingum County, Ohio early in 1805. Thomas settled in Range 15, township 16, then described as Madison Township, Muskingum County, Ohio along with eight children who had reached adulthood: John Calvin, Joseph, Mary, Martha, William, Elizabeth, Samuel and Rachel.

Even though the family apparently had funds from previous land transactions in Hampshire County, Thomas chose to purchase patents, taking advantage of the offered Credit System. The first recorded payment is dated 20 December 1805 paid to Isaac VanHorne, in the Zanesville Land Office for \$15.65 for land described as the southeast quarter of section 7, township 16, range 15. (Ref.:OHS Register of Monthly Reports, call 1996, Y17 6 D.) This particular patent was finalized in son William Clayton's name on 2 October 1812. Thomas also purchased the northeast quarter of Section 18 in his own name while John received a patent in section 29 along with brother Joseph. (Joseph also purchased, a patent in Section 13, Range 17, township 17.)

On 1 June 1812, inhabitants of MADISON TOWNSHIP requested to strike into a separate township by the name of CLAYTON. On June 11th the Muskingum County Commissioners granted the formation along with an election to be held at the house of James RUSH for township officers. (Ref.: Muskingum County Commissioners Journal 1808-1819.) The inhabitants approached the Commissioners again 8 December 1812 to request a viewer for a road beginning near the southern township boundary northeast to intersect the Great Road leading from Lancaster to Springfield near the house of Thomas Dolson.

Thomas Clayton lived to see a Township honoring his family. He died August 1813 (Ref.: Musk. Co. WB A p.224) and may be buried in Unity Presbyterian Church Yard in an unmarked grave near south. (Further research is needed to verify burial.)

On March 1, 1817 Clayton Township joined in the formation of Perry County, Ohio.

APRIL
MUSKINGUM COUNTY HEALTH MONTH

On Tuesday, April 26, the Muskingum County Health Department will host an "Open House" for Genealogists at their new offices at 205 7th Street in Zanesville.

The office will be closed to researchers from April 16 thru the 20th and will reopen on April 21st.

Mrs. Foster wishes that many area residents will take advantage of the many events and special activities connected with this move of the department. These festivities will be found in the local paper and on the radio and TV.

In the past, we have had some very close quarters in which to do our research. The new offices will provide the much needed space with separate offices for the Health Department staff and an expanded area for researchers to use.

Attendance at this "Open House" will give you the opportunity to see the facilities and to observe some minor changes which may be made for our study of the records.

MARK YOUR DATE BOOKS! PLAN TO ATTEND!

If you request a copy from our Health Department for a birth or death that took place after December, 1908, the cost is \$2.00 uncertified and \$7.00 certified. Payment should be made by money order, cash or certified check. Only local personal checks are accepted.

VOLUNTEER your time. It can only help you and your research!

SHOCKING ACCIDENT

We are just informed that as DANIEL STILLWELL Esq. of Madison Tp. was crossing the Muskingum River at Robinson's Ford about 4 miles below Coshocton, yesterday, in a wagon, in company with a granddaughter, the river being much swollen by the recent rains, they got out of their depth and were borne down by the rapid current and both perished. The first information of the calamity was conveyed to his family, at the house about 10 miles below, by the appearance of the horse emerging from the water and climbing the steep bank of the river near the house. The alarm was given and search made for the bodies which as we hear, had not yet been recovered.

MR. STILLWELL was old and infirm, being in his 77th year and this may have had its influence in his melancholy death. He was one of our oldest and most respectable citizens, and has filled with great credit, the post of associate Judge of the County, and enjoyed the respect and highest esteem of all who knew him, and these are many; his loss, with that of a young, and interesting girl his grand child, whose age we have not learned, will bring poignant grief to the hearts of a large circle of kindred and friends.

A number of children were together playing on the open common, a very short distance from a two story brick house of MR. HAHN. Several of them were knocked down, and one other boy something injured. MR. GEORGE J. HAY, of Vincennes writes to his father-in-law MR. What must their feelings have been on this occasion-we may imagine from the following words in this letter; after ---- the loss of his property, he says "Had we been able to have saved but one of our children we would still be happy." Three children, all their family were burnt to death in the house. About 2500 dollars in silver were saved from among the ashes. 9 February 1814

"BURIED TREASURE"

by Malvine B. Zol-lars

I am a member of the Washington Street United Methodist Church of Waynesburg and have chosen to write about the man responsible for organizing our church. He is Cornelius Springer and ours is just one of several churches in southwestern Pennsylvania and West Virginia that were organized by him.

I especially want to learn the location of his grave. I have found more than one date for his death and thought the tombstone inscription might be a deciding factor. The following article includes most of the information I have about him. Please write to me at 47 E. Lincoln Street, Waynesburg, PA 15370 if you can help me.

CORNELIUS SPRINGER

December 29, 1790 - August 17, 1875

Cornelius Springer, founder of the Washington Street Methodist church of Waynesburg, was a descendant of an esteemed and honorable Swedish family that settled in Delaware. His birth occurred December 29, 1790, near Wilmington. He was the son of John and Rebecca Springer and was one of ten children born to this family. In 1798 they moved to western Virginia and settled in the forests below Wheeling. They resided there for eight years and then moved westward near Zanesville, Ohio, where they spent the remaining years of their lives.

Schools were few and not always conveniently located, but Cornelius yearned for knowledge and found ways to improve his life. In 1808, he joined the Methodist Episcopal Church, having been converted under the ministry of Rev. Robert Manly.

At the age of twenty-one years, he engaged in school-teaching. He believed it to be a good profession, one that would bring him in contact with books that would be beneficial in his life. His teaching career was interrupted by the War of 1812 in which he served with distinction as a lieutenant in his company, when his enlistment was completed, he resumed his teaching career.

In 1816, he left a position in the academy at Putman, located opposite Zanesville, to enter the itinerant ministry of the Methodist Episcopal church. He continued to preach in that denomination for the next thirteen years. As early as 1822-23. he wrote a series of articles on the subject of reform in the M. E. Church. They were published in the church

WASHINGTON TOWNSHIP ~ BAPTIST CHURCH DESTROYED BY FIRE

The Washington Township Baptist Church
one and one-quarter miles east of Gilbert
was destroyed by fire shortly after noon
last Wednesday. The building and all its
furnishings were consumed. It was a large
one room frame structure. The loss was
estimated between \$2000 and \$3000, and
no insurance was carried.

The fire was discovered by the minister,
Rev. James H. Burt, who was painting the
window frames inside the church. It had
just been redecorated in preparation for
evangelistic services which were to start
November 8.

The fire broke out in the lighting plant
which was housed in the base of the
belfry. The plant had been purchased only /
two months ago. Rev. Burt was attracted
from his work by the smell of smoke and
rushed to its source and attempted to
extinguish the small blaze with water, but
he did not have enough. No other supply *
of water was available near there, and the
blaze soon spread rapidly up the belfry,
blocked the doors on each side, and made
it impossible to carry out any of the
furnishings. It was said that had there been
just a gallon more of water handy the
building could have been saved. Rev. Burt
was the only person at the church at the
time of the blaze.

The church was built in 1874 but had
been kept in good repair. Members of the <=>
congregation have arranged to hold
services at each other's homes until plans
can be made to erect a new building.

Extracted by Nettie Watson from the
Wednesday, November 2, 1932 issue of
The Adamsville Register.

"The Soldier Dead"* was extracted by lone
Suppiee from the June 3, 1890 issue of The
Adamsville Register.

SUNDALE

In 1847 The Central and Ohio Railroad was incorporated in 1847. Authority was given the incorporators and their successors to construct a single or double track railroad from Columbus through Newark to Zanesville and Norwich to the Ohio River. Construction on the railroad started at Newark, Ohio and by Jan. 26, 1852 railroad traffic was opened between Newark and Zanesville.

By 1854 the railroad had reached Cambridge, Ohio. In building the railroad between Zanesville and Cambridge, about 200 Irishmen were hired for the construction. The Irish set up a community along the railroad line just south of Norwich. This settlement became known as Sundale.

Sundale was also known as Sun Dale and Norwich Station.

August 26, 1852 a riot broke out in Sundale, probably the result of too much liquor. At daybreak the next day, the county sheriff arrived with a posse and rounded up the ring leaders and took them to the county jail.

OBITUARIES

JAMES H. PLATT—Zanesville Daily Courier, Tuesday Sept. 6, 1887

One of the most familiar figures on the streets of Zanesville was suddenly removed last night, and today the wife and children of James H. Platt are sore bereavement. For several years past a thoroughly broken down man, an ex-soldier and one of the survivors of the Andersonville Prison has gone about our streets an object of universal commiseration, for it was evident to everyone that he was a great sufferer.

James H. Platt was a member of Company G, 34th Kentucky Infantry and was captured in Sept. 1864 and taken to Andersonville. There he contracted a disease of the lungs which had its final culmination in fatal hemorrhage last night at 10 p.m. James left his home on Market Street between Seventh and Underwood last evening after he ate his supper and spent three hours talking with his friends, a few minutes before 10 o'clock he returned to his residence, and as he entered the door was attacked with bleeding at the lungs. Before help could be summoned by his faithful wife, Mr. Platt was dead.

Mr. James H. Platt was 42 years old, and resided in Zanesville 20 years and was formerly employed at the B & O Railway. He was a man of kindly disposition and great hearted in his friendships. He leaves a wife and two children to mourn his sudden decease. The funeral will take place Wednesday at 3 o'clock from the South Street AME Church. Interment in Greenwood Cemetery.

Mrs. W.A. GRAHAM—Zanesville Daily Courier November 19, 1888

The Angel of Death came to the home of Dr. W.A. Graham at 4:30 p.m. Nov. 19, 1888 and called away the wife and mother. Latterly she suffered from inflammatory rheumatism but death was the result of nervous prostration .

She was the daughter of the late Dr. John Van Hamm, one of the most prominent citizens in Zanesville and represented this government as a Minister to Chile, we believe under President Andrew Jackson. Mrs. Sarah Van Hamm Graham was born in Zanesville and resided in this city all her life. She married W.A. Graham in 1847 and two children blessed their union, Willis H. Graham of Kansas City, MO and Clarence V. Graham of Zanesville. A sister and brother also survive, Mrs. Peter Black of this city and Alexander Van Hamm of Denver, Colorado. The funeral will take place at 3 p.m.

SUNDALE

In 1847 The Central and Ohio Railroad was incorporated in 1847. Authority was given the incorporators and their successors to construct a single or double track railroad from Columbus through Newark to Zanesville and Norwich to the Ohio River. Construction on the railroad started at Newark, Ohio and by Jan. 26, 1852 railroad traffic was opened between Newark and Zanesville.

By 1854 the railroad had reached Cambridge, Ohio. In building the railroad between Zanesville and Cambridge, about 200 Irishmen were hired for the construction. The Irish set up a community along the railroad line just south of Norwich. This settlement became known as Sundale.

Sundale was also known as Sun Dale and Norwich Station.

August 26, 1852 a riot broke out in Sundale, probably the result of too much liquor. At daybreak the next day, the county sheriff arrived with a posse and rounded up the ring leaders and took them to the county jail.

On Saturday evening last, a lad, son of MR. STAFFORD of this place, was killed instantly by a stroke of lightening. A number of children were together playing on the open common, a very short distance from a two story brick house of MR. HAHN. Several of them were knocked down, and one other boy something injured. The unfortunate child who was killed had his clothes almost burnt off his body, his hat torn into small fragments, and all the hair singed. 1 June 1814

MR. GEORGE fi. HAY, of Vincennes writes to his father-in-law MR. DAVID HARVEY, of this place, that his house was burnt to ashes on the night of the 21st altogether with his store and goods: He and his wife were saved by the help of an old servant-But mark the fate of their young family! he says "Our dear children fell victims to the flames." What must their feelings have been on this occasion-we may imagine from the following words in this letter; after ----- the loss of his property, he says "Had we been able to have saved but one of our children we would still be happy." Three children, all their family were burnt to death in the house. About 2500 dollars in silver were saved from among the ashes. 9 February 1814

Newspaper Obituary Abstracts

SHOCKING ACCIDENT

We are just informed that as **DANIEL STILLWELL** Esq. of Madison Tp. was crossing the Muskingum River at Robinson's Ford about 4 miles below Coshocton, yesterday, in a wagon, in company with a granddaughter, the river being much swollen by the recent rains, they got out of their depth and were borne down by the rapid current and both perished. The first information of the calamity was conveyed to his family, at the house about 10 miles below, by the appearance of the horse emerging from the water and climbing the steep bank of the river near the house. The alarm was given and search made for the bodies which as we hear, had not yet been recovered.

MR. STILLWELL was old and infirm, being in his 77th year and this may have had its influence in his melancholy death. He was one of our oldest and most respectable citizens, and has filled with great credit, the post of associate Judge of the County, and enjoyed the respect and highest esteem of all who knew him, and these are many; his loss, with that of a young, and interesting girl his grand child, whose age we have not learned, will bring poignant grief to the hearts of a large circle of kindred and friends.

P.S. 3 o'clock P.M. the Coshocton stage is just in, and we are informed that the bodies have not yet been found. 28

Registration of Adoption may be found under Ohio Revised Code 3705.18. Original birth certificates of persons whose births occurred in this state and adoptions prior to January 1, 1964, and documents pertinent to the original/birth certificates that are sealed and in possession of Vital Health shall be open to inspection and copy by the adopting parents, the adopted person, or any lineal descendant upon request. The request must be in writing and the signature notarized, along with two copies of identification. A complete description of Chapter/JX⁸⁵⁻¹⁸ can be found in OGS REPORT, 1986 page 80 or RC history 140 /H84\ eff 3-19-85.

Also in 1992, The Department of Commerce, state of Ohio has ruled that genealogists may not perform any adoption or missing person searches without a Private Investigators License.

THE NEW YORK HISTORICAL SOCIETY
IN TROUBLE

The New York Historical Society was founded in 1804 as the city's first museum. It is the second oldest historical society in the United States. Today it is in financial ruin because of daily expenses. The museum has closed its doors and many of its antiques may be auctioned. The research library, home of over two million books, rare manuscripts, photographs and public records will be closed by publication time of this article.

Finger pointing is heavy, The MAINE DIGEST suggests that while a public non-profit organization it was fed by New York's foremost families and was thought more as a gentleman's and scholar's preserve. The traditional donor base disappeared long before the society realized it had to find ways to replace it. Now with

the aid of New York there is a glimmer of hope. But even with millions to help it limp along it appears that a windfall and miracle will be needed to boost it back up. Early printed books and manuscripts may have to be sold. Other large institutions are alert to grab what they can.

This is not intended as an editorial, but maybe, as members of much smaller groups, we should take heed from the mistakes of others. Recent donors are reminded to think the society might either collapse forever or sell off their gifts. In the 1970's the Hendricks copper family gave their colonial family and business records to the NY Historical Society archives. They now are faced with the possibility that their papers could be scattered. The family had thought they were placing their documents in a safe environment for the future, It is this writer's opinion that the group will not survive without government aid and major public support. While many of our groups have their own holdings (MCGS included), insurance and protection through county owned library systems with large funding power for maintaining archives and providing librarian assistance may be the wave of the future. tk

"BURIED TREASURE"

by Malvine B. Zol-lars

I am a member of the Washington Street United Methodist Church of Waynesburg and have chosen to write about the man responsible for organizing our church. He is Cornelius Springer and ours is just one of several churches in southwestern Pennsylvania and West Virginia that were organized by him.

I especially want to learn the location of his grave. I have found more than one date for his death and thought the tombstone inscription might be a deciding factor. The following article includes most of the information I have about him. Please write to me at 47 E. Lincoln Street, Waynesburg, PA 15370 if you can help me.

CORNELIUS SPRINGER

December 29, 1790 - August 17, 1875

Cornelius Springer, founder of the Washington Street Methodist church of Waynesburg, was a descendant of an esteemed and honorable Swedish family that settled in Delaware. His birth occurred December 29, 1790, near Wilmington. He was the son of John and Rebecca Springer and was one of ten children born to this family. In 1798 they moved to western Virginia and settled in the forests below Wheeling. They resided there for eight years and then moved westward near Zanesville, Ohio, where they spent the remaining years of their lives.

Schools were few and not always conveniently located, but Cornelius yearned for knowledge and found ways to improve his life. In 1808, he joined the Methodist Episcopal Church, having been converted under the ministry of Rev. Robert Manly.

At the age of twenty-one years, he engaged in school-teaching. He believed it to be a good profession, one that would bring him in contact with books that would be beneficial in his life. His teaching career was interrupted by the War of 1812 in which he served with distinction as a lieutenant in his company, when his enlistment was completed, he resumed his teaching career.

In 1816, he left a position in the academy at Putman, located opposite Zanesville, to enter the itinerant ministry of the Methodist Episcopal church. He continued to preach in that denomination for the next thirteen years. As early as 1822-23. he wrote a series of articles on the subject of reform in the M. E. Church. They were published in the church

GENERAL RECORDS

part of our immigration history just a few years ago, and now are proposing what could, as I see it, undo all that work. Remember, the Ellis Island National Monument was only opened to the public in the fall of 1990, at a cost of over \$156 million.

That renovation, I recognize, covered only the northern half of the tiny island, and the area being considered for "development" into commercial use comprised the southern half, which was not included in the museum complex restoration.

The preservation League of New York proposed that if development of the non-museum portion of Ellis Island is necessary, that the work should be consistent with the overall Ellis Island immigration experience and interpretation. That sounds logical to me, and I hope it does to you.

One of the attractions of Ellis Island is its isolation, a genuine isle on which the future Americans were truly isolated until their immigration processing was completed. Then a short ferryboat ride carried them across the bay to New York City or New Jersey and to freedom. That trip itself today gives a faint vicarious impression of the immigrants' anticipation at finally arriving in America.

If a bridge is ever built to connect the island with New Jersey, there will be an end to the isolation of the site. There will also be the modern plague of automobiles, limited parking and all the other problems of the 20th and 21st centuries.

Yes, as I see it, the planned restoration/restructuring of Ellis Island seems to be a real nightmare threatening American history and culture.

Although the December meeting has passed, there may still be time to get the National Park Service to scrap their plans for the island or to change them for a more suitable use.

If you're concerned about the desecration of such an important site to Americans and their immigrant forebears, write or call your congressman and/or senator in Washington as well as the National Park Service.

To write to your congressman: The Honorable
House of Representatives, Washington, D. C. 20515

To write to your senator: The Honorable
Russell Senate Office Building Washington D.C. 20510

To write to the National Park Service: Chief of Urban
Projects, National Park Service 26 Wall St. NY, NY 10005

WASHINGTON TOWNSHIP BAPTIST CHURCH DESTROYED BY FIRE

The Washington Township Baptist Church
one and one-quarter miles east of Gilbert
was destroyed by fire shortly after noon
last Wednesday. The building and all its
furnishings were consumed, it was a large
one room frame structure. The loss was
estimated between \$2000 and \$3000, and
no insurance was carried.

The fire was discovered by the minister,
Rev. James H. Burt, who was painting the
window frames inside the church. It had
just been redecorated in preparation for
evangelistic services which were to start
November 8.

The fire broke out in the lighting plant
which was housed in the base of the
belfry. The plant had been purchased only
two months ago. Rev. Burt was attracted
from his work by the smell of smoke and
rushed to its source and attempted to
extinguish the small blaze with water, but
he did not have enough. No other supply
of water was available near there, and the
blaze soon spread rapidly up the belfry,
blocked the doors on each side, and made
it impossible to carry out any of the
furnishings. It was said that had there been
just a gallon more of water handy the
building could have been saved. Rev. Burt
was the only person at the church at the
time of the blaze.

The church was built in 1874 but had
been kept in good repair. Members of the
congregation have arranged to hold
services at each other's homes until plans
can be made to erect a new building.

Extracted by Nettie Watson from the
Wednesday, November 2, 1932 issue of
The Adamsville Register.

"The Soldier Dead" was extracted by Lone
Supplee from the June 3, 1890 issue of The
Adamsville Register.

APRIL
MUSKINGUM COUNTY HEALTH MONTH

On Tuesday, April 26, the Muskingum County Health Department will host an "Open House" for Genealogists at their new offices at 205 7th Street in Zanesville.

The office will be closed to researchers from April 16 thru the 20th and will reopen on April 21st.

Mrs. Foster wishes that many area residents will take advantage of the many events and special activities connected with this move of the department. These festivities will be found in the local paper and on the radio and TV.

In the past, we have had some very close quarters in which to do our research. The new offices will provide the much needed space with separate offices for the Health Department staff and an expanded area for researchers to use.

Attendance at this "Open House" will give you the opportunity to see the facilities and to observe some minor changes which may be made for our study of the records.

MARK YOUR DATE BOOKS! PLAN TO ATTEND!

If you request a copy from our Health Department for a birth or death that took place after December, 1908, the cost is \$2.00 uncertified and \$7.00 certified. Payment should be made by money order, cash or certified check. Only local personal checks are accepted.

VOLUNTEER your time. It can only help you and your research!

The Muskingum County Genealogical Library is available to the public during the hours that the OUZ-MATC campus library is open, which is usually Mondays through Thursdays from 9 a.m. to 9 p.m.; Fridays from 9 a.m. to 5 p.m., and on Saturdays from 11 a.m. to 5 p.m., unless the colleges are on quarter breaks. Anyone wishing to use the library should call the OUZ office to check the hours.

On Wednesday afternoon and evening the genealogical society will have helpers available to assist with research; otherwise, the patron will be pretty much on his/her own at other times.

Until recently the library volunteers have been trying to answer all mail addressed to the library, as well as do research in answer to requests.

little quarterlies which we receive from the county of KIN, Pennsylvania and Virginia.

I wish to thank Shirley D. on the assistance she is giving Marion Davies, our librarian, during my long recuperation. Her help with the microfilm inventory and cataloging is very much appreciated.

We also wish to thank Major John H. Wion for the gift of her fine book, "The Families of Nicholas Wion, Frederick Wion and John Wion."

CLAYTON TOWNSHIP

by Teresa L.M. Klaiber, C.G.R.S., R.G.

Thomas and Mary Clayton left the flow of the Cacapon of Hampshire County, Virginia behind and traveled to Muskingum County, Ohio early in 1805. Thomas settled in Range 15, township 16, then described as Madison Township, Muskingum County, Ohio along with eight children who had reached adulthood: John Calvin, Joseph, Mary, Martha, William, Elizabeth, Samuel and Rachel.

Even though the family apparently had funds from previous land transactions in Hampshire County, Thomas chose to purchase patents, taking advantage of the offered Credit System. The first recorded payment is dated 20 December 1805 paid to Isaac VanHorne, in the Zanesville Land Office for \$15.65 for land described as the southeast quarter of section 7, township 16, range 15. (Ref.:OHS Register of Monthly Reports, call 1996, Y17 6 D.) This particular patent was finalized in son William Clayton's name on 2 October 1812. Thomas also purchased the northeast quarter of Section 18 in his own name while John received a patent in section 29 along with brother Joseph. (Joseph also purchased, a patent in Section 13, Range 17, township 17.)

On 1 June 1812, inhabitants of MADISON TOWNSHIP requested to strike into a separate township by the name of CLAYTON. On June 11th the Muskingum County Commissioners granted the formation along with an election to be held at the house of James RUSH for township officers. (Ref.: Muskingum County Commissioners Journal 1808-1819.) The inhabitants approached the Commissioners again 8 December 1812 to request a viewer for a road beginning near the southern township boundary northeast to intersect the Great Road leading from Lancaster to Springfield near the house of Thomas Dolson.

Thomas Clayton lived to see a Township honoring his family. He died August 1813 (Ref.: Musk. Co. WB A p.224) ; and may be buried in Unity Presbyterian Church Yard in an unmark0\T gffave near son John. (Further research is needed to verify burial.)

On March 1, 1817 Clayton Township joined in the formation of Perry County, Ohio .

ZACHARIAH KENNISON

The death of Zachariah Kennison, a well known and respected citizen, occurred at his late home on Elm St., Monday morning at 9 o'clock. His death was sudden. He had been a long and patient sufferer from rheumatism but arose yesterday feeling much better, ate a hearty breakfast and sat down in a rocking chair to read. He had been sitting there but for a short time when he called to his wife to fetch him a drink of water. Mrs. Kennison soon brought the water but was terribly startled to find her husband lying limply and inertly over one side of the chair deathly pale. She hastily summoned a physician, and Doctor Templeton arriving in a few minutes, confirmed her worst fears that life was extinct.

The deceased was a basket maker by trade. He was forty five years of age and leaves a wife and five children, two sons and three daughters to mourn their loss. The children, all of whom reside at home, are Charles and Otto and Misses Ollie, Amy and Annie

The funeral will take place from the family residence Wednesday afternoon at 2 o'clock. Interment in Greenwood.

 Washington County., age 35. April 20, 1815

Married- Mr. Arius Nye, merchant of Putnam to the
 amiable Miss Roena Spencer, daughter of Doctor Joseph
 Spencer, of Vienna, Va. May 25, 1815

 Ebenezer Granger, Attorney at law, to the amiable Miss Eliza
 Seaman, all of this Village. August 3, 1815

Died, In this Town, on Saturday last of a short but
 distressing illness, John M' Intire, Esq., aged 56 years.
 Having left an amiable consort and daughter to laminate their
 sudden irreplaceable loss. The Community has been deprived
 of a valuable and enterprising member by this instance of
 mortality. The decease of Mr. M'Intire will be sadly felt by
 the inhabitants of Zanesville, which town he was considered
 the father and by his numerous friends and acquaintances. At
 5 o'clock the same day his funeral was attended by a large
 concourse of people. The shops were shut, and ordinary
 business suspended.

Mr. M'Intire was born at Alexander in Virginia; settled
 in Wheeling in the year 1779; opened the great road through
 this state in 1794; and laid out Zanesville, and settled here
 in the year 1800- although it was then a howling wilderness,
 he lived to see it the third town, in the state, in point of
 population, and second to none for the number of its
 advantages. He was a member of the convention which formed
 the constitution of Ohio; in politics he was the disciple of
 Washington and the undivided friend of his country. He was
 punctual to his engagements and honorable in his transactions
 with his fellow men. April 13, 1814

From the 78th Regiment, Cincinnati, Ohio Feb. 12, 1862
on board the "Tecumseh"
Ed. Courier:

The 78th Regiment reached this city today at 10 o'clock A.M. all well and in good spirits. Immediately after forming in line at the depot, we marched to the wharf, and again 3 o'clock, p.m. the right wing of the Regiment had boarded the steamer "Neptune," and the left wing the "Tecumseh." The "Neptune" with her precious load, has just steamed out of sight, we will follow after in an hour. The Cincinnati Press of this evening states that our destination is Fort Henry, Tenn, instead of Paducah, Ky. If the report be correct, we will doubtless be in "Secesshdom" against Saturday. The Cincinnatians have already given us the credit of being the most orderly and well behaved regiment of soldiers that has yet visited the Queen city. Good for us.

Yours

J. W. A.

P.S.-Lieut. G. F. Wiles, has been detailed to remain here for the purpose of inspecting horses and wagons for the regiment, and to send them on to us, wherever we may be.

A Helpful Tip. Before starting out on your Genealogical research trip this summer, please write to the various libraries that you plan to visit and check their hours. Some Genealogical Societies, Historical Societies and Libraries have limited hours. You do not want to go there and be disappointed by the library being closed. Also some libraries only have helpers there on certain days. Many libraries will also send you at least a partial list of research materials in their library upon request. Also you might want to ask about the cost of copies before you arrive so that you can have change with you if needed.

The History of St. John's Lutheran Church
Continued from April 1992

During the 1869, Rev. G. W. Mechling from Lancaster heard of the church in Zanesville.

In 1870 an unknown pastor took over the Zanesville congregation and was given \$500 for his support. The membership increased to 39 in 1871.

At a convention helped by the District Synod of Ohio in 1872, the St. John's Evangelical Lutheran Church of Brush Creek Township was united with the Zanesville congregation into one pastoral charge. By 1875 membership stood at 130. During this time a project for a new church building was suggested. A wealthy member contributed \$5000.

1876 saw the church and congregation reorganized, adopted a new constitution and amended the charter. The women of the church also helped by raising money to buy a parsonage,

The last service on the old building was held on Easter in April 1878. The following day the old building was demolished and a new building began. December 1, 1878 the new building was dedicated and enjoyed by all members,

In July 1882, a parsonage was purchased at 85 South Seventh Street for \$3000. Member, John Bowman gave \$2000.

In 1904 St. John's separated from The Brush Creek Church as each wanted their own pastor.

The present building on Market Street was dedicated in 1914. By 1915, \$40,000 had been raised, however, it was not until March 30, 1919, the church purchased the present lot. The Church was finally finished and dedicated on September 12, 1927. It is an example of Gothic architecture. The oak furnishings were made by the American Seating Co. of Grand Rapids, Michigan and the wood carvings by a skilled craftsman from Oberammergau, Germany.

A Message from the Ohio Genealogical Society President

My wife and I are looking forward to visiting with members of the Muskingum County Genealogical Society/OGS on Saturday evening September 15, 2001 as you celebrate your 25th anniversary. OGS currently has over one hundred chapters. Muskingum County was the 27th chapter chartered by OGS and has a record to be proud of. I count about seventy plus chapter publications, more than most chapters have been able to achieve. Please accept the congratulations of OGS on twenty-five years of successful genealogical activity. Please keep up the good work. We at OGS wish you another twenty-five years just as good as the first twenty-five years.

**Ted M. Minier, President
The Ohio Genealogical Society**

Hope everyone is able to attend this very special celebration on September 15th.
