UNION HILL MINE (Lawrence County, Galena Gulch, 7 miles southeast of Deadwood, silver) was a consolidation of several groups of silver mines. The Union Hill Mine was named by a New Jersey corporation for the hill on which the parent Union Hill Mine was located. The consolidation took place in March, 1897. The original mine was started in 1886 and Sol Starr and Seth Bullock were the principal promoters. They often took one-hundred-pound bars of silver to Deadwood to display. The ore in this mine was very rich; Dave Thompson of Spearfish had a pure silver bar that he sawed out of a rock on the 165-foot level.

Lawrence County Deaths May 1879 – May 1880

From Dakota Territory Volume II No. 2, 3 & 4, 1971

During this year of gold fever there were a total of 187 deaths reported in Lawrence County. Twenty-eight were of a violent nature: one homicide, one killed in a fight, two died of gunshot wounds, three were killed in mines, five in cave-ins, six in premature explosions, one suicide, and finally, three were killed by Indians. In this listing no mention of the lynching of "Curley" Lee Grimes is made though this event took place in the county in the spring of 1880. I was struck by the number of children included.
