Submitted by Terri Kläioer

Executive Mansion, June 19, 1886

To the Senate:

I return without approval Senate bill No. 206, entitled "An Act to provide for the erection of a public building in the city of Zanesville, Ohio."

No Federal court are held at Zanesville, and there are no Government officers located there who should be provided for at the public expense except the postmaster.

So far as I am informed the patrons of the post-office are fairly well accommodated in a building which is rented by the Government at the rate of \$800 per annum; and though the postmaster naturally certifies that he and his fourteen employees require much more spacious surroundings, I have no doubt he and they can be induced to continue to serve the Government in its present quarters.

The public building now in process of construction, numbering 80, involving constant supervision, are all the building projects which the Government ought to have on hand at one time, unless a vary palpable necessity exists for an increase in the number. The multiplication of these structures involves not only the appropriations made for their completion, but the great expanse in their care and preservation thereafter.

While a fine government building is a desirable ornament to any town or city, and while the securing of an appropriation therefor is often considered as an illustration of seal and activity in the interest of a constituency, I am of the opinion that the expenditures of public money for such a purpose should depend upon the necessity of such a building for public uses.

In the case under consideration I have no doubt the Government can be well accommodated for some time to come in all its business relations with the people of Zanesville by renting quarters, at less expense than the annual cost of maintaining the proposed new building after its completion.

Grover Cleveland

DEATE CERTIFICATES INDEX 1900

EDITOR'S NOTE ... Sometime past I located books of death certificates for Muskingum County for the period of 1900 -1908\* These records were in certificate form and not indexed. We have numbered, thejoages and members of the society are copying them and we are. placing typed indexes in the front of each book. Some of these are duplicates of those found in the probate records for this period of time and some are additions.

The Ross County Genealogical Society, a chapter of OGS, is announcing the publication Greenlawn cemetery Tombstone Inscriptions Chillicothe, Ohio. This cemetery was opened by Scioto Township in 1865 but many earlier burials were moved there from other sites. The earliest date found is 1814. Greenlawn is one of the largest cemeteries in Ross County. The book contains 500 pages plus a surname index. It has a cardstock cover. The price is \$ 20.00 plus 6% Ohio sales tax and \$ 2.25 mailing. Order from Ross County Genealogical Society, P. O. Box 352 Chillicothe, Ohio 45601.

The Society has other tombstone records for sale including Tombstone Inscriptions for Union and Deerfield Townships which was recently published. \$ 10.00, 6% tax and \$ 1.50 mailing.

NOTE: #205 is listed as was recorded in our books; however, I feel that it must be an error since both given names are male it is highly unlikely that Lewis Frank is a female as was listed.

DEATE CERTIFICATES INDEX 1900

EDITOR'S NOTE ... Sometime past I located books of death certificates for Muskingum County for the period of 1900 -1908\* These records were in certificate form and not indexed. We have numbered the pages and members of the society are copying them and we are placing typed indexes in the front of each book. Some of these are duplicates of those found in. the probate records for this period of time and-some are additions.

Are you aware of the service which the Muskingum County Bookmobile can offer? As a constant "user" I can verify the sincere desire to serve and help you-whether it's to find a book, author, article, etc. - or just a good book to curl up with. Every two weeks they maintain a schedule of stops in different areas of Booneville and outlying districts carrying with them shelves of books covering all topics,

But the bonus is a two way radio used for special requests which enables them to tell you "on the spot" if they have what you request and/or they can get it for you. The requested material or information is then either sent to you - postage paid - or brought to you on their next scheduled time. Material which can be xeroxed (for example, material in reference books only) but which can not be circulated, will be copied at your request. As to date no charge has been made for this helpful service.

Books can be obtained from them thru interlibrary loan service and they will even locate the library source for you if you desire to do your own research, this saving you perhaps a wasted trip or many hours of useless searching. There are many other advantages and reasons for using your Bookmobile and I hope you will acquaint yourself with them. Your tax dollars help support them - so be GOOD to yourself! Pick up a hedge of their stops at our meeting. Call Hilda Yingfer at 453-8231 if you would like more information of if you desire to correspond the address is: Bookmobile, Regional Library, Rt. #1, Caldwell, Ohio 43724.

Ada E. Lewis, corresponding secretary of the Clark Co., OGS, writes: we maintain a surname index file for Clark and adjoining counties, in which anyone, anywhere is welcome to put cards, no charge. Use the following format: 3x5 size. eg: LAYTON (surname) . . . (double space after this.) (query...4-5 lines, including migration and date span) lower right hand side... Your name and address.
