Contributed by Joe Blum - Letters to New Washington Herald and shared for Tracking.

New Washington and the Spanish American War - Albert E. Nejedly was born in New Washington and attended New Washington schools. His family moved to Cleveland when he was a child. Albert was reunited with many of his schoolmates during the war. In the following letter Nejedly writes to *New Washington Herald* readers about his experiences being stationed in Florida as the Spanish American War ends: A letter from a former New Washington Boy. Fernandina, Florida August 12

Fun for the Fifth on the beach at Fernandina. Captain Lane went a fishing and tried to catch a whale with a piece of salt pork. How he is buying the cigars. Following company L's capture of a 250-pound sea turtle there was turtle soup, steak and stew galore for three days. Capt. Lane, of company I concluded he would regale his command with a like repast. He made inquiries as to how we caught the turtle and we immediately saw that here was a chance to have a good joke on the captains, so we gave him the following instructions: Get a clothes-line with a big hook and a generous piece of salt pork, and throw the line out into the ocean's surf. The captain followed instructions and sent a squad to the beach one moon-light night. They fished and fished 'till 4 o'clock in the morning and never got a bite. "It was a rabbit," and the captain has been setting up the cigars for several days. The worst of it was the line they had belonged to mess 2 to which I belong. We had been using it to hang our clothes on, and ever since Captain Lane's big catch we can't use it, for it is greasy from end to end, and now the captain goes turtle hunting without coming to us for instructions.

Any of our friends who find time or have an excuse to visit Fernandina will be amply repaid by seeing a big and picturesque camp on Canteen hill, so called from the fifth's canteen being erected there in which we spend our few nickels and dimes for refreshments, such as lemonade, pop and beer, and at the end of each month every company gets a dividend out of the receipts, which they can spend as they see fit. We spend the most of ours for milk for the sick ones in our company. There are quite a few of the fifth's boys sick and the doctor said that in two or three weeks he will be with the rest of the comrades.

This is an elegant place compared with the one we were at. We are located on a hill overlooking the ocean on the island of Amelia. To the east is the

old Ft. Clinch, built during the Seminole war, the St. Mary's River and Fernandina, which has 800 or 900 inhabitants. The people are much more industrious than in Tampa and seem to be very sociable. No one ever comes here to live and those that are here came since the war, so this is the only boom this town has ever had; to the south you see the rolling surface, covered with tropical verdure, but nearer by you get to the fifth's white tents, gleaming on the hill-side; the first Ohio joins it and lies in the valley; the 8d Pennsylvania joins the 1st near the government light-house; then comes the 2d New York, which camps on a hill-side, covered with tangled brush; back of the N.Y. is the hospital corps; on their right the "Florida Crackers," 1st Florida; the 82d Michigan joins here; across the road is the 6th U.S. cavalry; back of the 82d are Gen. Kline's headquarters; over towards Fernandina are Gen. Carpenter's division headquarters; to the left is the division hospital and then comes the famous 69th New York; the Irish regiment, which delights in rough-house and made things lively around Fr. Brooke when we camped in Tampa. Adjoining these various camps are corrals for mules and army wagons, with forges and blacksmiths, saddlers, veterinary surgeons and other professions that can be utilized by an army in the field.

Only ten men from a company are allowed to leave camp during the day and must have a pass. If caught without a pass we are arrested by a provost guard and held until the next morning. Every one of the boys are disappointed and think we should have been sent to Porto Rico, but are now under the impression that we will keep moving north until we land in Cleveland, march up Euclid Avenue to the armory, which we left the 25th day of April, and wait for the command "fall out," then for merry good times for the boys.

There is great rivalry among the companies to have their men chosen to serve as the Colonel's orderlies and the Adjutant's messengers at guard mount the Adjutant selects the neatest and brightest appearing men for the posts (two each day). Their duties are to carry orders and instructions and they get twenty-four hours freedom from duty and a pass out of the lines the day following their term of duty. The Adjutant's record shows that since May 24, company L leads with 34 orderlies and messengers, Co., F a close second with 18. The full record is as follows: Cos., A, 10; B, 5; C, 15; D, 9; E, 5; F, 18; G, 7; H, 11; I, 3; K, 14; L, 34 and M, 13.

(continued Siefert from March Issue #3) ones in the good old U.S. Speaking a language that we don't understand does not help to make them any better in our estimation. - - Some of our men were up to Paris to school and they say it is a gay town but I have not been there so I can't say much about it. Earl was up to the front with some men and came back by the way of Paris and he said that if Paris had more automobiles there wouldn't be much difference between that town and NY.

We have been having some cold weather here the last few days. These people say that October is a nice warm month and I hope it is for I have no love for cold weather. September was a trifle rainy and for a time I thought we were going to have some of that Flanders mud that I had read so much about. But it quit raining and the mud all left so we don't have that to bother us now.

We have been having good eats since coming over here and it is surprising what the government gives us to eat. I just came by the kitchen and I saw 4 quarters of fresh beef hanging there for our company. So we aren't going to starve for a day or two. I have often thought about the saving on food that you do who live in the states.

Well, I suppose you are wondering what kind of amusement we have here. Last Friday night we had the Jambons here. They are a troop of professional actors who are in the army and were picked out to go around to the different camps and put on shows for us. It was very good and after the show they had a five reel motion picture show. They were the kind we saw in the states and for a while they made us home-sick, but that didn't last long. Mon-day evening there were four girls at the Y.M.C.A. and they played the piano, cello, and violin. One of them sang. They were very fine entertainers and every one that heard them has a word of praise for them. Wednesday night we have a cartoonist and some of the men who know him say he is also very good.

I think that if I don't quit writing soon the censor will think I am writing a book and call me for it so I guess I had better quit. Trusting this finds all of you well and that I may hear from you soon I remain. Yours sincerely, Sgt. C. F. Siefert Co. K. 329th Inf. Am. P.O. 762 Am. E. F.

Letter received by Joseph Hertzner from his son in France
October 11, 1918: Cpl. Cletus Hertzner Co. H. 12B-Inf.
A.P.O. 734

Dear Folks: These lines leave me all O.K. and I hope it will find you the same. I have been getting quite a lot of letters and birthday cards from you all at home and thank you for them. It will keep me busy to answer them all but if all of you have a little patience I'll answer in a short time. We are giving the Huns a run for their money again and will soon have them in their own land, when I think they will quit. The war is going in favor of the Allies altogether now. Bulgaria has accepted peace terms which cuts Turkey off from Kaiser Bill and peace talk is pretty strong now so I think peace cannot be very *far off* anymore. The weather is getting cooler here and we've had several frosts.

From the list of boys going to camp that you have been sending I can see that quite a few of the boys that were at home when I left are at some camp or even here now. Sometimes I get to see fellows from Camp Sherman but I never meet any one that I know. Some of our men that come back from the hospitals say they go through different camps and see quite a few fellows that they know. There surely must be a lot of our men here now the way they are bringing them over.

Well, I suppose by this time you are busy husking corn. I notice some of the fellows here have great letters in the papers of their experience over here but I don't think they have seen much of it yet. Here at the front we cannot say very much so I will tell you my experiences when I get back. I hope that will not be very long any more.

You wrote that you heard that I was wounded. I don't know how that got started. We were at the front 3-1/2 months and were in two of the big drives but I never got a scratch. The way things are going now Kaiser Bill cannot hold out very long any more, as we have them nearly back in their own country now. I think they will give up before they have land torn up like France is.

In one of your letters you asked if I had any souvenirs of the Germans. Well on the battlefield one can get wagon loads of stuff, but we are not stuck on carrying it around. I bought a belt off one of the fellows that took it off a dead one. On the buckle is stamped "Gott Mitt Uns." I'm going to try and stick to it. At one time I could have had plenty of chances to get one myself, but did not care for it just then. - I will close for this time and hope this finds you all well as it leaves me and hope to be back with you soon again, with love to all.

The congregation met at the Court House for the purpose of taking into consideration the present situation of the Presbyterian Church in the U.S. and contemplated meeting of the Marion Presbyterian at Marysville Sept. 4. John A. Gormly, Elder G. Welch, and Rev. William Matthews adopted a resolution that they disapprove the act of the commission to the General Assembly in regards to the Presbyterian Church of Marion. The resolution was adopted and passed by the following vote: C. Aye, John Gibson, Josiah Scott, George Welch, Alex McCullough, John Dobbins, William McCurdy, John Harper, David Marquis, John Anderson, John Forbes, James Todd, James McCracken, and John A. Gormly. Also named were Isaac & Silas Sweney, William Scott, Samuel Andrews Sr., A. Harvey, John Smith, and Lewellen Davis. Mary Fox was abstracting microfilm records for Tracking and was rather surprised to find a list of names from all around Leesville in the English Lutheran Church as follows: In 1843 in the early years the Lutheran Church was considered as a Community Church and named Evangelical Society of Leesville Crawford County Ohio and opened its doors to Methodist Episcopal, United Brethren, Protestant Methodist, can use the building when not in use by Lutherans. The building was to be 40' x 50' when completed. During the hundred years celebration June 17, 1943 they said the following: Eight of the oldest members reported their ancestors held meetings in the homes and occasionally on a grassy hillside nearby. In the interim of six years the materials were accumulated with determination and days and weeks of manual labor, one hand hewn block of stone after the other were placed on the wall until eventually the foundation was completed with cornerstone Oct. 23, 1846. Lumber was donated, not only by those of the Lutheran faith, but OTHERS of the community, and members of other congregations. One such person was John Ludwig, father of our present member J. C. Fetter. The total collected was \$83.00; materials \$156.75; labor \$192.97; Total \$432.72. The building committee was William Wert and Peter and Henry Heis. Pastor F. L. Ruth served the congregation with a few people; his pastorate began in August 1843. Fourteen months later, Rev. J. Crouse, founder of Lutheran Church Tiro was called to assist Pastor Ruth. (Then five years seem to pass without record of events.)

October 1848 male members only met to incorporate and elect additional officers consisting of Sec. A. Kuhn and Trustees: Joseph Huber, Henry Heis and Peter Wert. Rev. Ruth kept watch for more than 20 years and membership increased to thirty persons. In 1881 Leesville became part of North Robinson Charge and in 1889 joined Crestline pastorate. Between 1886-1896: Mrs. Charlotte Weaver Charter Member, it was reported the story of sacrifices made by her to raise the amount pledged by her family toward building the church. She even frequently walked a distance of a couple miles to pick wild fruit which she sold for the purpose. For many years, and believed only a short time before her death, she jealously guarded the preparation for Communion Service, providing also, the Communion elements. The church reveres her memory of the good woman and several of her grandchildren, members of First Lutheran Church. Mrs. Weaver, one or twelve, only, of the former members who could be located when Rev. Hershisser called, those all women. Every male member had forsaken his post, leaving the church without officers of organization of any kind. Since no woman could hold office in a church it seemed impossible to continue. The records say the last man to leave the church was Sunday School Superintendent, no name given, a few women remained. With a series of Evangelistical Services resulted in three new members. Mr. C. E. Schaad was elected Supt. and membership increased by summer of 1894. Average attendance was 100, compared to average in 1889 of 39. Mr. Schaad continued to reside in Leesville for a number of years then took up residence in another community and affiliated with another church.

In 1894 two weeks services an effort to increase membership and also the United Brethren, our sister church in the village followed, then, with a series of meetings this continuing their efforts with those of Lutheran Congregation to bring about a general religious awakening with eight members added. An adult Catechetical Class organized with thirty members, former and new members. Upon completing, ten persons united with the church. Jacob Daum was appointed song leader and still an active member. Oldest Member group: Mrs. Mary Rettig; Mr. Charles Gearhart; Mr. and Mrs. George Volkmer; Mr. and Mrs. Jacob Daum and Mr. and Mrs. J. C. Fetter; Edna Volk Historian.

Article copied by Mrs. David L. Thomas at the N.Y. Gen. & Bio. Society in New York City September 1981 from article in the *N.Y. Geneal. & Biog. Soc.* Undated ca 1900 (Typed as was in Journal by Winnie Kleinknecht, gggranddaughter of John Owen Blowers)

John Owen Blowers married Sylvia Chadsey, daughter of James and his wife Esther Odell May 21, 1810 in Prince Edward Co. Canada West (now Ontario). He was born in Vermont December 5, 1782, died in Crawford Co. on his Homestead farm near Bucyrus, Ohio September 29, 1844. The first of the name of Blowers which is known in America was Alexander Blowers: he was a British Seaman of Saxton descent: after which he settled in Vermont when the colonies were first established as a pioneer of the State. And was true to his adopted country. He was born 1688 and died 1796 being 108 years of age. He had one son Hart Blowers who died in the Revolutionary War under Commander Perry. He had a family of eight children but shall mention only two: Ephraim who married in Vermont and raised a family and William Blowers who was born in Vermont about 1751 and died in Washington Co. New York 1826. He married a widow Owen whose maiden name was Harding. They had seven children, namely Abigail Blowers, John Owen Blowers, George, Oliver, Mary, William, and Rhoda.

John Owen Blowers, the subject of this memoir, was converted under the preaching of Lorenzo Dow and with his ardent temperament entered into the Christian life with a good voice for vocal music and genial in conversation he was ever welcome in Christian Society. As would be expected in choosing his life companion, he selected one as firm in the Methodist faith as himself and if true that every soul saved here is a star in our heavenly crown, what a brilliant coronet now encircles the brow of these two hard working soldiers of the cross.

They first built a home twenty miles West of Kingston on the Bay of Quinty in Canada West where he owned a farm of 200 acres of land. During the War of 1812 between the British and the United States, the authorities endeavoured to press him in service against his native country. He was drafted but refused to bear arms. After suffering persecution on account of his loyalty to the Stars and Strips, forsook the accumulation of many years hard work and with his family sought refuge in his native land. On their exit from Canada they remained a short time at Rome, New York with Mrs. Sylvia Chadsey Blowers half-sister Mary Ann Smith who had married Eli Eddy who were educators in a Seminary in that town. Here they secured supplies for their journey westward and for their future home and with all an outfit of Methodist books and other standard works which would be appreciated in their new settlement on the frontier.

They arrived in Wayne County Ohio 1816 near Wooster. There were no schools and but one small church belonging to the Seceeders, so Blowers cabin at once became a "meeting house" for his Methodist brethren.

The Delaware purchase now being opened to settlers; he again penetrated the wilderness and arrived at Crawford County to make a selection for a permanent home which was soon determined. On the following day he walked forty miles to Delaware and entered his land in the Clerk's Office, being the second entry on record.

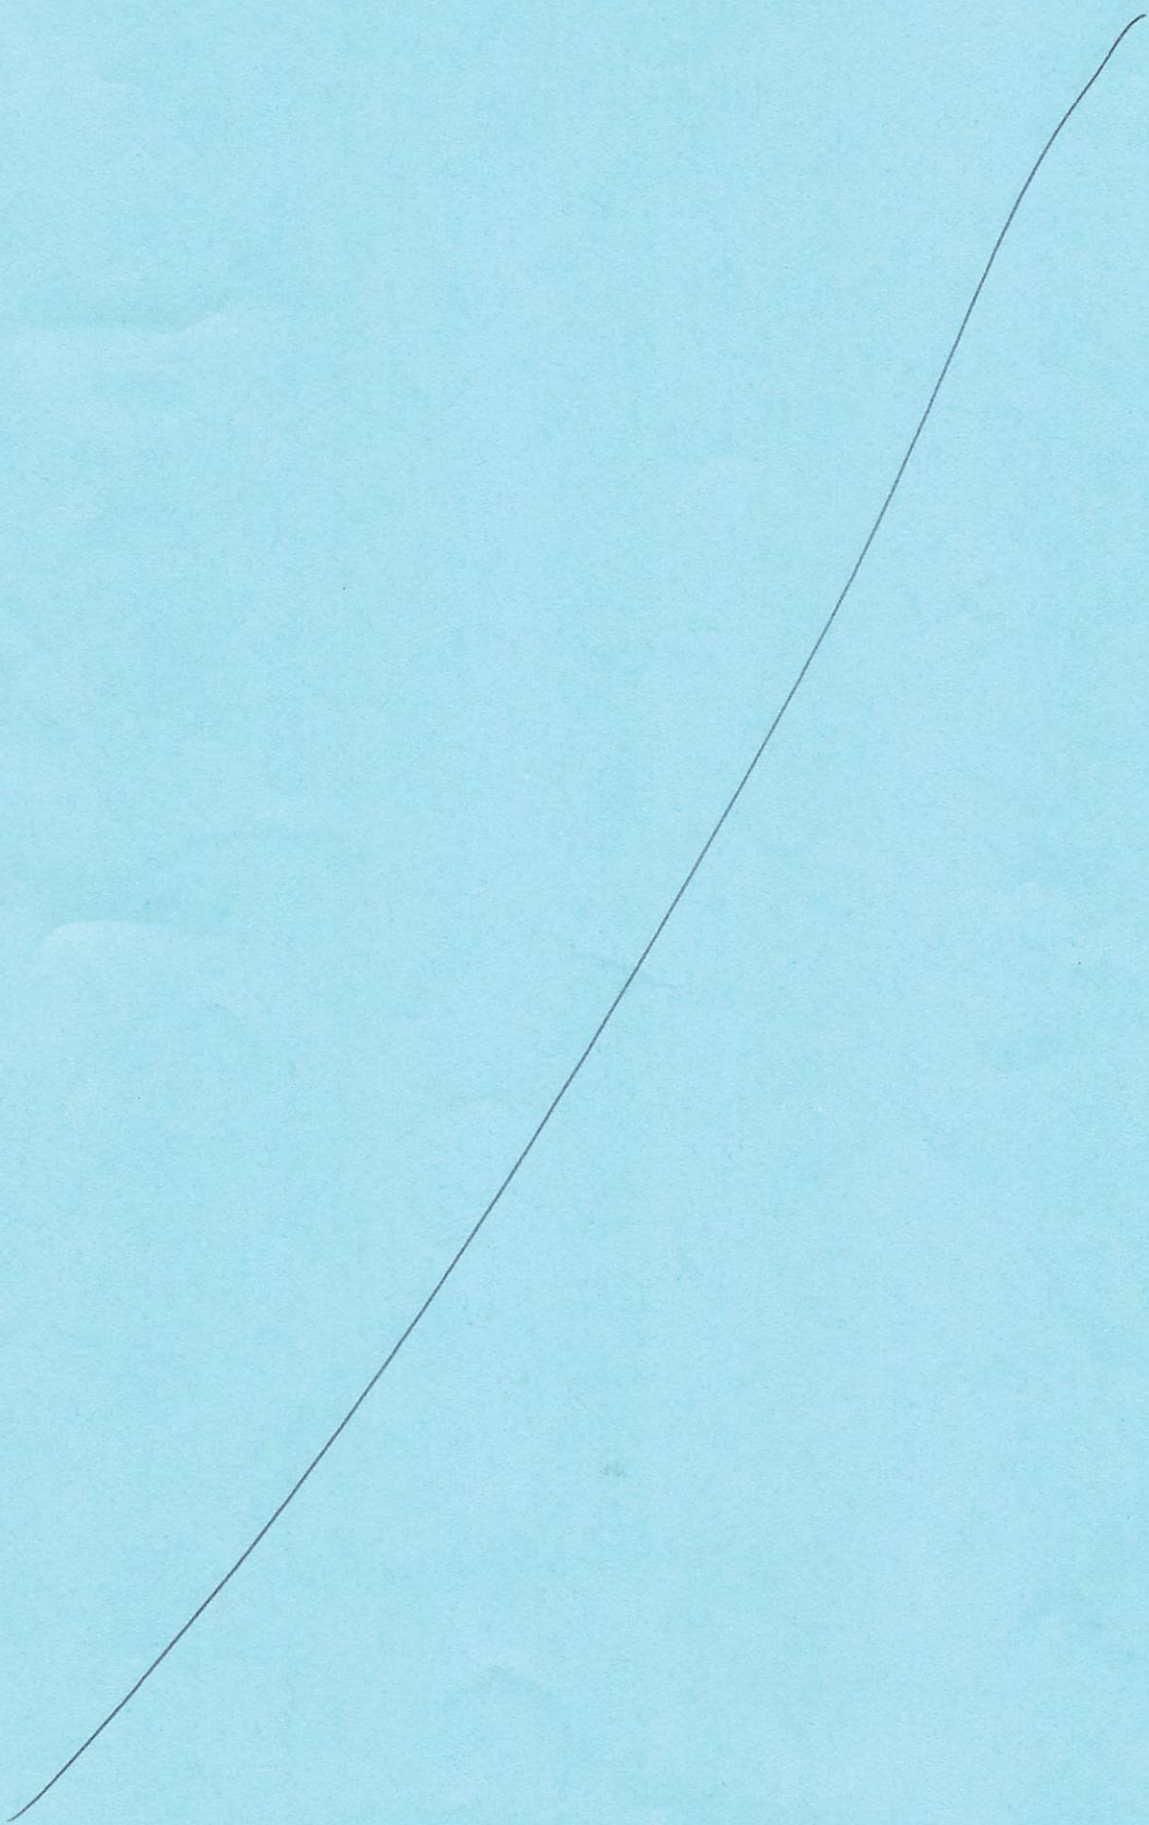

1820 - That tract of land has never passed from his descendants and today the tree is standing in a flourishing condition under which he slept the night after he had looked over the land and said "This shall be my home." He returned to his family and a year preparation ensued, gathering of various kinds of seeds, contracting for apple trees, making of cloth and in the fall of 1821 the Husbandman returned to Crawford Co. and erected a log cabin. After all was ready he went for his wife and four children traveling in primitive style through forest and mid dangers on every side, but safely reaching their place of destination, their new home.

THIS IS THE FIRST PART OF TWO PAGES OF JOHN OWEN BLOWERS STORY.

Administration Docket No. 1 is in Probate Court. In the beginning of county records, they were found in Common Pleas Court. Many times the Sale Bill will list people who purchased items at the Estate Sale and sometimes women's names are listed. They may hold clues to those early pioneer families that may have come just after a census was taken and may contain birth dates for minor children. Abstracted by Mary Fox; retyped by Winnie Kleinknecht

Early Days of River Transportation

In doing some research on early river transportation I came across a book called "The Allegheny", by Frederick Way, Jr., illustrated by Henry C. Pitz. This book is part of the "Rivers of America" books and contains a large list of barges, packets, tugs and steamers that worked the Allegheny River, mostly around the Pittsburgh area. In reviewing the lists I noticed many of these water vehicles came into the Franklin and Oil City area. The following is a list of the ones listed coming to the Venango County area. For full descriptions and details, refer to the actual work by Frederick Way, Jr., published by Farrar & Rinehart, Inc., New York & Toronto, 1942.

Advance ~ 1862 ~ John & Benjamin Kunkel of Franklin were part owners.

Advance No. 2 ~ 1863 ~ stockholders were from Venango County.

Allegheny ~ stern-wheel packet ~ 1830, journeyed to Oil Creek.

Allegheny Belle ~ 1842 ~ did trade between Pittsburgh and Franklin.

Allegheny Belle No. 2 ~ packet, 1850 ~ did trade between Pittsburgh and Franklin.

Allegheny Belle No. 3 ~ packet, 1850 ~ did 2 trips per week to Franklin and often to Warren, PA.

Allegheny Belle No. 4 ~ packet, 1859 ~ owned by Capt. John Hanna who died in Oil City, PA on March 20, 1863. Carried US mail between Pittsburgh and Franklin.

Annie Lavelle ~ towboat ~ 1865 ~ owned by the Swaney brothers of Venango Co., caught on the ice near Oil City in the late 1860's. John J. Ormstron who owned a farm near Oil City had many relics from this boat, including furniture from the cabin, etc.

Beaver No. 2 ~ packet ~ 1837 ~ ran 14 round trips to Franklin, PA in 1838.

Belle. A ~ packet ~ 1865 ~ left Pittsburgh on May 24, 1866 for Oil City, made the round trip in 40 hours, the fastest on record.

Echo ~ packet ~ 1858 ~ got to Franklin on her first trip on April 4, 1858. Was a regular packet when the oil boom struck (1859).

Echo No. 3 ~ packet ~ 1864 ~ regular trading between Pittsburgh and Oil City.

Ella Layman ~ towboat ~ 1872 ~ was the first to tow oil from Oil City and worked principally for the Standard Oil Co.

Florence Belle ~ packet ~ 1892 ~ made occasional trips to Oil city and was the last steam packet to visit that town in May 1897.

Grey Fox ~ towboat ~ 1857 ~ George Vandergrift, engineer of this boat, drowned in late March 1862, when he fell overboard a short distance below Oil City, PA.
